june 4, 1986

dear rose,

wow! this year has gone by really fast. i really didn't know you in elementary so i'm glad that you came back from virginia cuz know i think i know you a lot better. it's been really fun knowing. hey! is today april fool's day? do you remember that? it was so funny, and sally thought we were laughing at her. what about all the weird things we did in the halls. doing ul' dances and crazy things like that. what about that one time when we took potato chips from the satellite room cuz they were just laying on the floor!! that was funny. 'member the time last summer when we went to see gerald on our ten-speeds and you fell right on paradise valley road!! that was funny!! then i fell too! that man at 7-eleven was so nice.

next year, we've gotta make more memories like these. being friends with you has been so nice!! take care!! Keep in touch w/ me over the summer (our new # 589-0491). maybe you, sally, and i can get together.

eeb dominates!!

Luv ya lots,

eden estepa

Rosalie,
Well another year is over,
one more to go, (then). This
was a pretty good year. It
was nice to meet you this year
in first period. Hope to have you
in a class next year.

Rosalie,
It's been nice
knowing you. Too
bad that you had to
leave biology 4th period because
it was fun talking to you in
there. Anyways, have a rad summer
and I hope to see you as a cheerleader

Rosalie,
I'm glad I got to know you
at the beginning of the semester.
I thought you were just another
stuck up cheerleader (like my sister) but
now I know that you're really nice.
I hope I get to know you even
more next year.

Rosalie,

It's been great knowing you this year. It was neat having you in computer studies at the beginning of the year, and maybe we will have other classes together next year. I thought you made a great ~~chead~~leader, and hope you go out for it again. It's been fun riding to and back from school with you or walking home. Have a fun vacation, and I will probably see you over vacation. I say nice and sweet.

Love,

😊 5 mile?

Hi Rosalie! *
I'm me, Shelley! You know, I am really super glad that you are such a nice & sweet person!
We got to be friends this year. You are better friends because having you as a friend really means a lot to me! We had some fun times in computers & Dance Class (Mrs Belknap-yuck!)
Maybe next year we'll have more class T-refs together.
Don't EVER forget that you are T-refs together.
Maybe this summer we can get together, x?
Love ya,

Well, Dang, me and you again. Dang, we've
known each other for a long time now. And
we've always stayed in touch too bad
we don't go to the same school though.
Even though, you and I will always
stay in touch, right? You've been a
terrific friend. In V.A. I guess that's
when we were the closest friends because
we lived so close to each other. Now
it's kind of hard to always
see each other, only at March. Oh well,
that isn't our fault is it Dang,
these letters are getting in my way.
I'm so glad you're the first
person I write to. I just didn't be writing in
the past. I hope Sally and you
are doing things out. It's not
your fault. It's your guys fault. It's
E. & fault. Right? You know, I like

GO FOR IT! Three very short simple words, but when put together, it could mean a whole lot more. This little expression sums up the type of attitude in our school that makes it so special. This "go-for-it" attitude can be felt all across our campus in academics, sports, and other school activities.

What do we mean when we say, "Go for it"? If we are put under a certain situation where in order to reach our goals there is a certain amount of risk involved, sometimes we just have to say to ourselves, "Go for it!" The way to obtain our goals is to take the risk! Win or lose, wrong or right, we can learn from our mistakes as well as from our victories. So don't "fore go it," just "Go for it!"

Dear Rosalene,
 You are a sweet & beautiful girl.
 It is very fun in the
 library. Thanks for
 bringing at my dumb
 jokes. I hope you have
 classes w/ me so we
 can talk & laugh &
 get in trouble!
 Love,
 Ruby

It's Fantastic!

In high school, we are faced with many challenges. There is the important challenge of learning. Going for a good education isn't always easy. Remember those nights writing that English essay that was due the next day? Cramming for those biology tests with those by-feel-only boxes? And trying desperately to stay awake in chemistry? With the valuable knowledge we gain, we can obtain our futures.

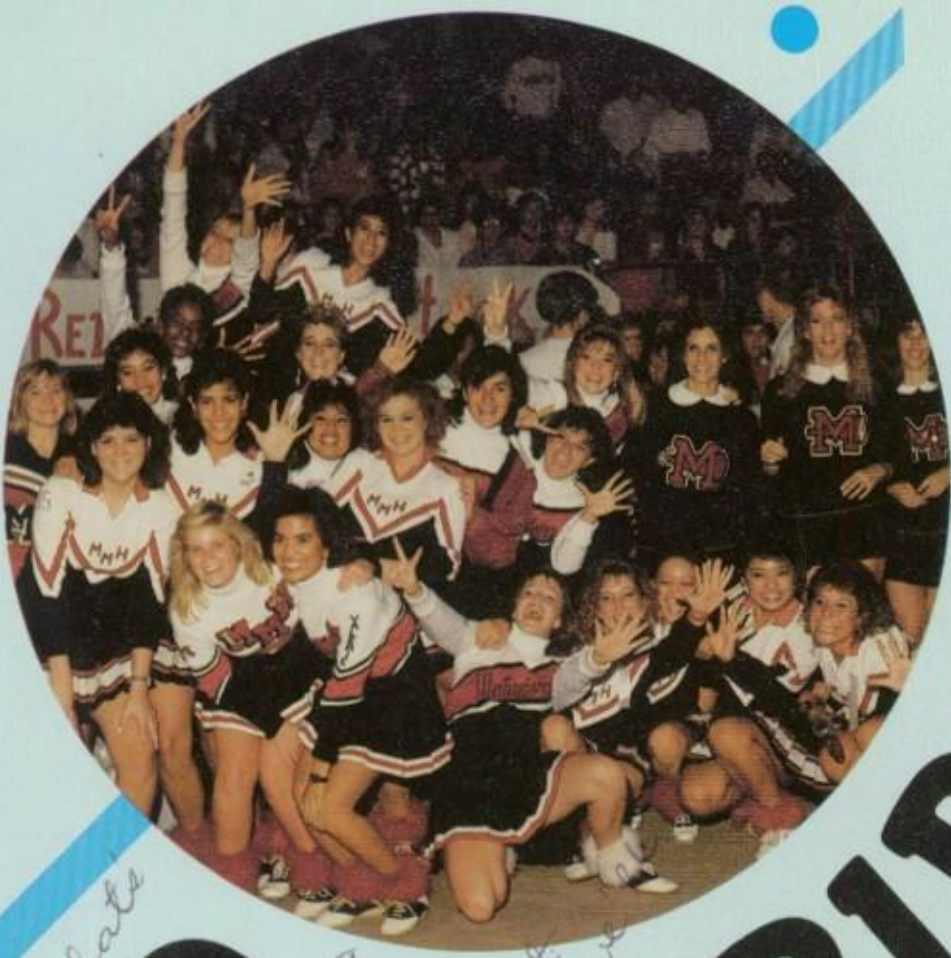

Our talents and abilities take us through life as we find our own gifts. In sports we push ourselves to the limit, knowing when to go for that goal. Or maybe in marching band, using our talent to keep in step and play at the same time. In clubs, we use our resources of creativity and responsibility to reach a common goal.

Common goals, that's what it's all about. It takes team work to reach these goals. We can meet any sort of challenge, because together as the MATADORS no other school does it better when we GO FOR IT!

Rosalie,

I have really enjoyed being friends with you this year. You were there when I needed comforting and I really do appreciate it. I want us to stay "brenny" forever. Next is going to be my year because it's my "Sweet sixteen" year!!

Mr. Miguel has been known for it's spirit because of our ability to display the pride we take in our school. At football games, there was always a great turnout, transforming our stands into a sea of red and black. The Bull Pen was always there, ready to answer the cheer-

leaders, cheering our team to victory at home and away games. We displayed our spirit in other ways also. Our attire consisted of your basic red and black on Fridays, as it was designated school colors day. Many of us involved ourselves with various school activities to get into the spirit. Wherever or whenever, we let everyone know that we were the Matadors and proud of it.

MT. MIGUEL

MANIA

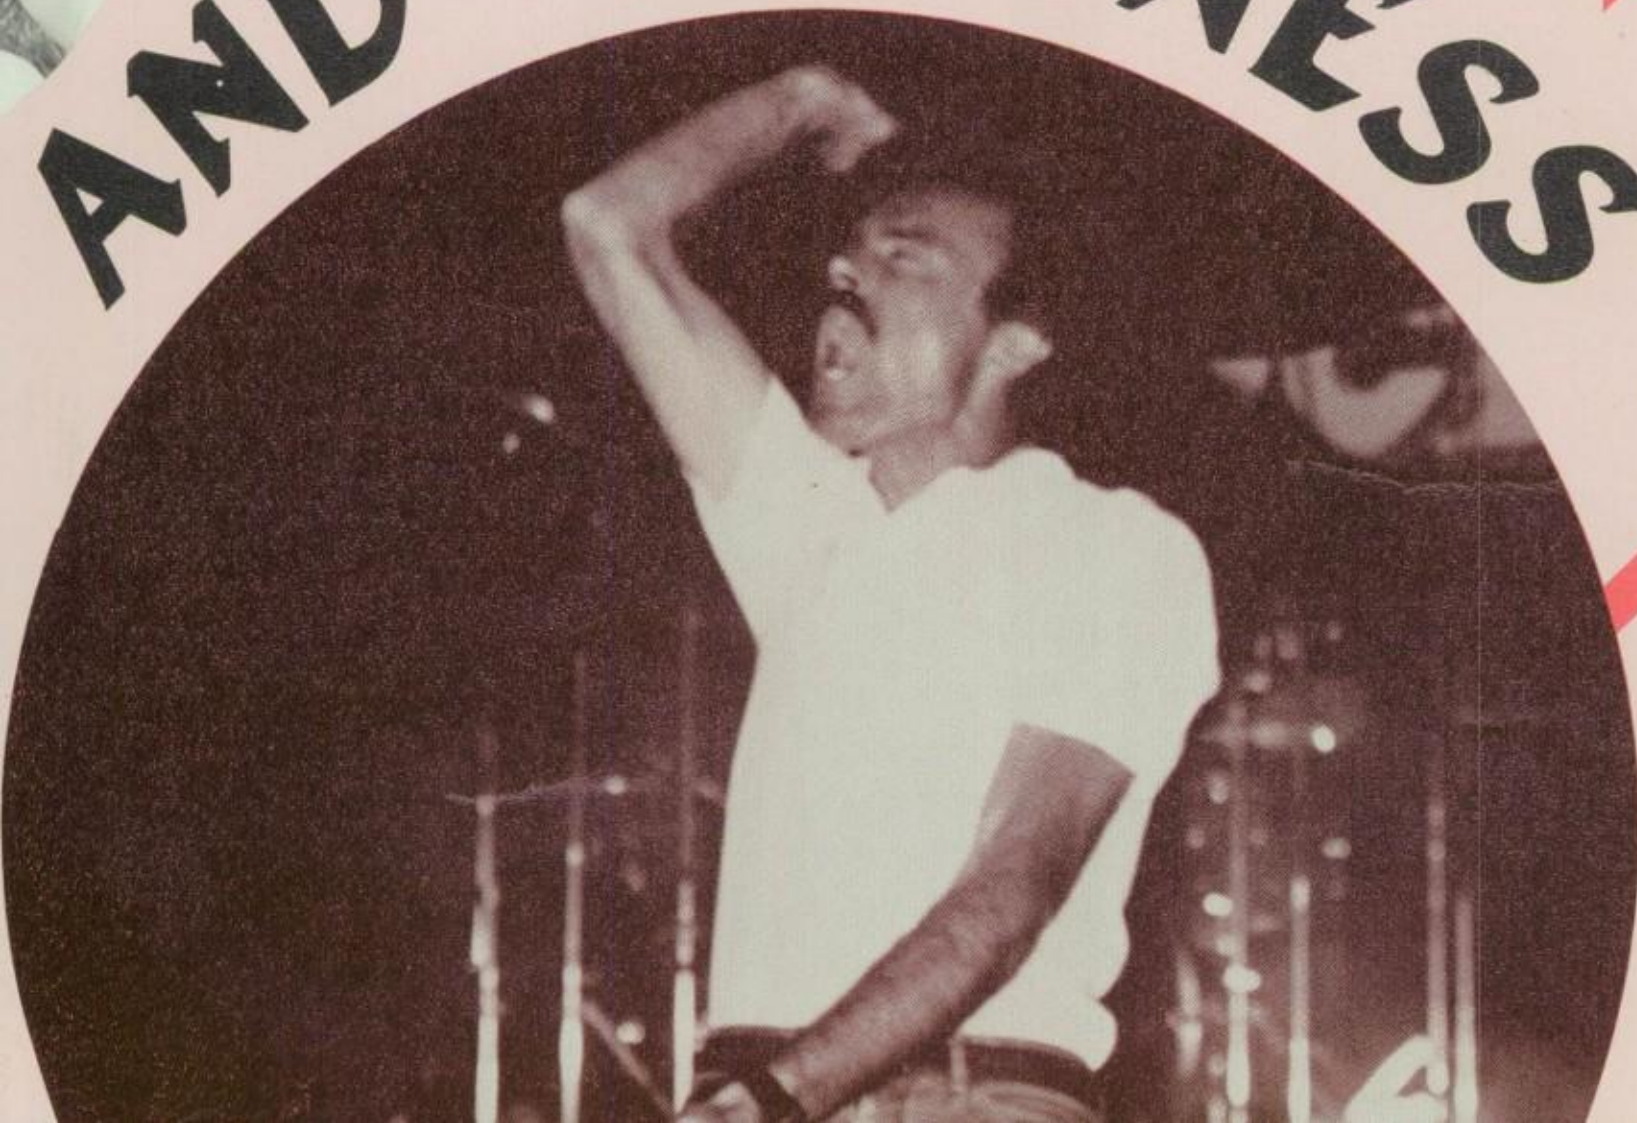

Sometimes the pressure of school can get to students and teachers, and so sometimes it's necessary to release a little tension with a little madness or mania. Loosening up a bit, letting the hair down and going a little crazy at times can be very helpful in keeping one's sanity. One day in the year when everyone goes a little mad is Halloween, and this year there were more costumes

on campus than ever before. Then, of course, there were those zany class competitions. We stood watching and cheering on our class members. Freshmen, Sophomores, Juniors, and Seniors often yelled their years 89, 88, 87, and 86, each class vying to be heard. Competing as individual classes increased our spirit and bettered our school as a whole.

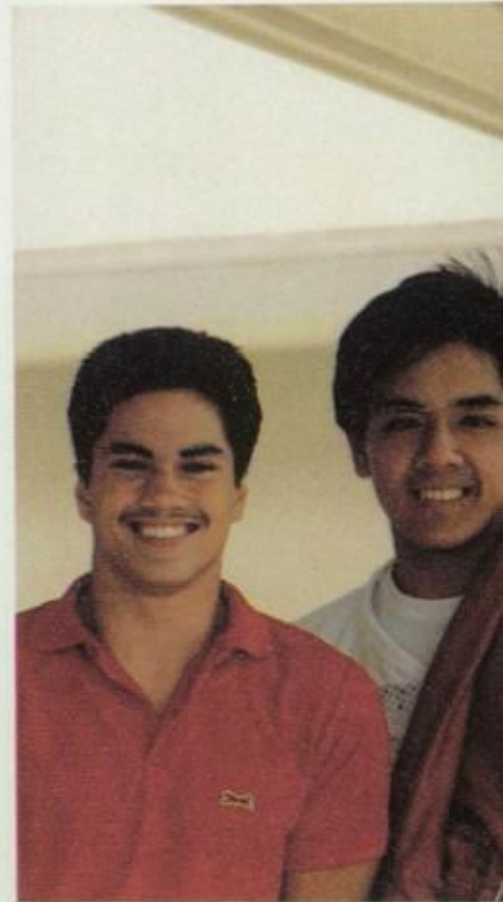

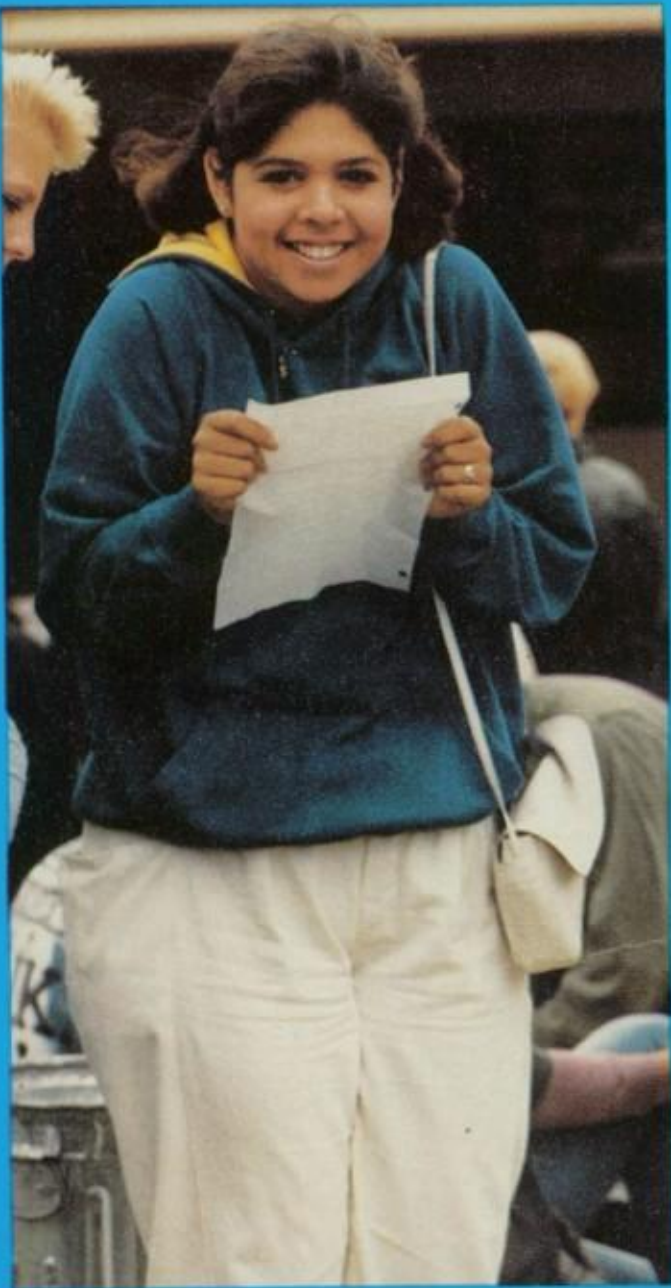

AND MADNESS

INDIVIDUALITY

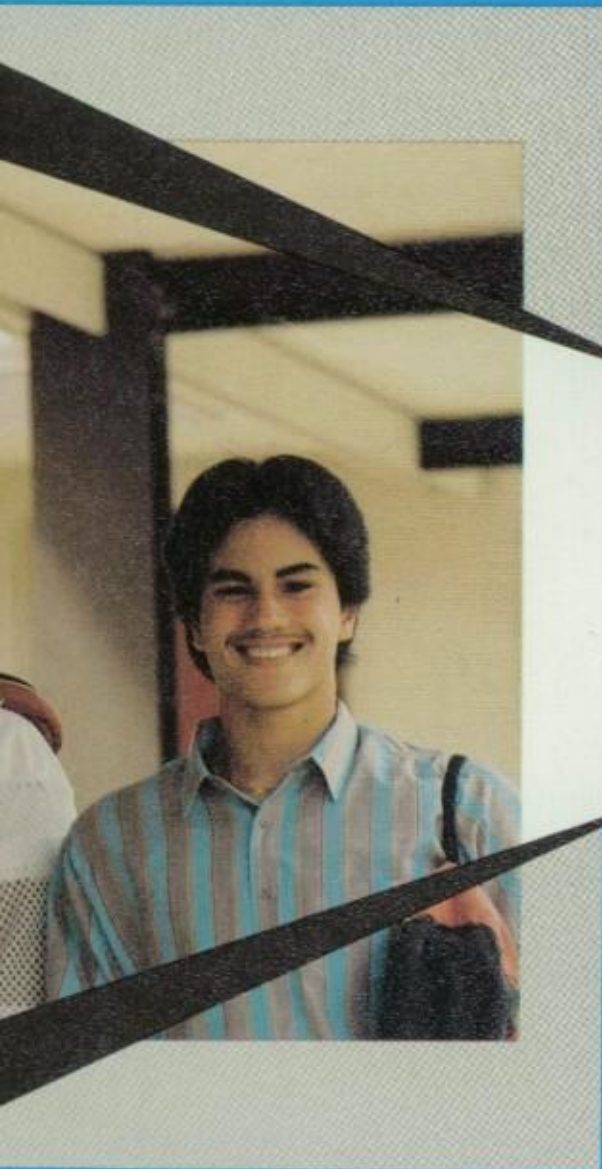

DARE TO BE DIFFERENT

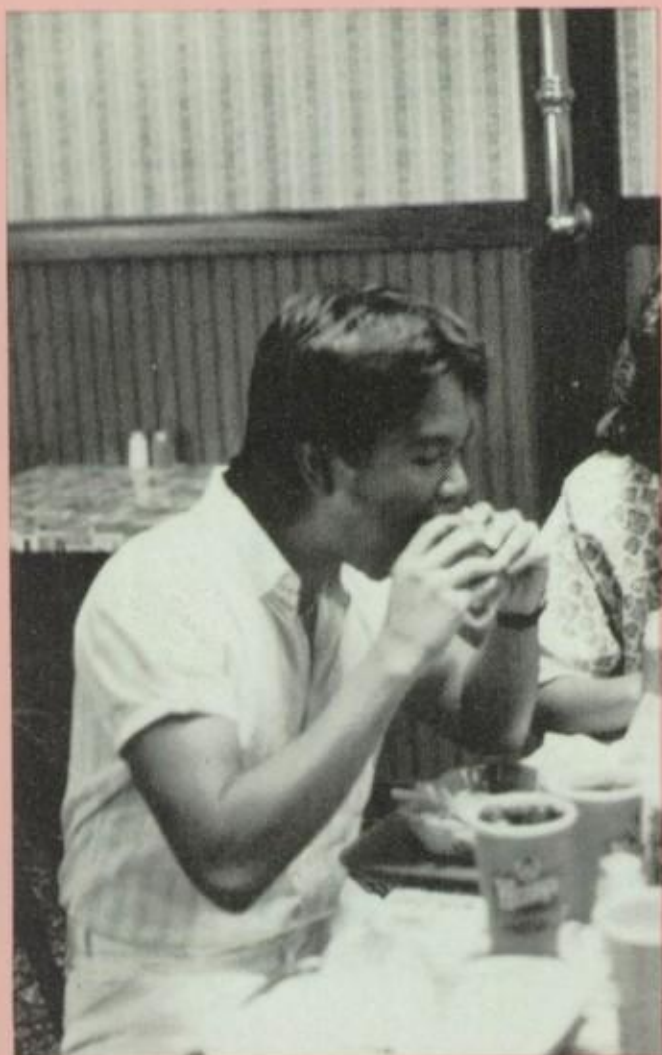

**NO ADMITTANCE
— WITHOUT —
STUDENT I.D. CARD
NO EXCEPTIONS**

Variety is the spice of life and no other campus but ours demonstrates this better. We all share a common biology, but no two are exactly the same. Our different cultures, clothes, music, styles, and personalities make us individuals, each with a separate identity.

So don't be afraid of what other people think. We can all learn to accept each other for who we are. So dare to be different and express yourself!

WOW!

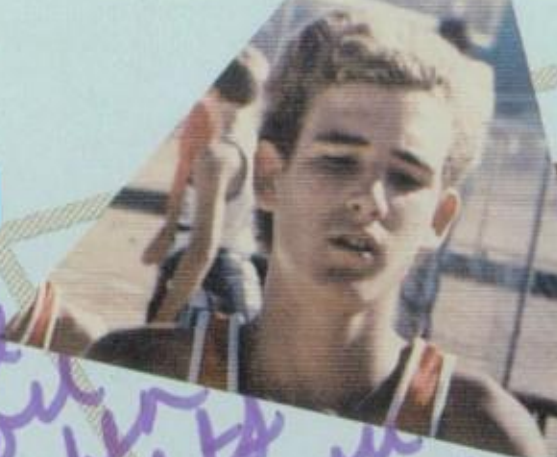

High school isn't all homework and athletics. Many students found themselves with jobs, perhaps working fastfood. The extra money came in handy when going out to the movies, dancing, or eating out with friends. For many girls, shopping was their favorite pastime.

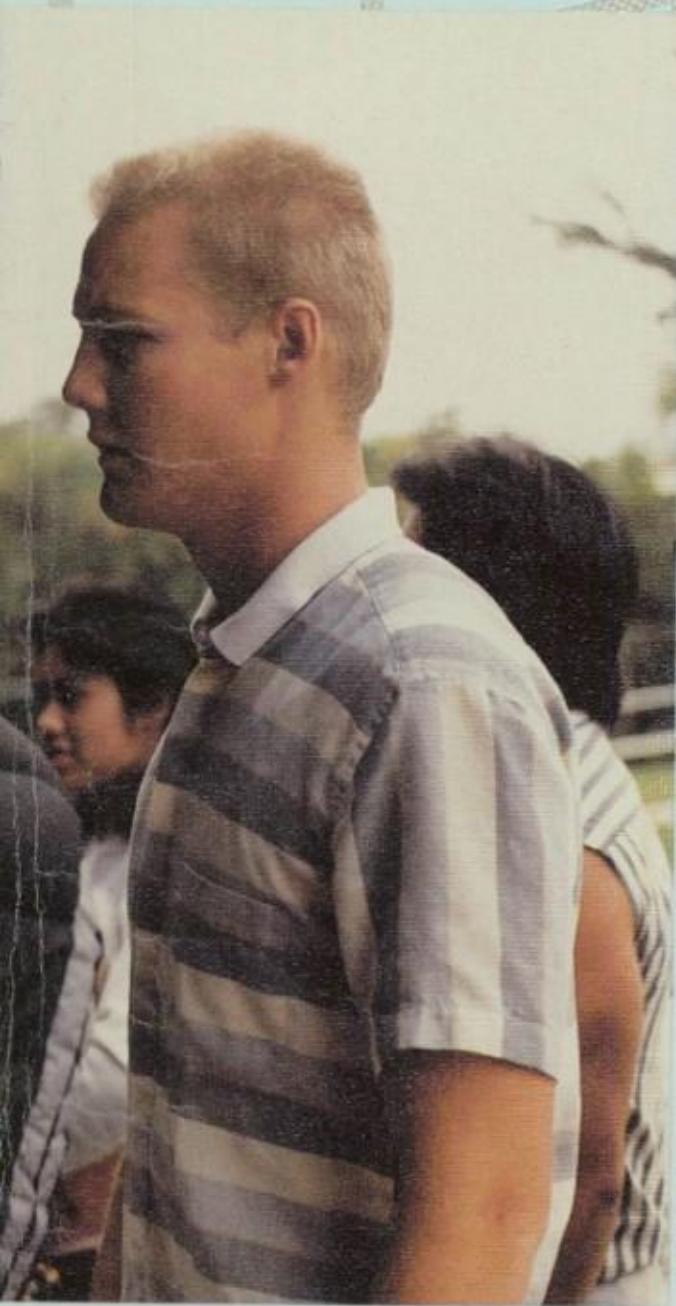

Special friendships and relationships developed during high school, and most of those will last a lifetime. Boyfriends and girlfriends took up a lot of special time, chatting on the phone or maybe strolling the cove. Remember the crazy times spent with close friends at those beach parties and after the football games? The times shared with these people will always hold a place in our hearts for many years to come.

Go For It!

Rosie!
 Hope you or see me
 next year know you
 will have a right. Its
 summer! Having you
 been fun or taking
 in my class. Always
 love you!
 1/28/87!

Each one of us is blessed with certain talents, and high school is a time to discover and develop these gifts. Remember Mr. Nodrell's words of wisdom, "Involvement preceeds interest." The only way you're going to find your interests in life is by experiencing the different possibilities. High school offers that opportunity, so make the most of it because these four years will flash by (just ask any senior). Graduation creeps up on you and suddenly you find yourself out in the "adult world." Some go to college, others to vocational school or a junior college, and still others a job. Whatever your goals are, set them and never lose sight. You have the ability to reach your ambitions. Just give it your all and GO FOR IT!

Rosalie,
Best Wishes in

Week Long Celebration

Homecoming was a weeklong celebration indeed; the activities included senior sales, the cheer 50's dance, float dress up day, and a barbecue. The individual class floats were presented to the crowd prior to the football game against Matadors archrivals, the Monte Vista Monarchs. The mighty class of '86 won with the Roaring 20's float while the freshmen class surprisingly came in second with the Gold Rush float. The sophomore class used the 50's as their theme while the juniors used the Future.

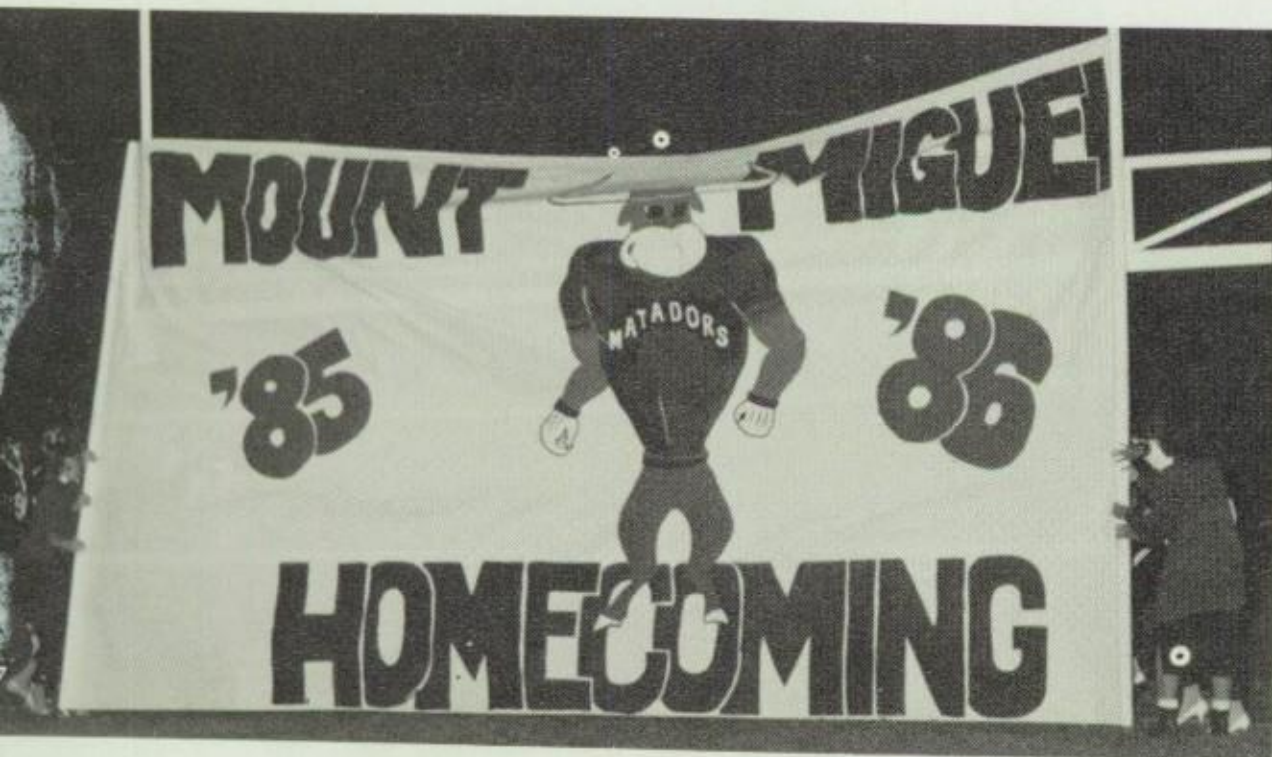

During halftime, the coronation of Queen Tanya Peters took place and was immediately followed by the spectacular fireworks display. Stratus provided the music for the traditional homecoming dance. Shortly after the dance began, King Michael Brownlee was crowned.

In conclusion, homecoming was another great successful event. It clearly reminded us of the different "Eras in Time."

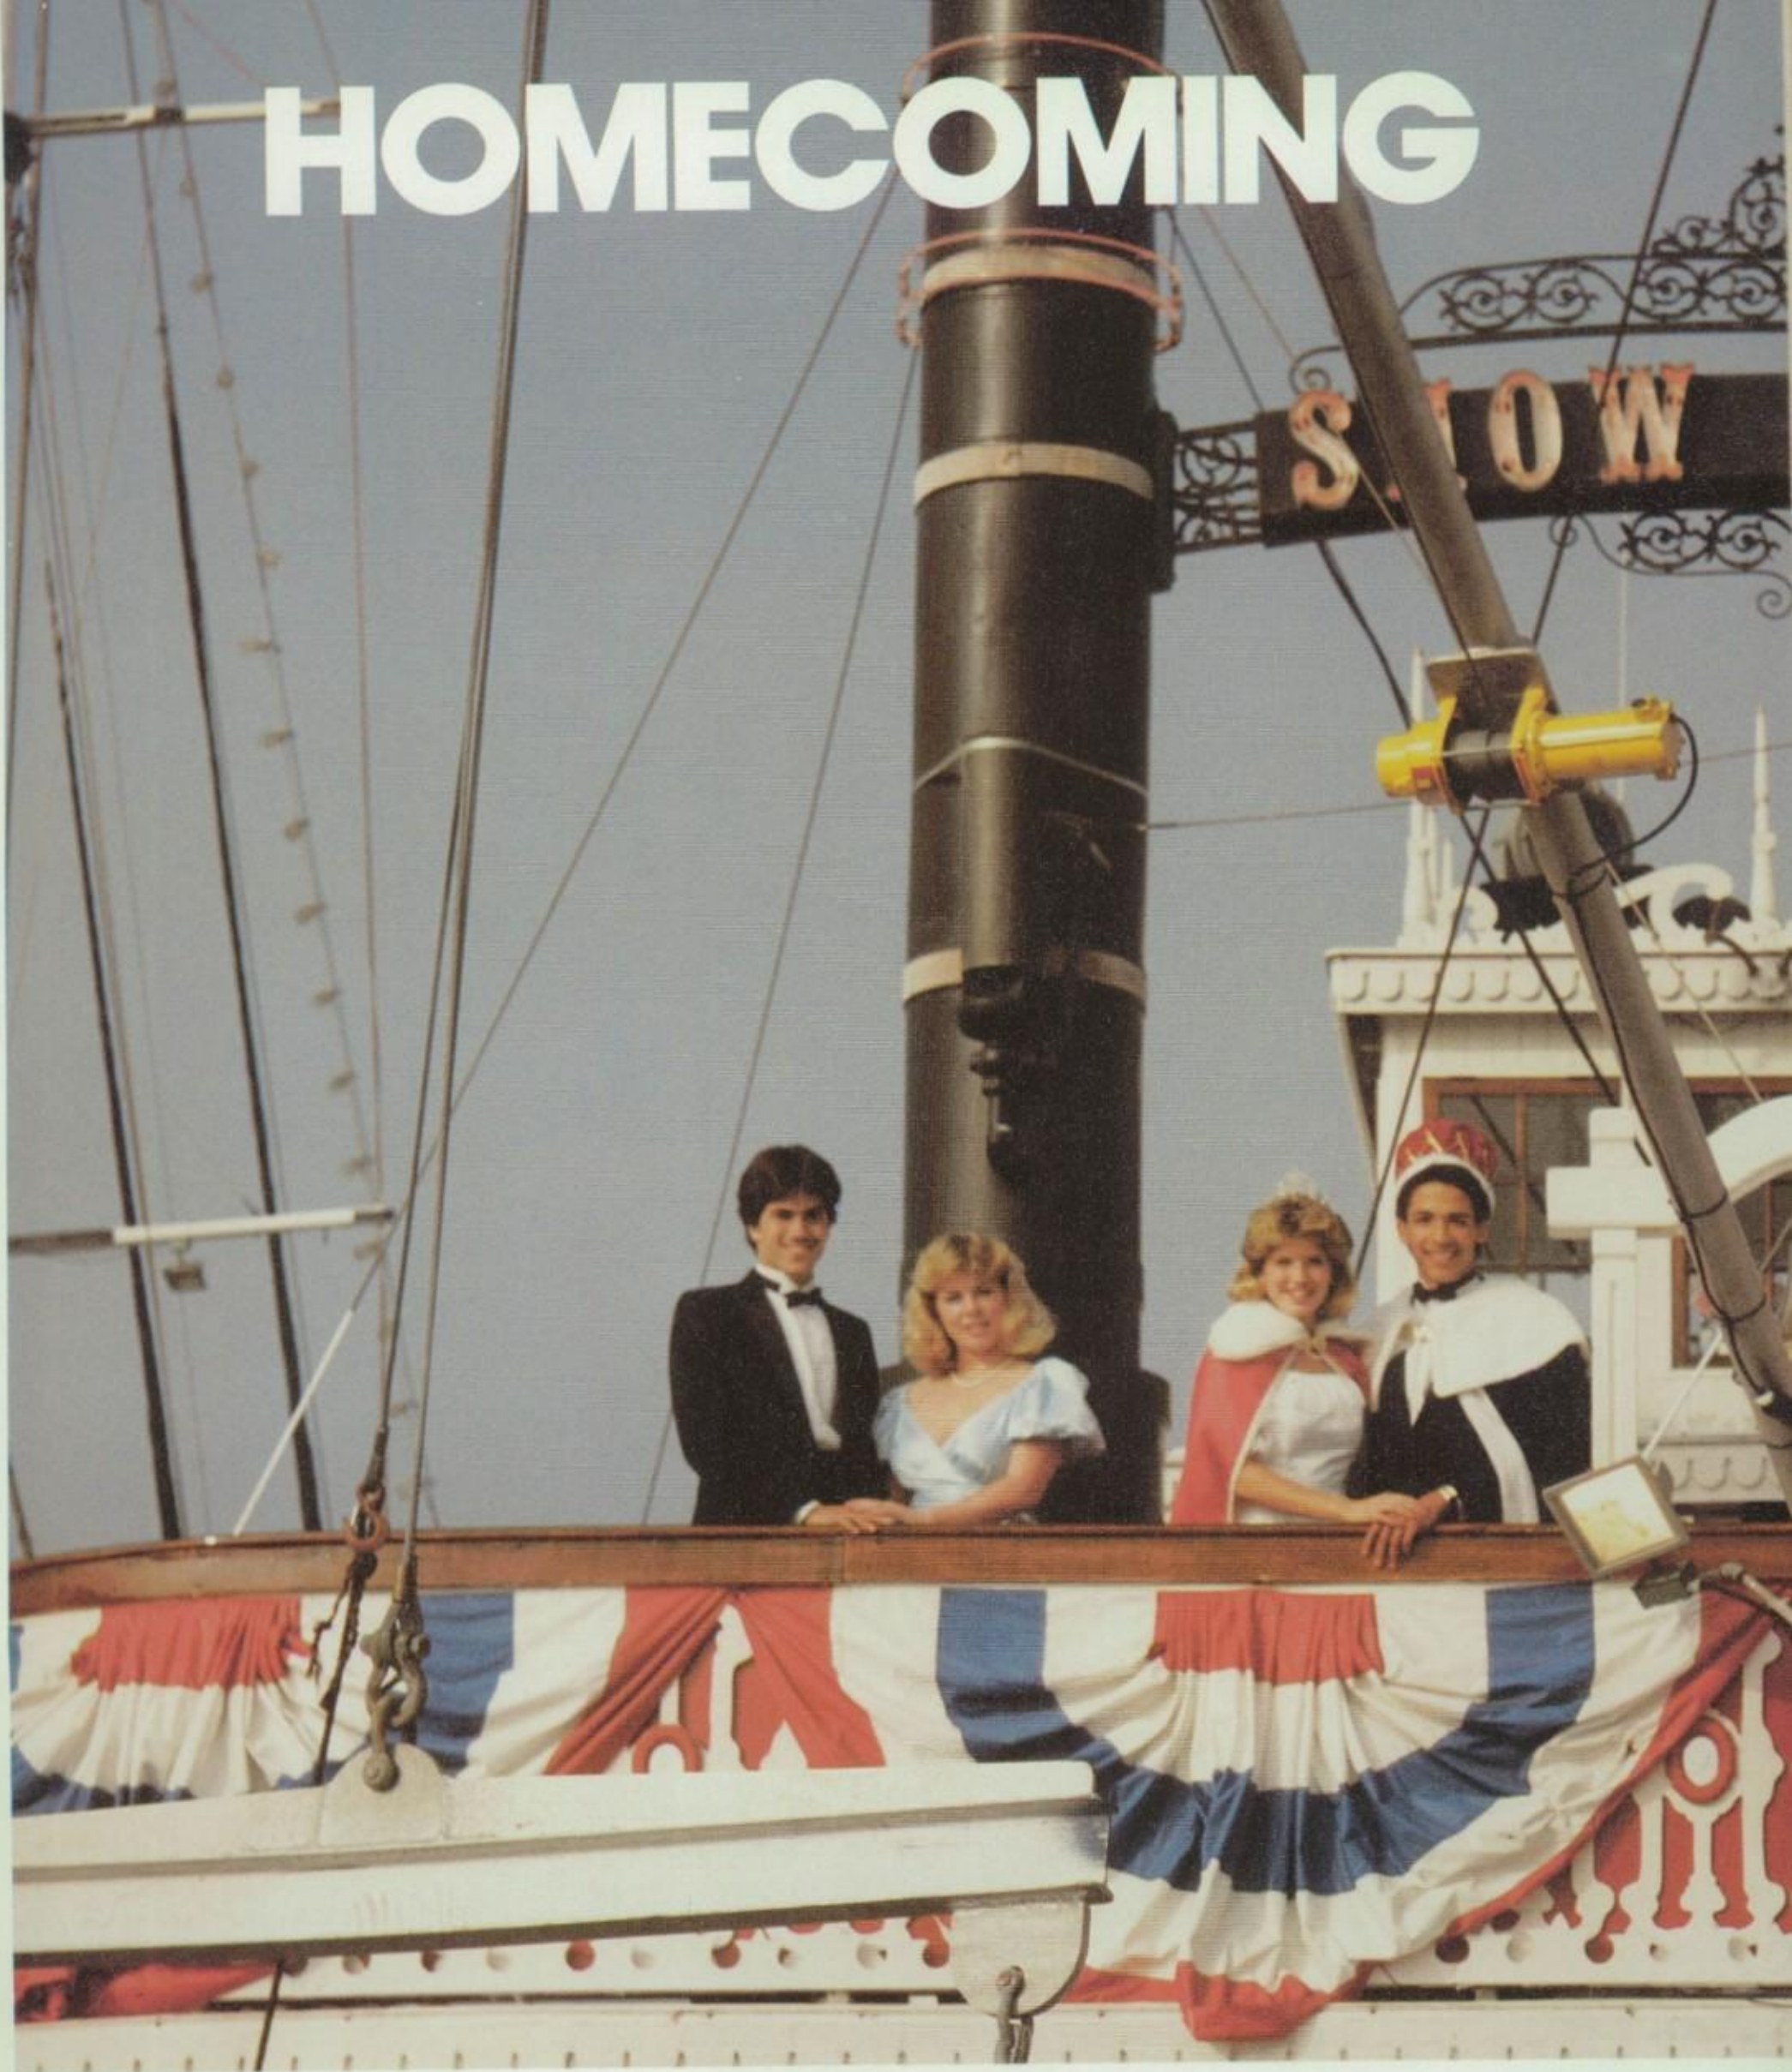

1. Varsity cheer performed several popular dances from the 50's.
2. During homecoming week many graduates came back to visit.
3. The annual homecoming barbecue was another great hit this year.

4. Homecoming court candidates participated in friendly competition.
5. Several members of the senior class worked hard on the float.
6. Seniors Missie Masters and Robin Hannibal made their final decisions.
7. School spirit was widely shown throughout the campus by many posters.
8. Julie Eugenio, Scott Legget, and Myra Esguerra sold many senior items.
9. Seniors Joe Padilla and Aaron Vasquez showed off their costumes.
10. The packed shoe check was evidence of the success of the dance.

Can you remember playing musical chairs and having fun and crazy races with your class members? Class competitions, assemblies, pep rallies, and posters were only a few ways that the ASB spread their overwhelming spirit and pride!

It was once said that, "The purpose of an ASB class is to sponsor, promote, and enhance all extra-curricular activities." This was the idea of a once new ASB advisor.

Spirit and pride has brought this year alive. But it couldn't have been possible without the unselfish, free-spirited, "go for it" attitude of our no longer new advisor, Ric White.

Through his unyielding support, the members of the ASB class have learned to accept and follow through with responsibilities, to show and promote spirit and pride, and most importantly, to pull through and succeed in anything with a "team effort".

Fads 'n' Fashions

If one word could describe Matador's taste for fashions and trends in 1985-86, it's "classy". Fashions were a little more dressy this year, featuring updated pants and skirts, long jackets, fancy sweaters, collar-buttoned shirts, floral, paisley, and wild prints. Wardrobe was accentuated with Ray Bans, brooches, brass bangles, and beads. This was also the year for colorful and sculptured hairstyles. There was no limit to color, creativity, and daring. This sense of style did not only show in wardrobe, but also in modes of transportation like scooters and lowered trucks. When it comes to fads and fashions, Matadors show that "Anything Goes!"

Matadors model the casual, dressy, and "new" looks seen around campus.

Winter fashions include an array of stylish sweaters and scarves.

The "surfer" look in the summer featured wild shorts and T-shirts.

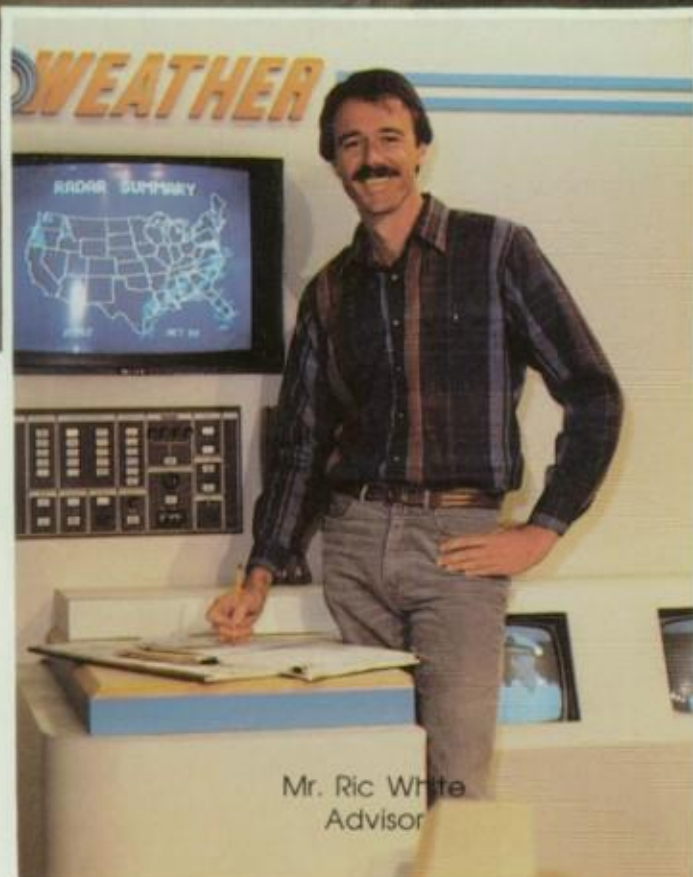

Sporting red-n-black, spirited Matadors gather around two trends of the 80's.

A creative assortment of accessories put the final touch on any wardrobe.

The 1985-86 Mil Memorias staff was made up of many new people, but still proved to be one of the best staffs ever. Everyone worked with a great amount of determination to get the job done right. Though Julie Eugenio had only been on the staff one semester last year she learned fast and made a great editor-in-chief. She spent many hours after school during her free time working her hardest to meet deadlines. Working by her side were assistant editors, Myra Esguerra and Ami Gallegos. They too spent many hours training new staff members, checking layouts, helping the others, and doing their own work. One thing about the staff was that everyone worked well with one another, and each had new ideas that made the yearbook new and exciting. Advisor Ric White helped everyone through the tough times at deadlines, and gave them the "GO FOR IT" attitude that pulled them through. As the year comes to an end all the happy and memorable times are revealed in the hard work put into the yearbook.

The class of '86 was off to an early start. The seniors had a luau to announce the end of the summer and the beginning of their unforgettable senior year.

President, Julie Eugenio, was very excited about this school year. One of her major goals was to keep the class spirit going. Being that "a lot of us had senioritis," Julie said, "it was difficult to accomplish this unity". But due to the togetherness of our class, she was successful.

Activities included the selling of senior buttons, keychains, stickers, and sweatshirts bearing the popular logo "Seniors go for it!"

Graduation is a sad yet happy event in our lives. Fourth year secretary, Lani Gonzales, revealed her feelings about the class, "I feel I've seen the senior class grow." She knew when they had their ups and downs. When asked about the "secret of the class" she answered, "enthusiasm!"

8 JUNIORS GO FOR IT!

Energy and enthusiasm kept the junior class "going for it" this year. With all-new officers, President Louisa Zizzo, Vice-President Shannon Wesley, Secretary Irma Chi, and Treasurer Charmaine Yambao, the juniors were introduced to new ideas and exciting activities. Christmas grams and a car wash from which the proceeds were donated to Missing Children, were two of these special activities. The junior's energy and new outlook for the year were reflected in their homecoming float for which they chose "The Future" as their time era. Throughout the year the officers did some early planning in preparation for their senior year. Mr. Wilbur, their advisor, was pleased with the well attended junior class meetings and said, "I enjoyed working with the junior class because they were enthusiastic, hard-working, and interested in a variety of activities."

1. Louisa's leadership brought the junior class to new heights.
2. Working with the president, Shannon kept the junior class organized.
3. The responsibilities of secretary kept Irma Chi busy all year.

Ever since the Class of '88 set foot on the school ground, they showed the other classes that they were already determined to be winners and be successful in anything they go for.

Participating in class competitions and other events was one of the main keys that kept their continued success. Being high-spirited they also devoted their time to be involved in extra-curricular activities. Cooperation and with the participation made the class stand out.

With the aid of a new advisor Ms. Ruiz and the excellent leadership of President Kevin Jones, Vice President Sally Turla, Secretary Lori Basmayor, and Treasurer Eden Estepa, the Class of 1988 strived to be the best and this they showed by all the accomplishments they have done.

This class held strong and was probably one of the best sophomore class ever in our school's history.

89 Freshmen Go For It!

Remember those fun times? The smell of chlorine, the slapping of water, countless laps to do, the wet hair? yes, swimming was one of those unforgettable times, a requirement for every ninth grader. And the C.E.L. test? Sweating nervously in your chair and letting out a deep breath after it was over. "Being called a freshman," said Kristen Haft, "was also hard to forget."

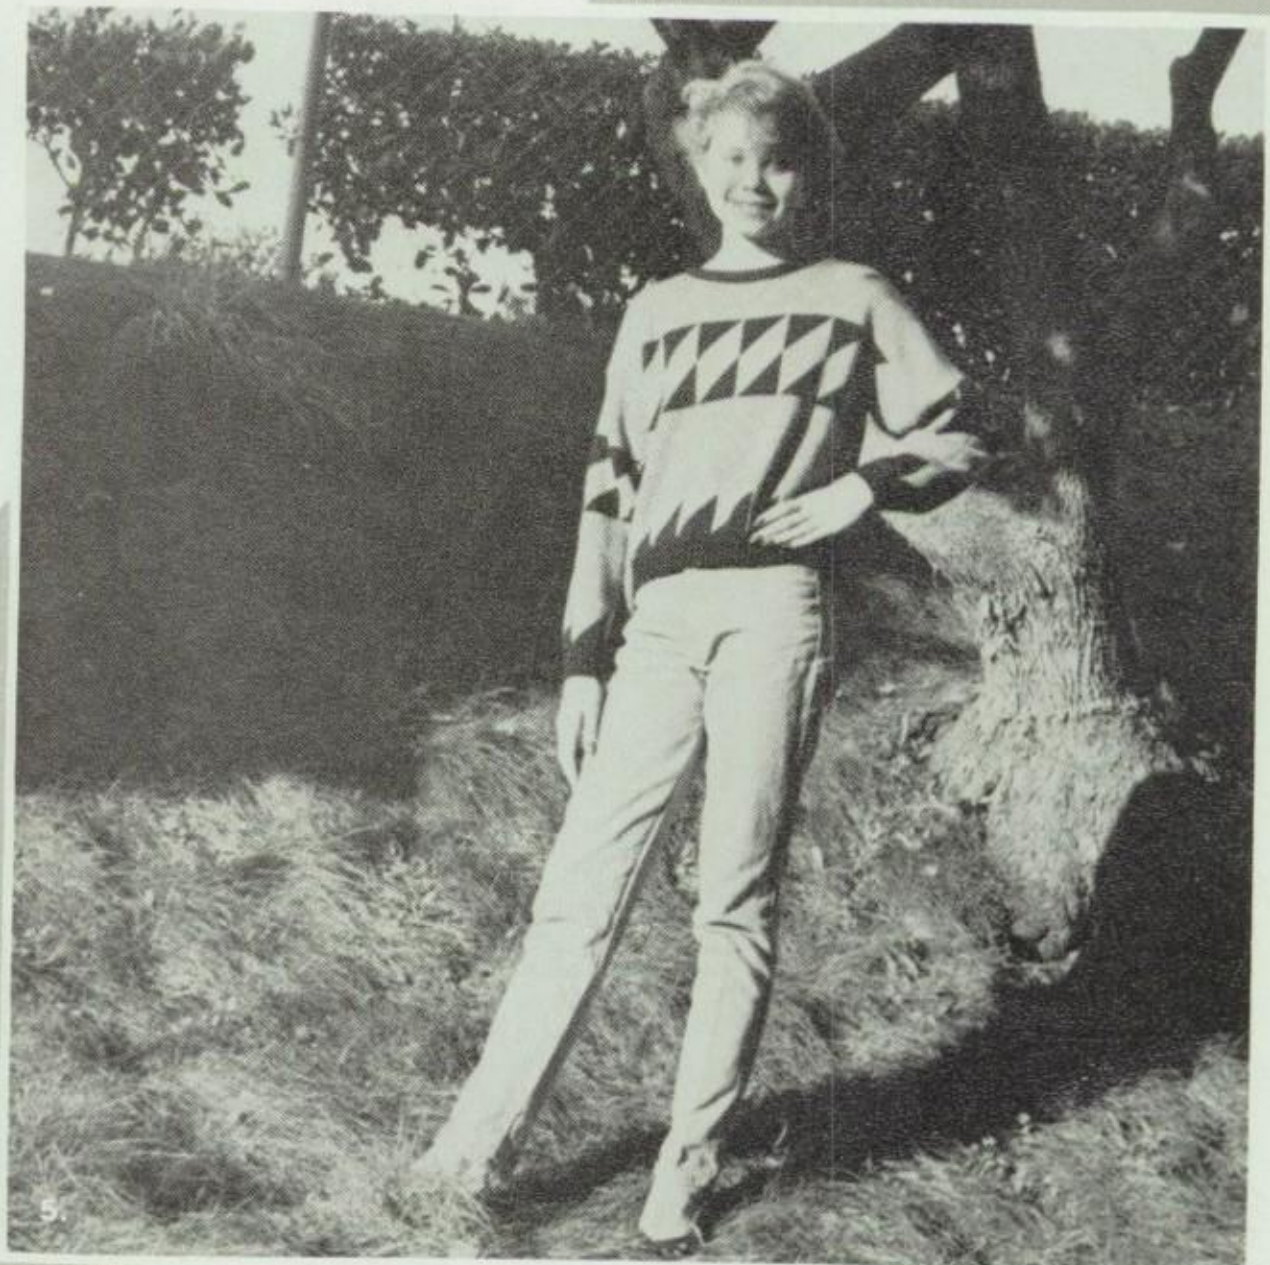

In spite of the problem of settling down, the Class of '89 kicked off to a great year. The election for new officers was a long one, but the final votes were counted and the results were Melanie Cuniff, president, Amy Boggio, vice president, Jennifer Canillas, treasurer, and Joanie Belisle, secretary.

"There's a lot of spirit," said president, Melanie Cuniff. As evidence, the student-built and designed Class of '89 "Gold Rush" float finished an impressive second place in the homecoming pre-game parade. Full of determination, the Class of '89 stood as a class of its own.

Roxie,

Hi! Well, school is almost out? ^{bye} Hooray! Just 2 more
 years to go + bye Mount Miguel. Wish this year
 wouldn't end cuz the fun just started (this semester).
 Member the time we went to Morse? Gosh! It was
 scary but fun! Let's try it again. Hiding in
 the bathrooms, getting caught by the T.A.s, (being
 told to go to our classrooms) + trying to get in
 the library? Ha! How funny! One event never to be
 forgotten! Hey, we're still good friends even though
 we don't talk to each other that much? Maybe next
 year our friendship will be the same as 6th grade.
 Cuz we'll be in yrbk + we can talk more? You know
 what I mean? Yea! Next year is gonna be fun! Both of
 us will make it fun, right? Yea-for sure! Thank for
 being a true friend. Stay your nicest, sweet, + caring self.
 Don't ever change (not even for John Songcuan). Remember him?
 Remember Me always!

Luv-n-friends

In The Lead

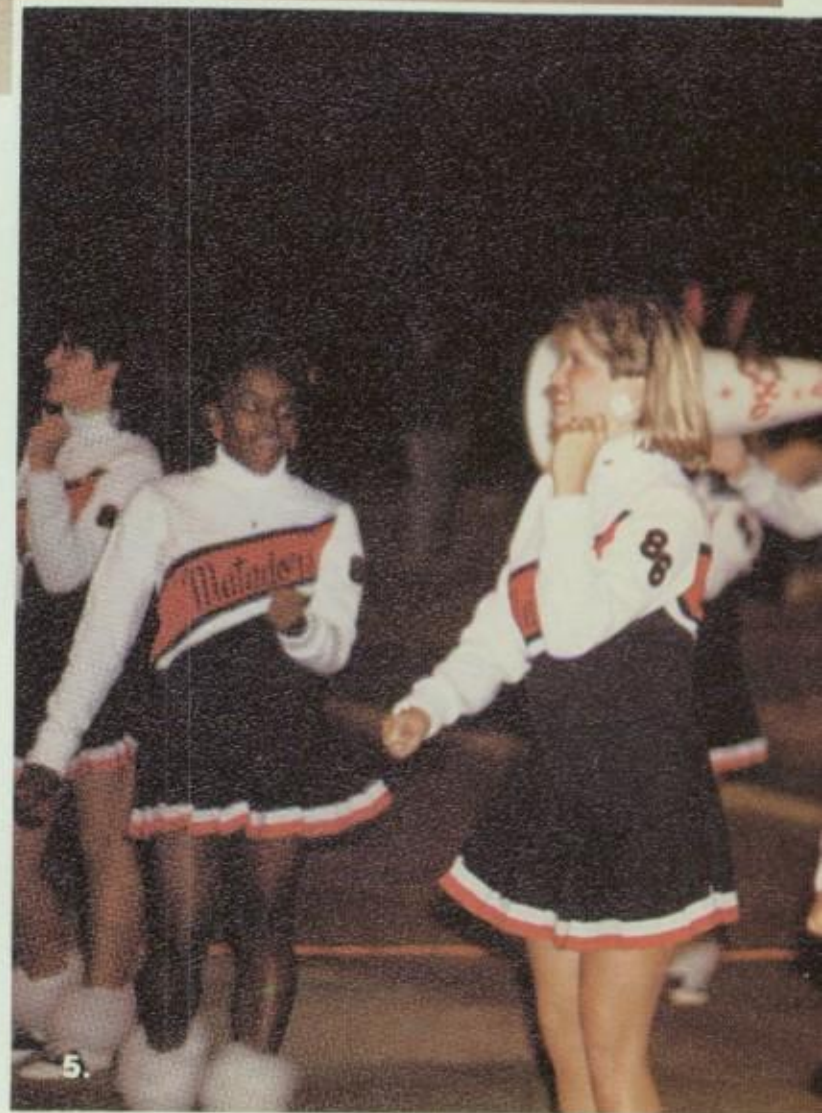

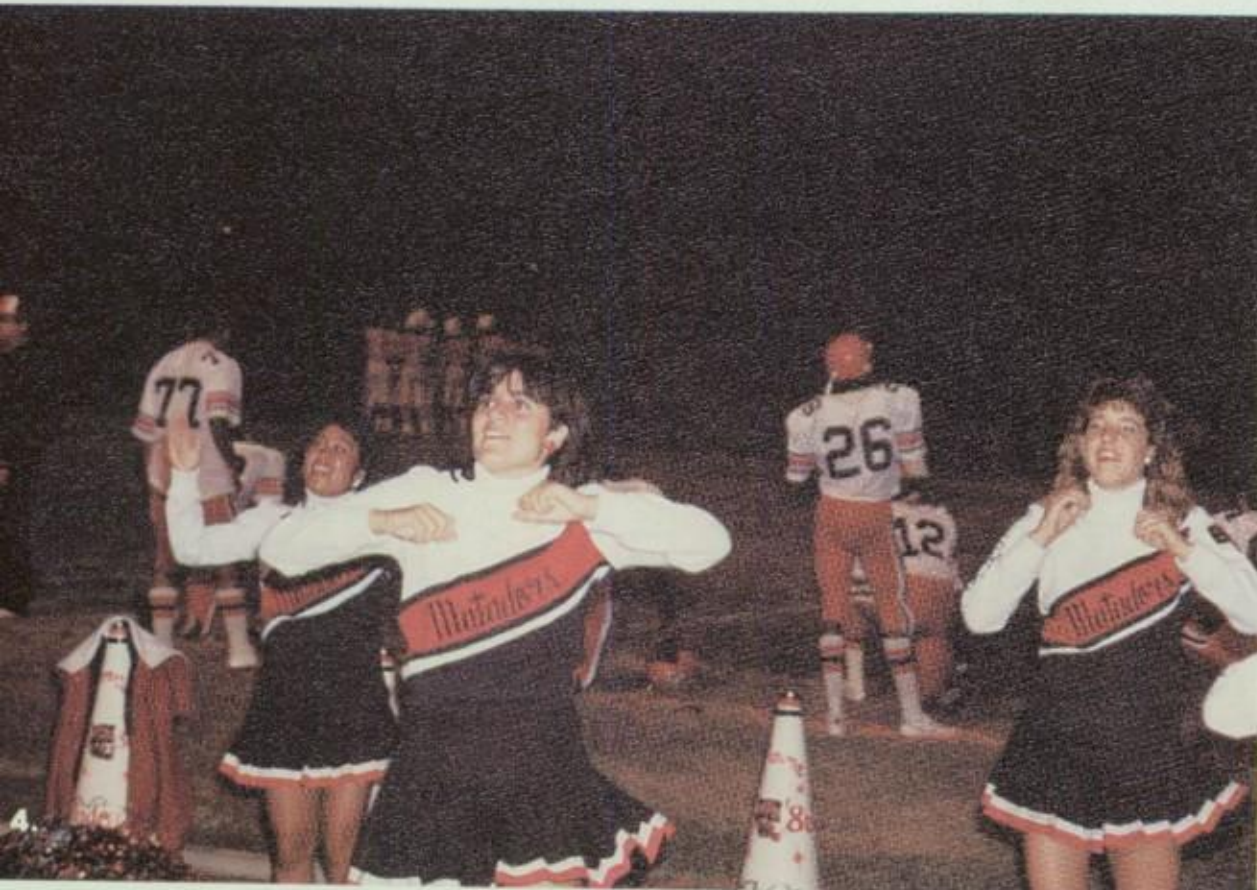

The 1985-86 varsity cheerleaders were determined to be the best squad ever. Becoming the best required long hours of hard work and practice. Practices began over the summer, consisting of three hours of difficult training. All this training paid off, at the unforgettable week-long cheer camp.

The USA cheerleading camp was held in Santa Barbara. During that week each squad competed in different events for the famed "SPIRIT STICK." As a result of the many hours of practicing, our cheerleaders came home with the Spirit Stick. As Patrice Alexander put it, "Cheer camp was fun and exciting. We learned a lot and camp was very beneficial to any cheerleaders career."

Our cheerleaders came home from cheer camp with a large amount of spirit. They filled our school with much pride and enthusiasm. We as matadors were very proud to have the varsity cheerleaders represent us at our different sporting events. All through the year, our cheerleaders really did "Take The Lead."

1. Mrs. Roxie Edler proved to be one of the best cheer advisors ever.
2. After a tiring game, cheerleaders still showed much enthusiasm.
3. Each girl had her own responsibility in helping to lead the cheer.
4. The girls put everything they had into perfecting their routines.
5. Being able to perform for a crowd was a key goal in cheerleading.
6. Cheerleaders spent many hours practicing to look their best.

Just Clownin' Around

If you were to have attended any of the junior varsity games, you would have noticed Mount Miguel's outstanding j.v. cheerleaders. This bunch of enthusiastic ladies were there to put a smile on your face, and to let you know that Mt. Miguel Matadors do have spirit!

This year's j.v. cheer squad consisted of many new faces. They built up a good reputation that will remain with Mt. Miguel forever. There were two juniors on the j.v. squad, Lynn Cruse and Debbie Malham, and eight sophomores. Captains, Christine Peters and Lesha Montoya, practiced their squad hard. They wanted to be the best junior varsity squad ever. In the eyes of many Matadors, they were the best.

The 1985-86 junior varsity cheer squad did their best to encourage school spirit. Whenever one passed you in the hall, she would always give you a friendly smile. With the enthusiasm these ladies had, we can expect an even better varsity cheer squad in 1986-87.

1. Being good friends, helped our Matador cheerleaders perform their best.
2. Smiles and coordination are required while performing in front of a crowd.
3. Long hours of hard work always paid off when a cheer was finished with a perfect ending.
4. Working together is essential while performing a spirited cheer.
5. Captain, Lesha Montoya, shows us her spirit with her friendly smile.

J.V. Cheer Top to Bottom: Jesse Connors, Leshia Montoya, Debbie Maihara, Cruse, Rosalie Ramos, Tammy Schaffer, Donna Hallare, Tanya O'Haran, Christine Peters, and Yvonne Perez.

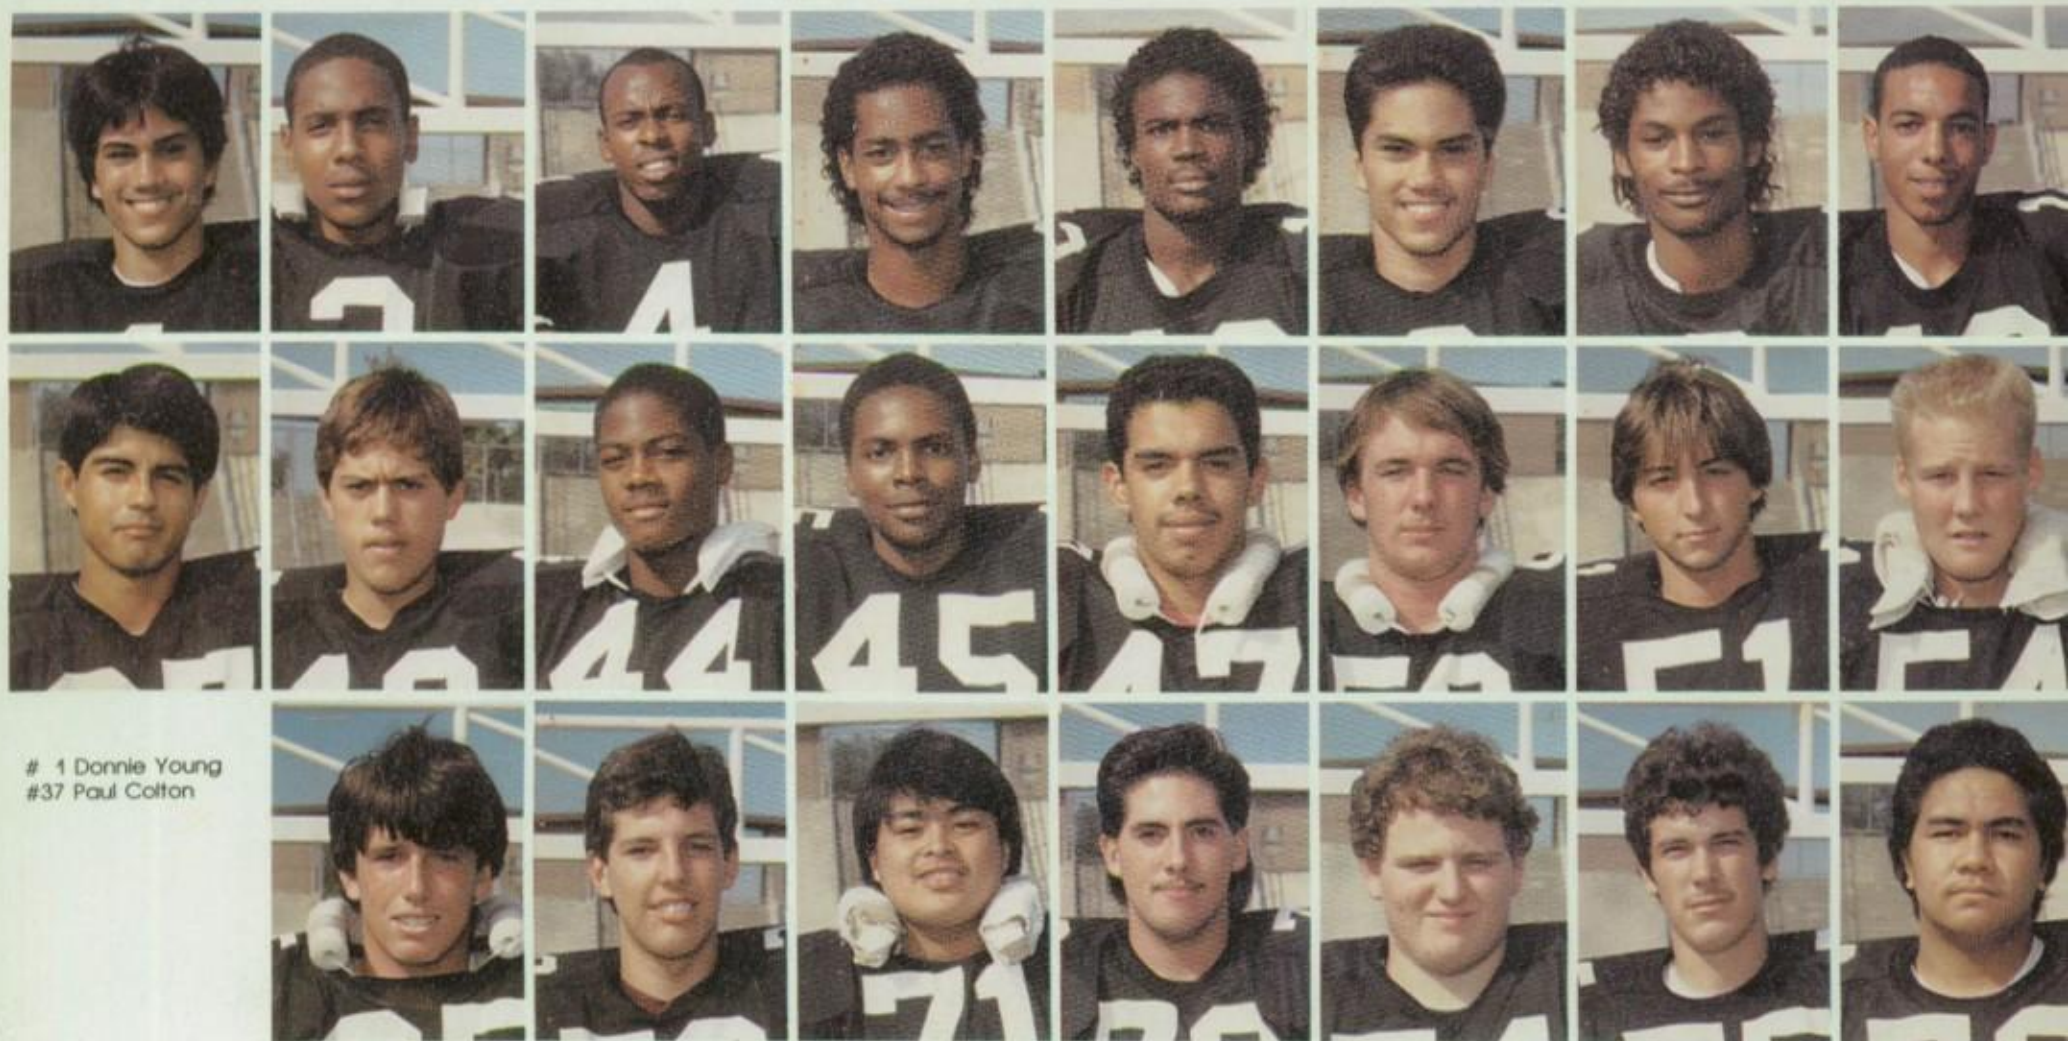

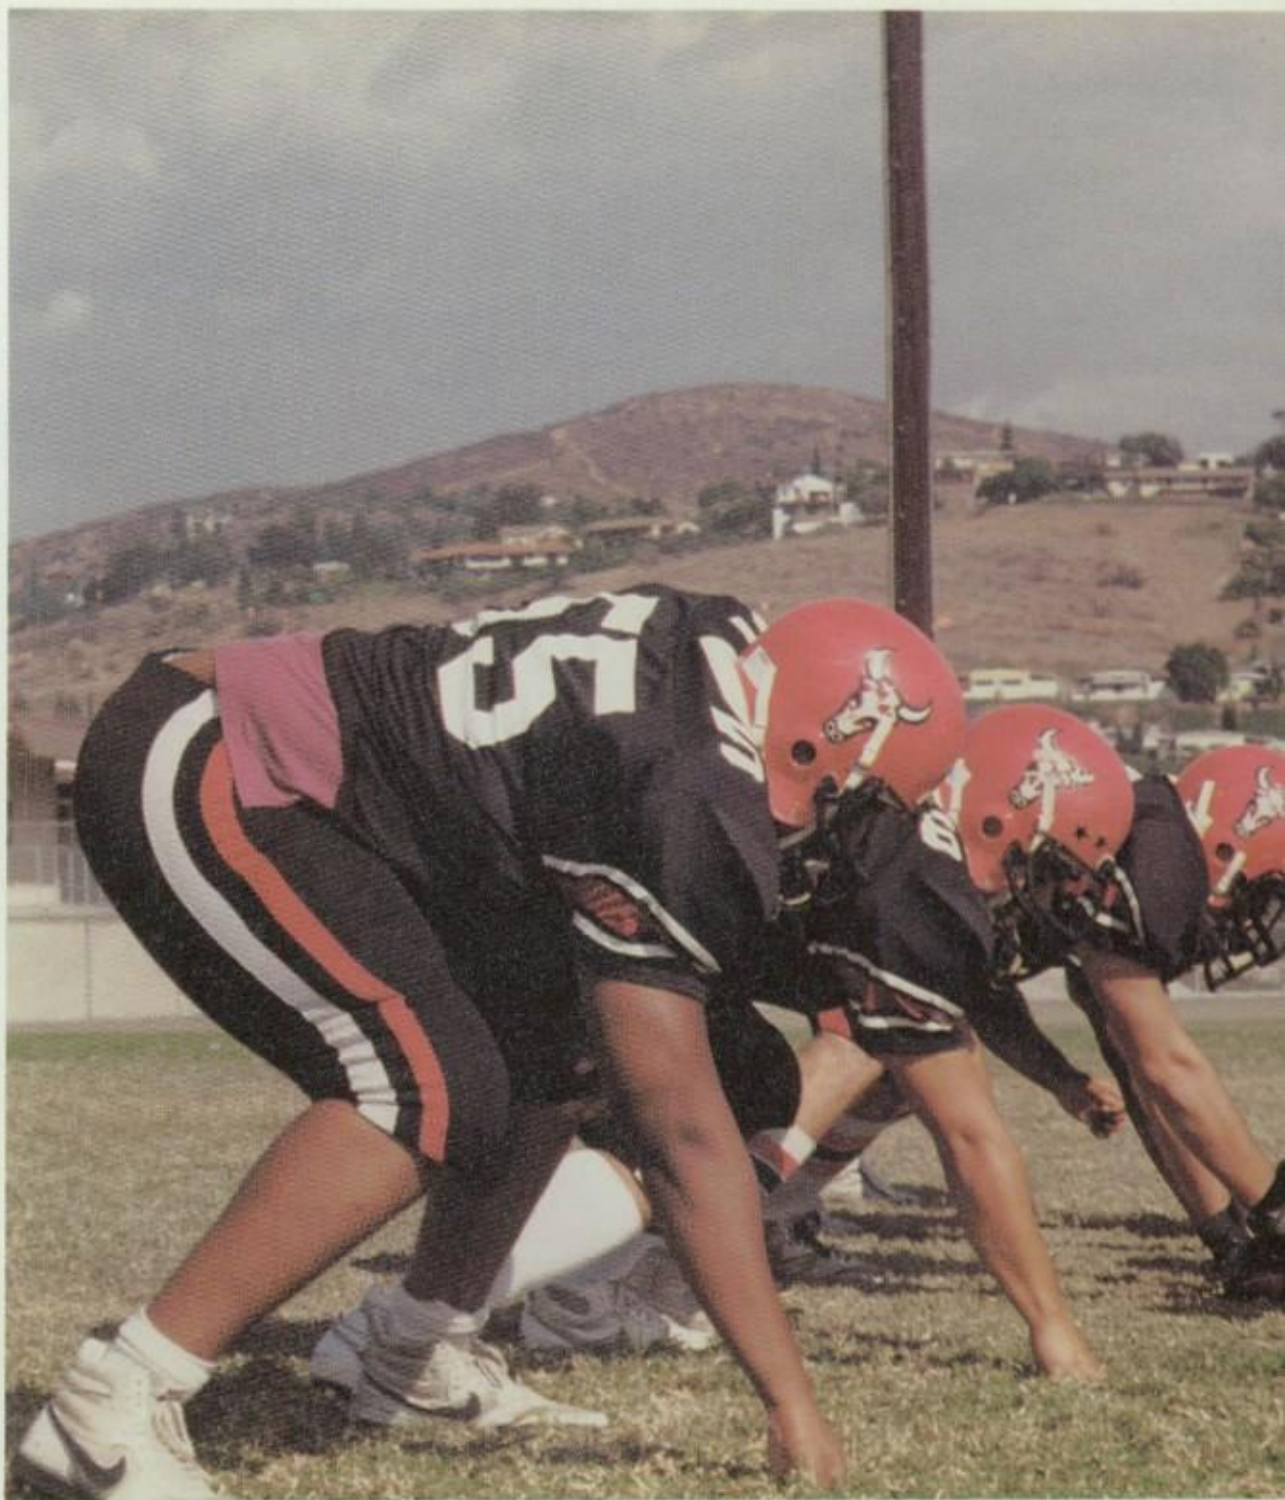

1. Captain, Christine Peters, keeps in time, and keeps a smile on her face for the crowd.
2. Enthusiasm from everyone on the squad made them number one.

Tradition Lives

When Brian Smith resigned in June to take an administrative job, he left behind eight memorable years as a head football coach. He established winning teams in the Matador program, compiling a record of 61-25-2 with two league titles and three playoff berths.

On July 1, Gary Cooper was named the new head coach. Arriving at his new position, he encountered many problems. "I took over so late that I didn't know most of the players until two-a-day practices in August . . . that was a real disadvantage," he said. But with determination and a little bit of luck, Cooper and his players managed to get through the summer successfully. And in the process, they ended up being co-champions in the passing league as they continued their winning ways from last season.

Before returning to his alma mater, Cooper established a winning reputation of his own. He piloted our arch-rival Monarchs into league contenders a few years ago when he took over its program in 1979. His four year record as a head coach there was 26-12-1. Cooper intends to continue the winning tradition of the Matador football program as he attempts to lead this year's team to the C.I.F. Championships.

Defending The Title

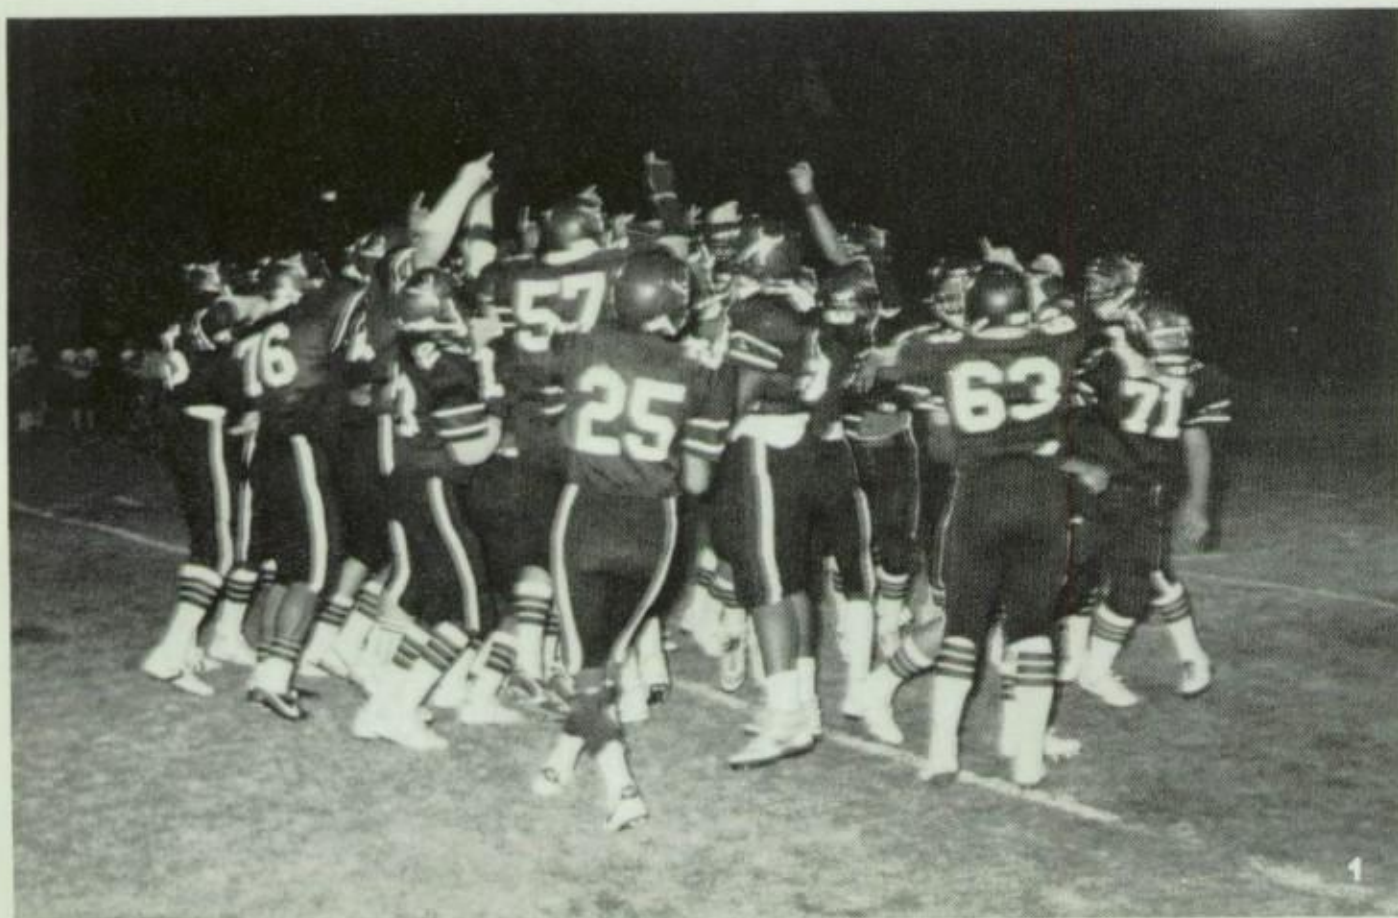

With many of the talents from last year gone, many predicted that this would be a down year for the Matadors. But like most champions who face such problems, they solve them before the start of the season. "Our biggest weaknesses are our inexperience and mental let downs. But these problems can easily be solved as the season goes on," said returning guard, John Canillas.

Led by sophomore quarterback Anthony Rivera, the team had new hope for the upcoming year. A crop of outstanding receivers include the multi-talented Young brothers, Ronny and Donnie, as well as junior running backs, John La Joy and Mike Jones. Other talented individuals are: linemen Jack Schaeffer and Junior Vargas, followed by defensive backs Richard Coleman and La Von Reis.

"Many of the characteristics that the team exhibited were speed, determination, and mental toughness," commented senior player Joe Hallare. With these assets, the Matadors strived to maintain their Grossmont league title.

J.V. Unity Continues

The main purpose behind a junior varsity football program is to train them to become a well-balanced and organized varsity team. In order for this to be possible, the Matador Junior Varsity Team held practices during the season on Mondays through Thursdays from 2:30 to 6:00 p.m. The practices consisted of going over plays for the following game and a scrimmage with the varsity team the day before a game.

The season however, started off slowly even with all the practices that were held everyday. What were the main problems? As in the past years, the j.v. football programs had lack of experience. They seem to also lack continuity. Ben Lupdag, j.v. quarterback, felt the main problem was that the team did not work together. In order to have a successful season, they should have "team unity and to develop a team attitude." Even with all the problems that occurred this year, the junior varsity team managed to pick up towards the end of the season with a better outlook for the next year.

Group Effort To Succeed

The Matador J.V. Football team consisted of an offensive and a defensive coach. They worked in various areas to help the players. The offensive and defensive coaches stated several problems that occurred this year.

Mr. Dunton, the offensive coach, has been coaching for six years. He had coached at Santana, El Capitan, Borrego Springs, and Glacier High School in Washington. He felt one of the problems the team had was the lack of continuity. Coach Dunton said, "In order to have a successful season, they must have team unity and to develop a team attitude."

Mr. Jackson, defensive coach, has been coaching at Mount Miguel since 1980. He felt the problem was the team was unorganized. Coach Jackson did not say that there was just one individual that helped out the team. "It takes a full squad and a group effort to succeed."

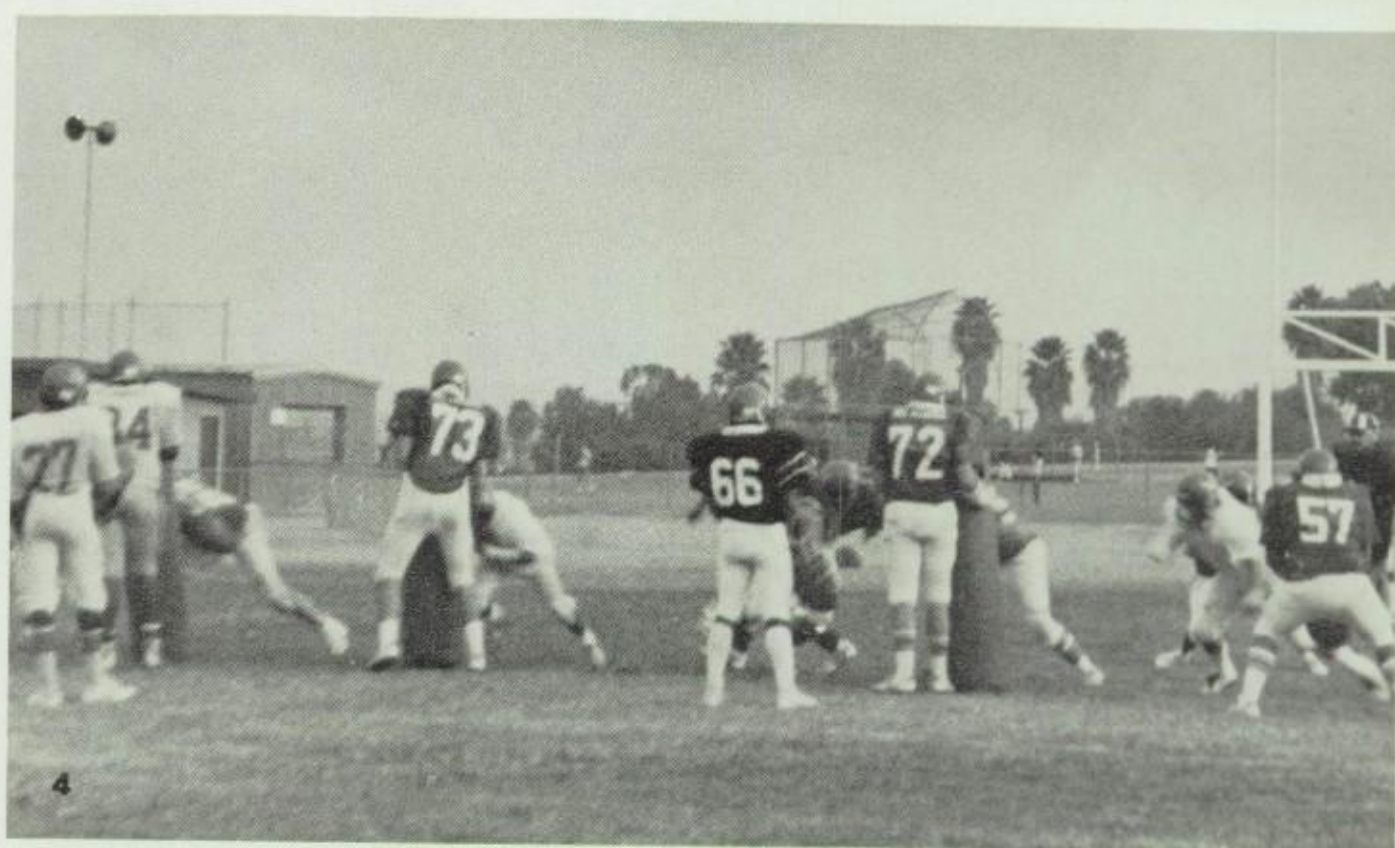

The problem that occurred this year was not in experience of the coaches. Both coaches felt the key to winning is team unity.

1. Stretching out, j.v. players prepare for the game against the Monarchs.
2. Leg stretches are done individually with team members helping out.
3. Head to head hitting is done before each game begins by each player.

A Splash Of Class

Water polo isn't always thought of as a well known sport, yet on the matador campus it's a popular event. Mt. Miguel has built a reputation for being an excellent team and this year was no exception. The guys set goals and worked long, hard hours to achieve them. With practices in the morning before school and in the afternoon. Second year coach Brian Wilbur and everyone worked hard to be successful. The team consisted of mainly juniors and seniors, with the exception of one sophomore. Returning varsity members were: George Casey, Dean Dement, Rick Holdzkon, Jeff Holder, Raul Raimalho, Don Thompson, and Rick Wurts. All of the young men worked diligently to make the team the best it could be. Unity was very important among themselves. The team was like one big family looking out for each other, and depending on one another in and out of the water. Their teamwork and dedication paid off in friendship and success. The 1985-86 H₂O polo team was one of the best the matadors have ever had.

They made a "Splash of Class."

J.V. Polo-A New Wave

If one had gone to a j.v. water polo game, he would have seen a team of many new faces. This new inexperienced team was made up of many freshmen, along with a few sophomores and juniors who made the best out of a "New Wave".

The j.v. team was under the management of new coach, David Szuch. Along with him was the expertise of varsity coach, Brian Wilbur. Another new addition to the team was sophomore, Louise Ann Moore. She was the first girl in Mt. Miguel's history to ever play on the water polo team. The results of our j.v. water polo scores proved that coach Szuch had done an excellent job.

Not only was the coaching superb, but there were many talented players as well. These players showed our school what true water polo really was.

Our j.v. team achieved their goal of trying to do the best job possible. Our school was proud to have such fine Matadors as our team.

Reaching For The Top

“Bump! Set! Spike!” This was the phrase often heard at practices and games during the varsity volleyball season. The team had a lot of spirit, so it was natural for them to cheer each other on. Volleyball fans had a lot to cheer about because the team started off by winning the first two games against competitors Monte Vista and El Capitan.

Key players who helped to make it a successful year were setter Kristi Karlson, Marla Swanson, and Lisa Perettie. Coach Diana Rude worked with the team for two hours after school everyday. Skills such as spiking and serving were reviewed over and over again. There was also a lot of running done to build endurance. This was necessary because of a change in volleyball rules. Matches were extended to three out of five games needed in order to win a match. It was hard on the girls to play those extra games, but they fought back to end up as a team to contend with.

J.V. Spikes Back!

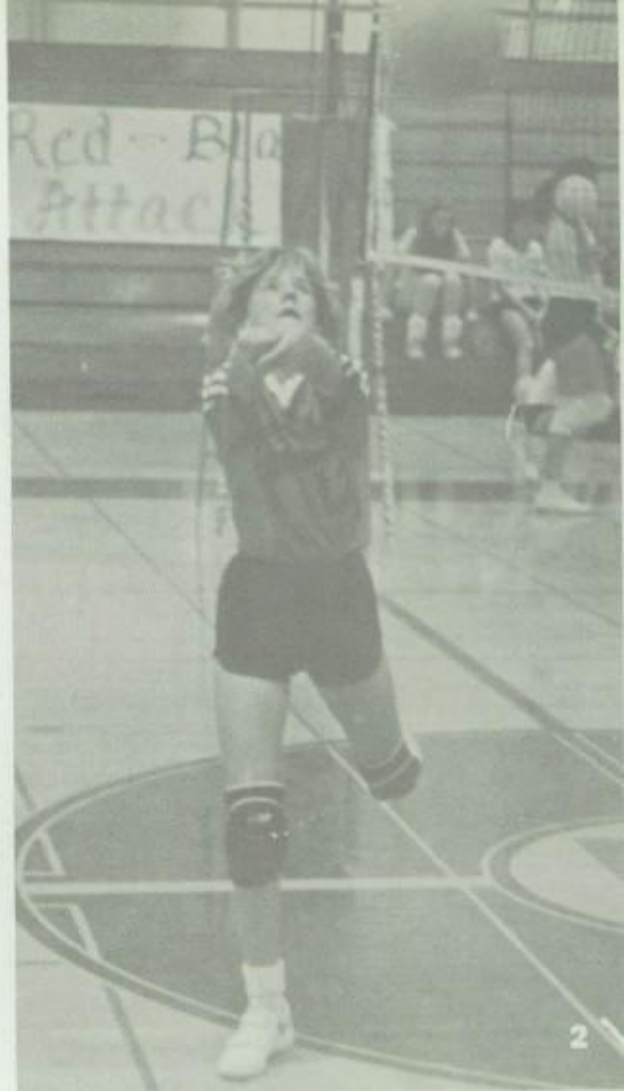

The girls' j.v. volleyball team showed a lot of potential and good skills, as in past years. They all worked well separately, and as a team.

They were led by a new coach to our school, Mrs. Margaret Gill. She gained a lot of experience in volleyball when she coached for Skyline's varsity squad and also by playing on a college team. With her encouragement and their determination, they learned the quality skills needed to form a winning team.

In preparation for their games, they practiced for two and one-half hours a day, four days a week. They learned to spike, bump, and serve the ball. They played two out of three games, where as the varsity team played three out of five.

Some of the key players on the team were Teresa Leon, who played on the j.v. team last year, and Carrie Nelson. They worked really hard trying to perfect their skills and helping the other girls as well.

All of the girls had a lot of team spirit and had showed good sportsmanship throughout the season.

1. Amy Lasko jumps to a near victory against the Helix Highlanders.
2. Vickie Brown shows her special style in bumping the ball to the opponents.
3. Cindy Robbins concentrates on returning the ball with good form.
4. Coach Gill goes over the last minute instructions with Teresa Leon.
5. With determination on her face, Berna Cloyd returns the ball.

"No Pain, No Gain"

Cross Country, like a rollercoaster, has its ups and downs. Some of the "ups" about cross country are that it builds character, lets you feel like you've accomplished something, and gives you great recognition from others. After all, not everyone has the tolerance to endure the agony and "downs". Pain goes hand in hand with this grueling sport. Not only during the three mile races, but also in the hard practices everyday after school: one mile warm up, several 110 yard sprints, road runs, and the dreaded leg cramps afterwards.

In spite of the crucial pain, Coach Mike Cour kept the team going along with his familiar quote "no pain, no gain." In other words, you have to work and strive for the pain or you'll never accomplish anything, or succeed in this sport.

Some people underestimate the requirements to become a runner. It takes a lot of spirit, qualifications and hard work to become a successful cross country runner whose goal is to reach the pot of gold at the end of the rainbow for all cross country runners: THE FINISH LINE!

Strung Out On Love

Though the resurfacing of the tennis courts kept these girls from getting a head start on practice early last September, they made up for the lost time with extra work when it counted, making the new courts worth every penny.

During their season, they had matches every Tuesday and Thursday, and spent the rest of the week practicing from 2:30 to 4:30. Their practices generally included stretching, running lines, and drilling specific tennis skills. Lars Kristensson sometimes helped the varsity girls by playing practice matches with them, while Coach Kraska helped them to improve their game strategies.

Team members Darice and Darlene Carnaje finished the season ranked as number one doubles team in the district, a first in the team's history. Joanna Morawiecki ended the third place in singles, districtwide, while Karen Niemela finished not far behind, ranked number seven. This year's overall team and individual rankings were the best ever.

1. Joanna's strong forehand brought her a top ranking in the district.

2. Aggressive and determined, Darice is lifted from the ground during service.

3. Karen's forehand power and physical stamina made her season successful.

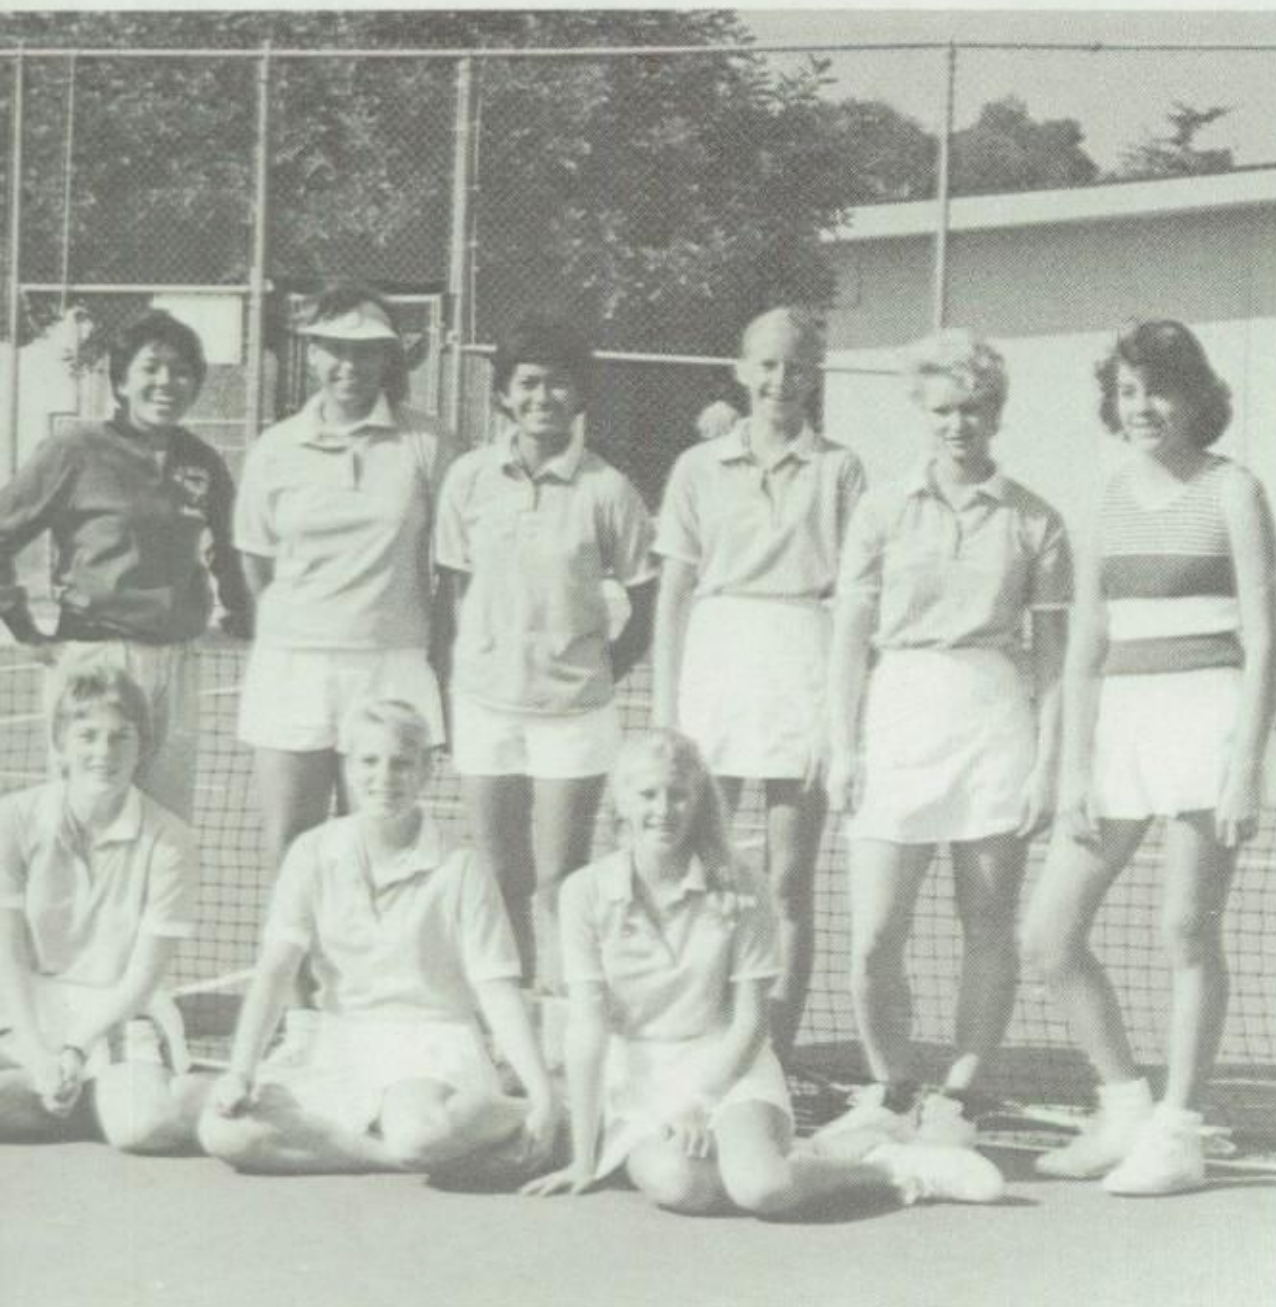

4. Rushing outside, Darlene makes the save with her steady backhand.

J.V. At Their Best

"Love, fifteen," announced Sally Kraska, the j.v. girls' tennis coach. The tennis team proved what our school spirit can do. In the beginning of the season, this team had little experience but through long hard hours of practice, they learned what it takes to win.

To win, skills such as a strong backhand, a consistent serve and knowledge of how to play the net well were required. Members, of the j.v. tennis team, such as Myra Crisostimo and Lynn Franey, have proved these talents many times over while playing in the singles.

In the doubles section, Susan Giberson and Tera Gabriele, have also shown exceptional talents in tennis. A new member to the tennis team was the foreign exchange student from France, Myriam Ginet. She had been praised as one of the hardest workers on the tennis team.

The tennis team members enjoyed the season for they all liked playing the sport.

1. The team awaited for the opponents to arrive from Grossmont.
2. As shown by the team, patience was the key to winning any game.
3. Dedication and concentration were shown by all the team members.
4. Keeping a team in order was hard work, as shown by Coach Kraska.

Scoring Those Goals

With a forceful, knowledgeable coach to back them, the boys' soccer team really made their presence known. Blowing away El Cajon with a five to one score started the year off right.

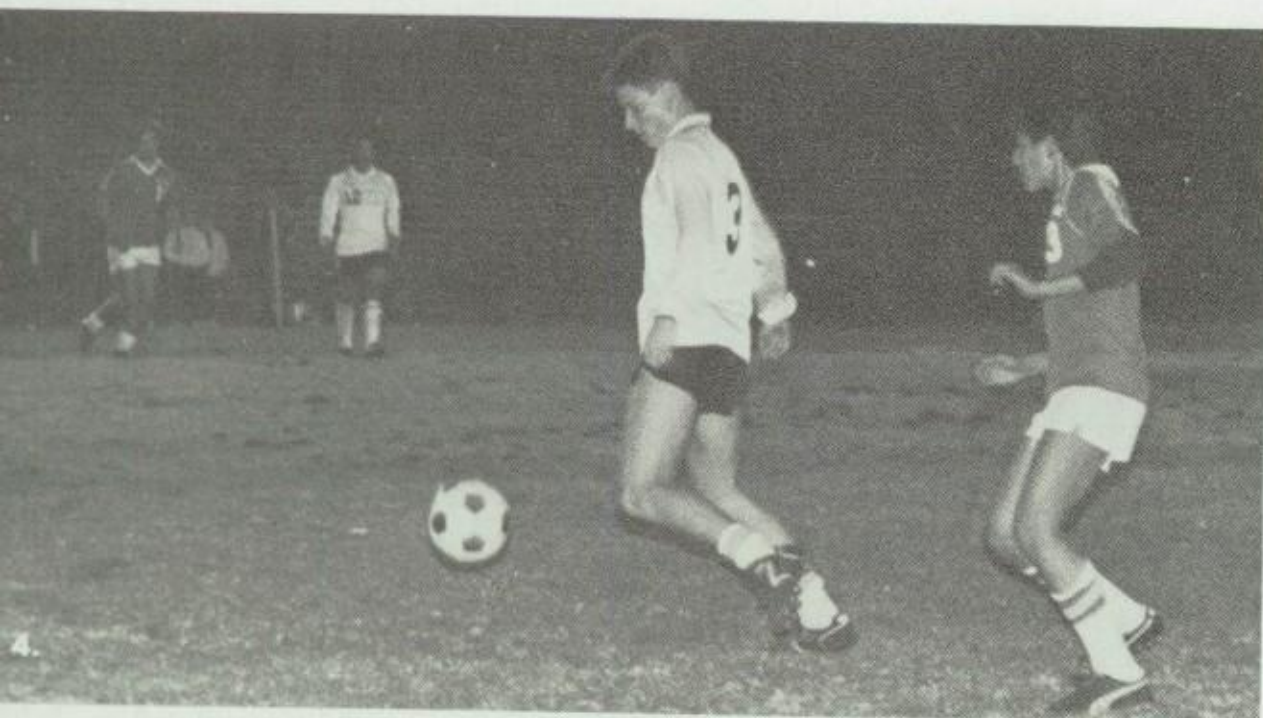

Coach Hans instructed the boys on the fundamentals of playing soccer. At practices, which lasted for two hours daily, the players practiced drills and played scrimmages against the girls' soccer team. To learn better control of the ball, the boys played volleyball with their feet.

Captain Mike Stutz and leading scorers Jesus Alvarez and Michael Codina helped the team make a stand in the league. Although they did not finish on the top, the boys showed a lot of potential for future successful seasons.

Go For The Goal

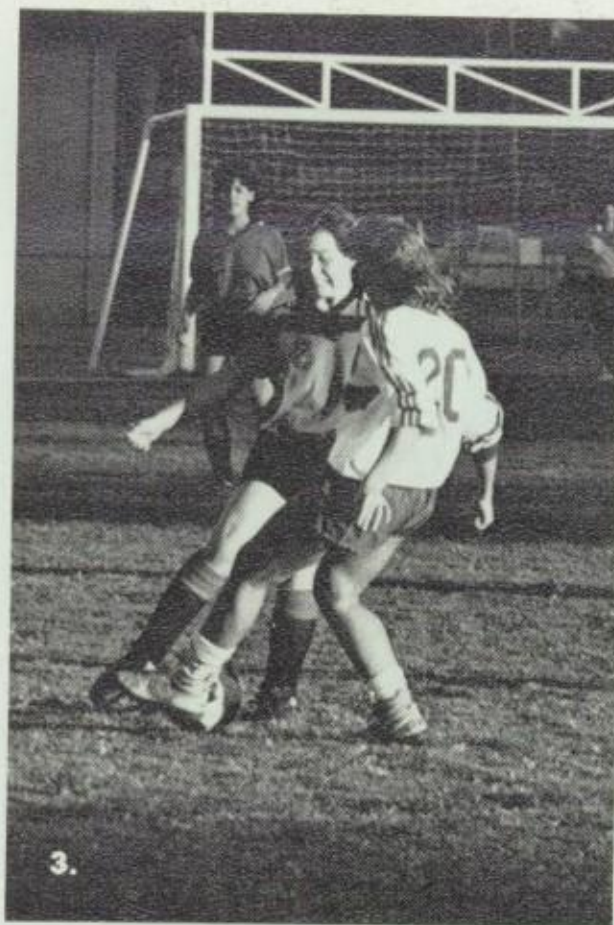

Girls' soccer was a sport that more people got involved in. It was a very exciting and enthusiastic sport. The girls' soccer team showed their ability and strength on the field just as much as the boys' team. They really had the team effort to go far.

Over the past years, when girls' soccer just got started, it was tough because it was new to the school system. Since girls' soccer has been established on the Matorador campus, it's popularity has grown. The kinks were slowly worked out, and every talented player did their best to make their team number one.

The girls' soccer team was under the expertise of Coach Zinsli. She had gone to the length to help and teach her players in every possible way. Coach Zinsli has been very fond of soccer as a sport and of her players. The team felt the same towards their coach. This team had the spirit and attitude to be the best. Mt. Miguel was proud to have such a fine team. They worked hard to "go for the goal!"

The Supreme Court

This year's successful Varsity Basketball team was one of the best that we had seen in a very long time. The team showed strength, perfection, and most important, a team effort that all of the members stressed towards.

The mighty Matadors, that we all know as "The Supreme Court," were made up of many talented players and an extremely excellent coach, Mr. Art Edge. The team was led by Seniors Marcus Edge, LaVon Reis, James Hanna; Juniors Mike Flores, Chris Pennman, Gus Lopez, and joined by an excellent group of sophomore players from last year's junior varsity team.

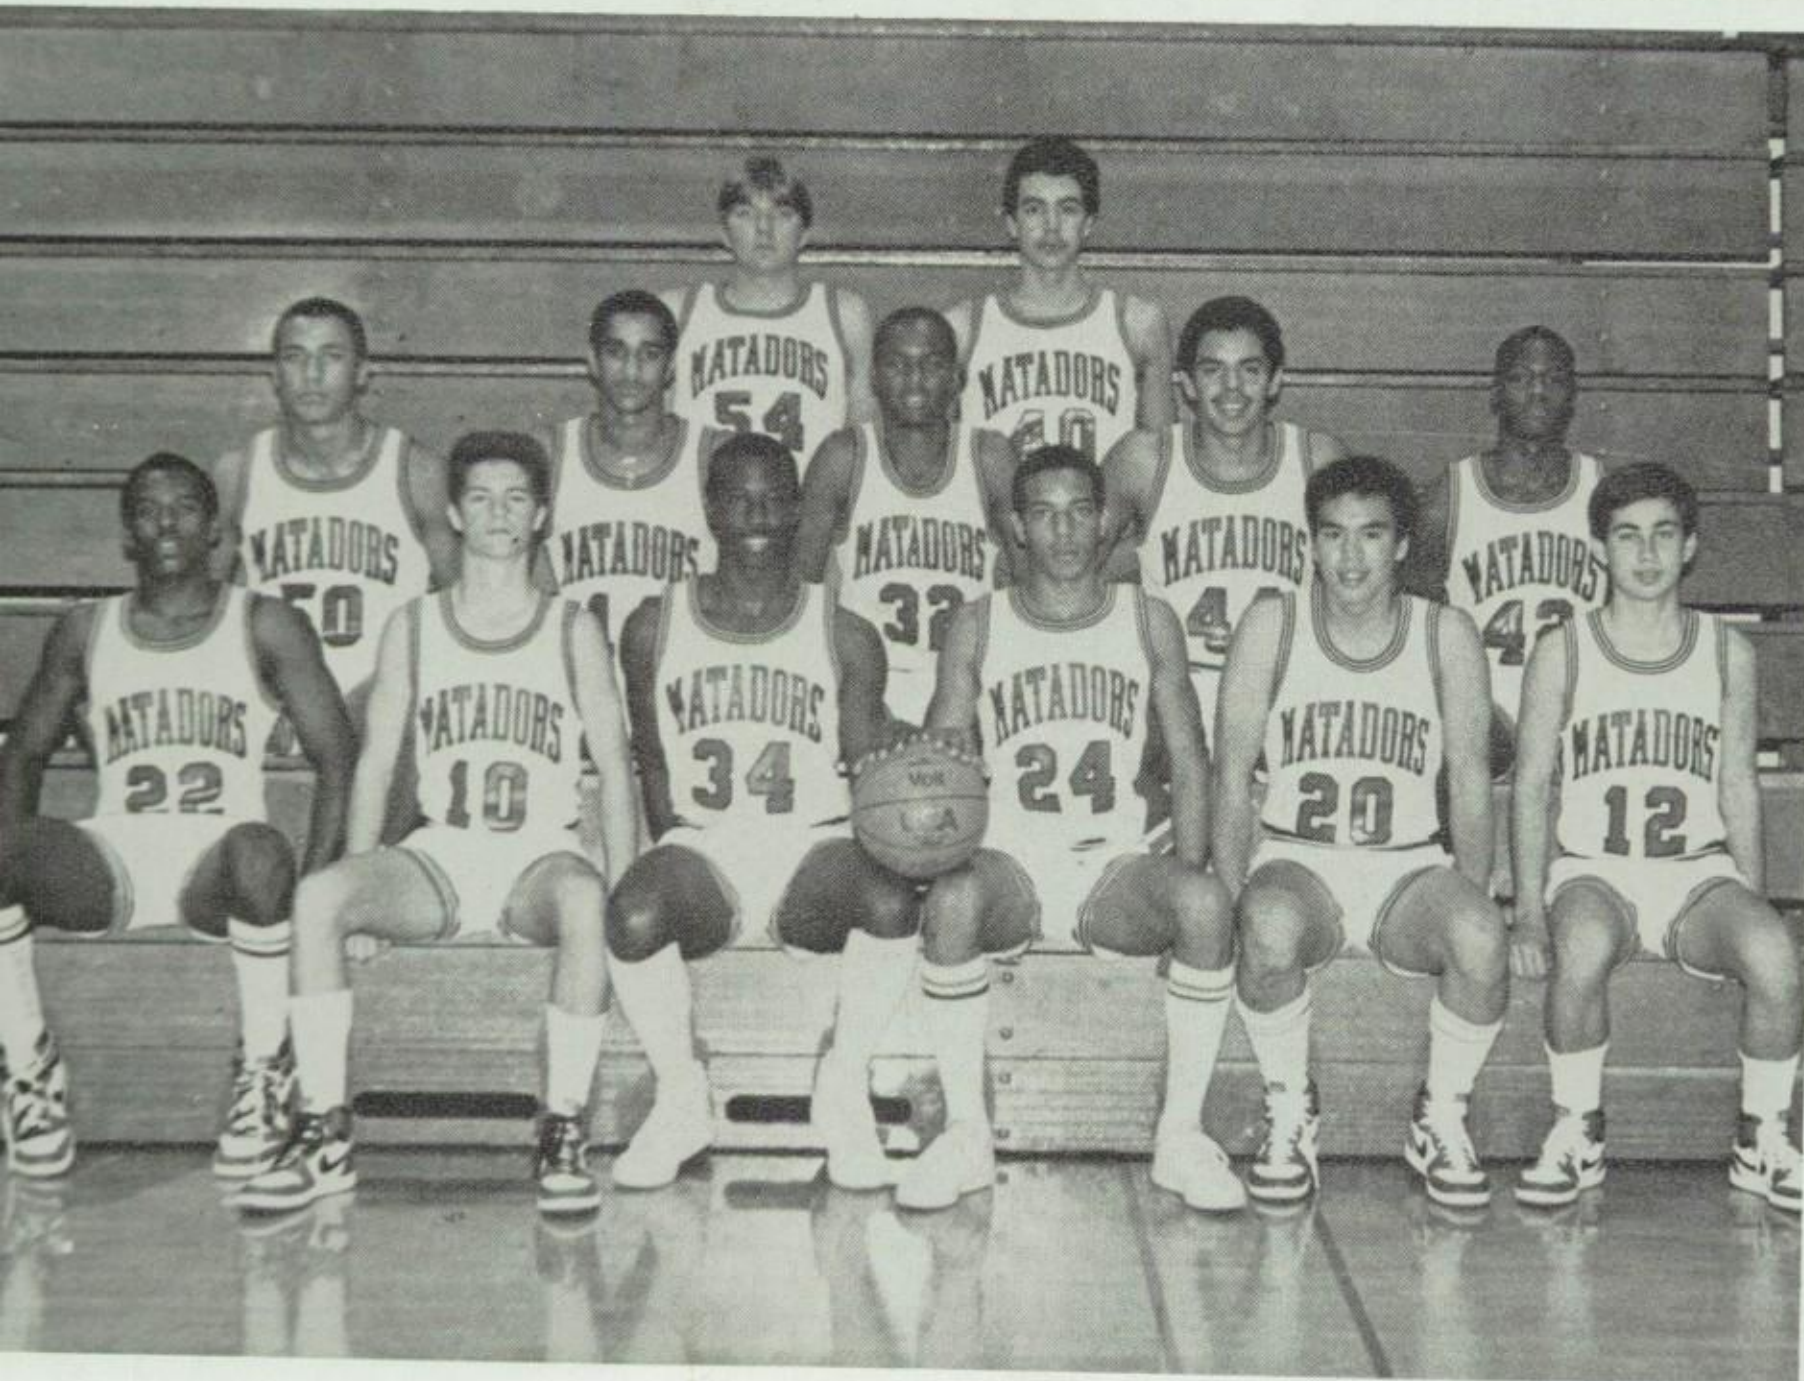

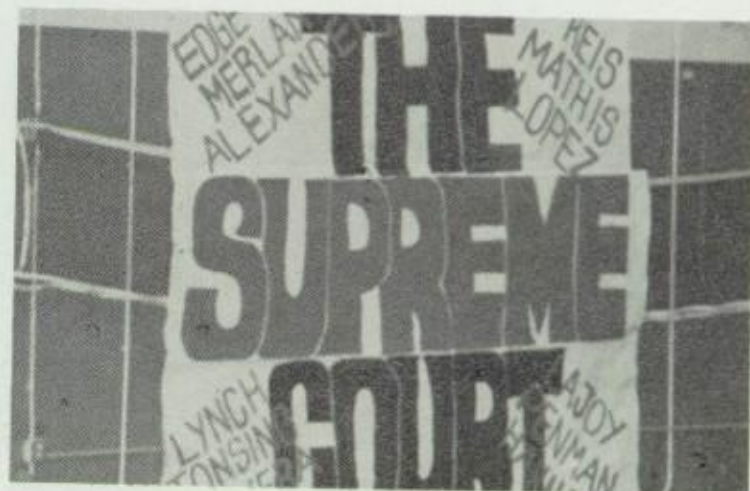

The Matadors had to overcome a lot of hard hits, like ineligibility and injuries. That was tough on everyone; but they pulled through for us all. This year's Supreme Court was a very promising team and they went all the way to the top. Coach Edge couldn't have said it any better: "The team will play to their full strength and abilities; so the rest of the league and county should watch for the Matadors!"

1. Chris Pennman uses his height and spring to receive a pass from a teammate.
2. An outside shot isn't a problem for #44, Gus Lopez, as he demonstrates here.
3. Coach Edge discusses new strategies among the team to master a winning victory.
4. Anthony Rivera goes for a slam dunk with speed and determination against El Cap.
5. Haywood Mathis shows his offensive talents by dribbling past an El Cap man.

Eager To Be The Best

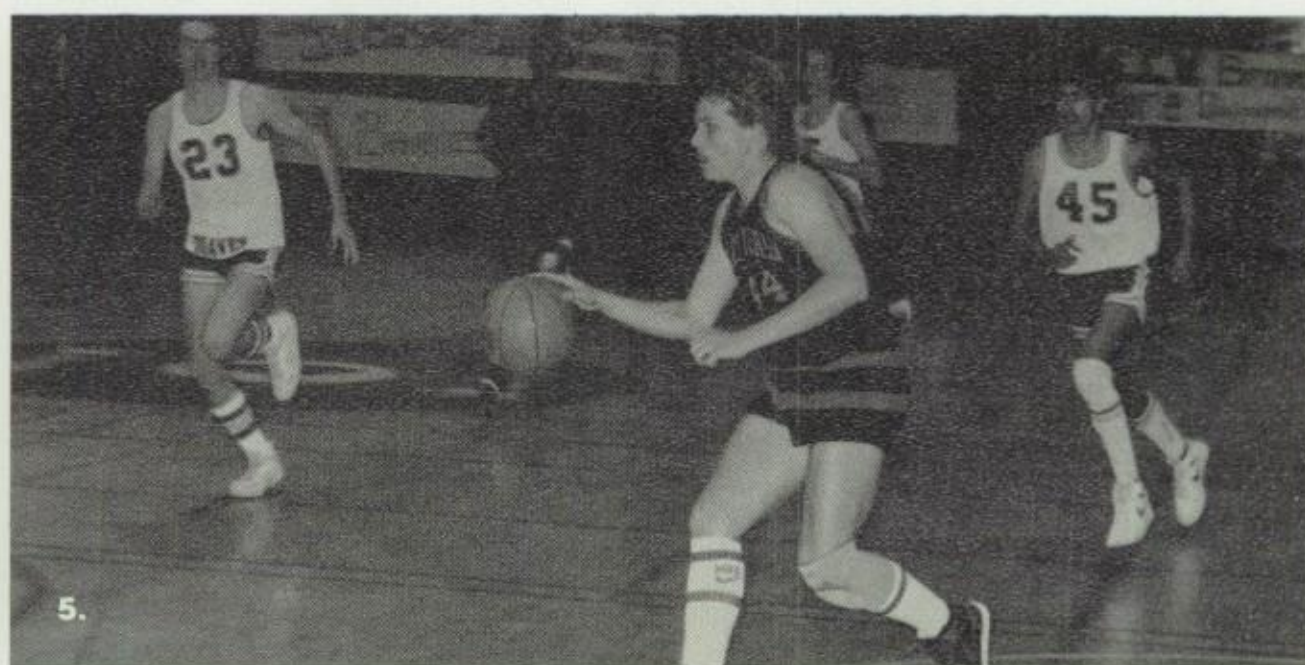

Running, dribbling, passing, shooting, and learning new plays was always done at the j.v. boys' basketball practices. The j.v. boys' basketball was headed by a new coach, Coach Davis. He brought all of the basketball players' interesting personalities and talents together to have the team act as one. At the first few practices, the coach viewed the players to select captains for the team. He chose Paul Pena and Robert Griffith.

All of the basketball players, in the coach's view, were the key to its success. Without all of them the team could not have acted as a whole. Coach Davis enjoyed coaching and working with the basketball team. He played basketball in college himself, but later become a professional football player for the Buccaneers. He chose to coach basketball because there was only one single team for defense and offense not like in football where there are separate teams. With Coach Davis athletic experience and guidance behind them, the team was eager to do their best.

Rising To The Top

There was a new team that dribbled their way into the basketball scene of the Grossmont League — and they were better than ever! They were the Lady Matadors! After years of rebuilding of what was to be the best line-up of young women in Matador history, the Lady Matadors were no longer at the mercy of its Grossmont League competitors. The Lady Matadors were "hungry," and they took no prisoners in their attempt to capture its first of titles in the Grossmont League.

Leading their way to glory was sharpshooter, Marla Swanson, followed by the multi-talented Carnaje sisters, Darice and Darlene, as well as the rest of the "Matador Vice": Charmelle Green; Nichelle Strachan; and Jackie Anderson.

With the invaluable advice which Coach Sewell Dunton presented to his players, the Lady Matadors managed through their first four games with wins and successfully continued their winning ways in the Lancer Tournament. The season marked a new era in the girls' basketball program.

Team Spirit Counts!

Team spirit is an essential part of our j.v. girls' basketball team. It kept them feeling competitive on and off of the courts. One thing that made them so unique was that they were filled with Matador spirit and pride. Devotion to the team and having the right kind of sportsmanship was what these girls had shown, in order to "slam dunk" the other teams.

Sue Stinchcomb was not an ordinary coach to the girls. She added to the team spirit and showed them how to respect the other players. She taught them how to play tough on the courts and to take chances whenever they could. The girls looked up to her with admiration and endeavored to make her proud. She also promoted sportsmanship and determination — not only to win, but also to stick together as a team.

When they first showed up for practice on the basketball courts, they struggled with the hours of hard practice. When the season ended, they were happy to find that team spirit really did count!

Take Down For A Crown

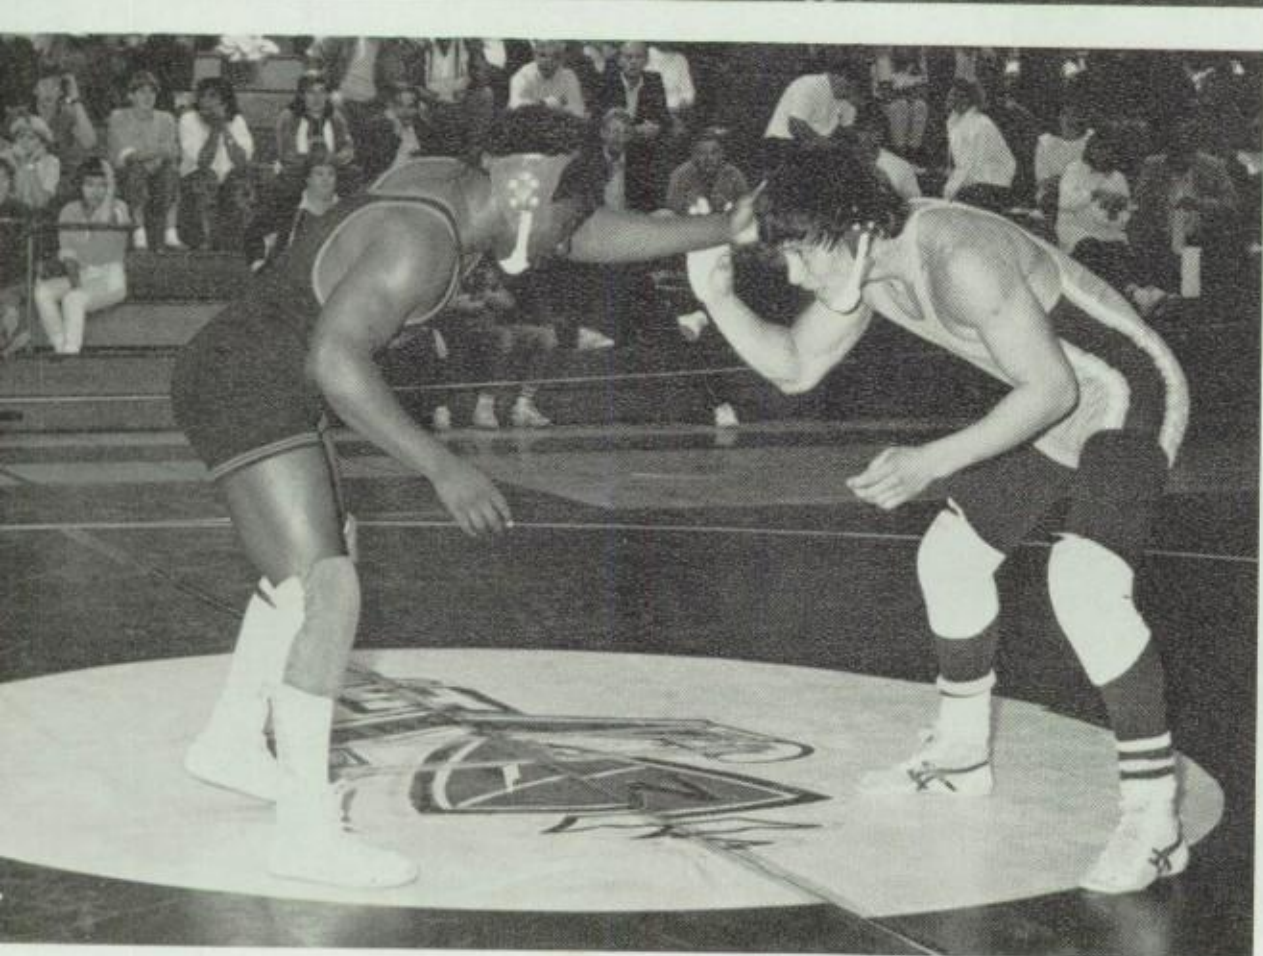

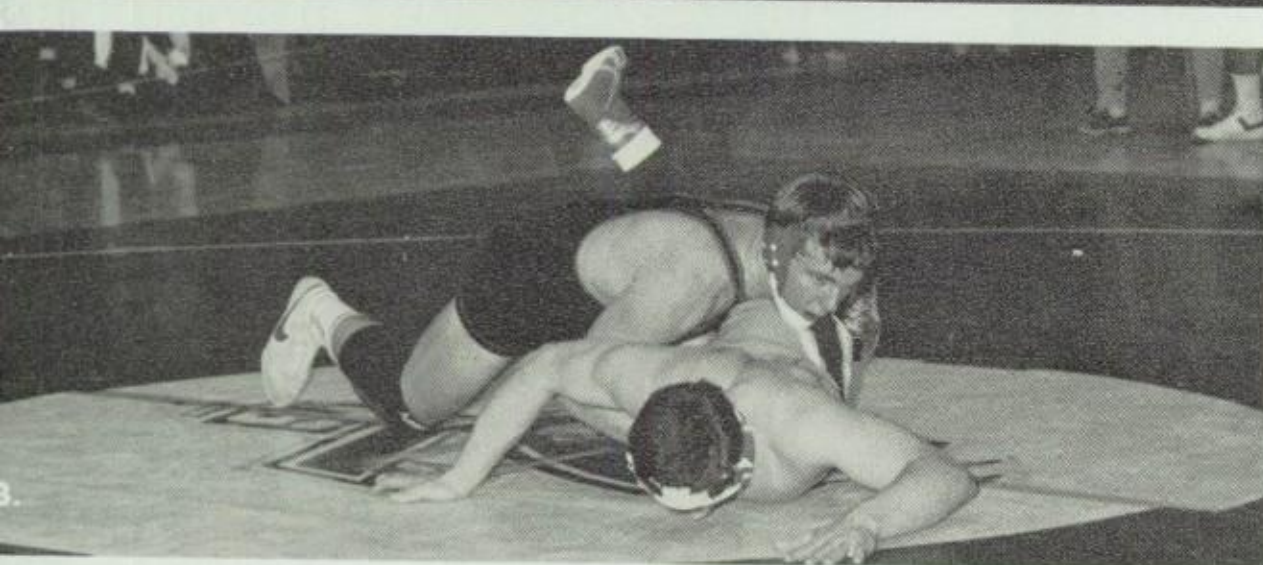

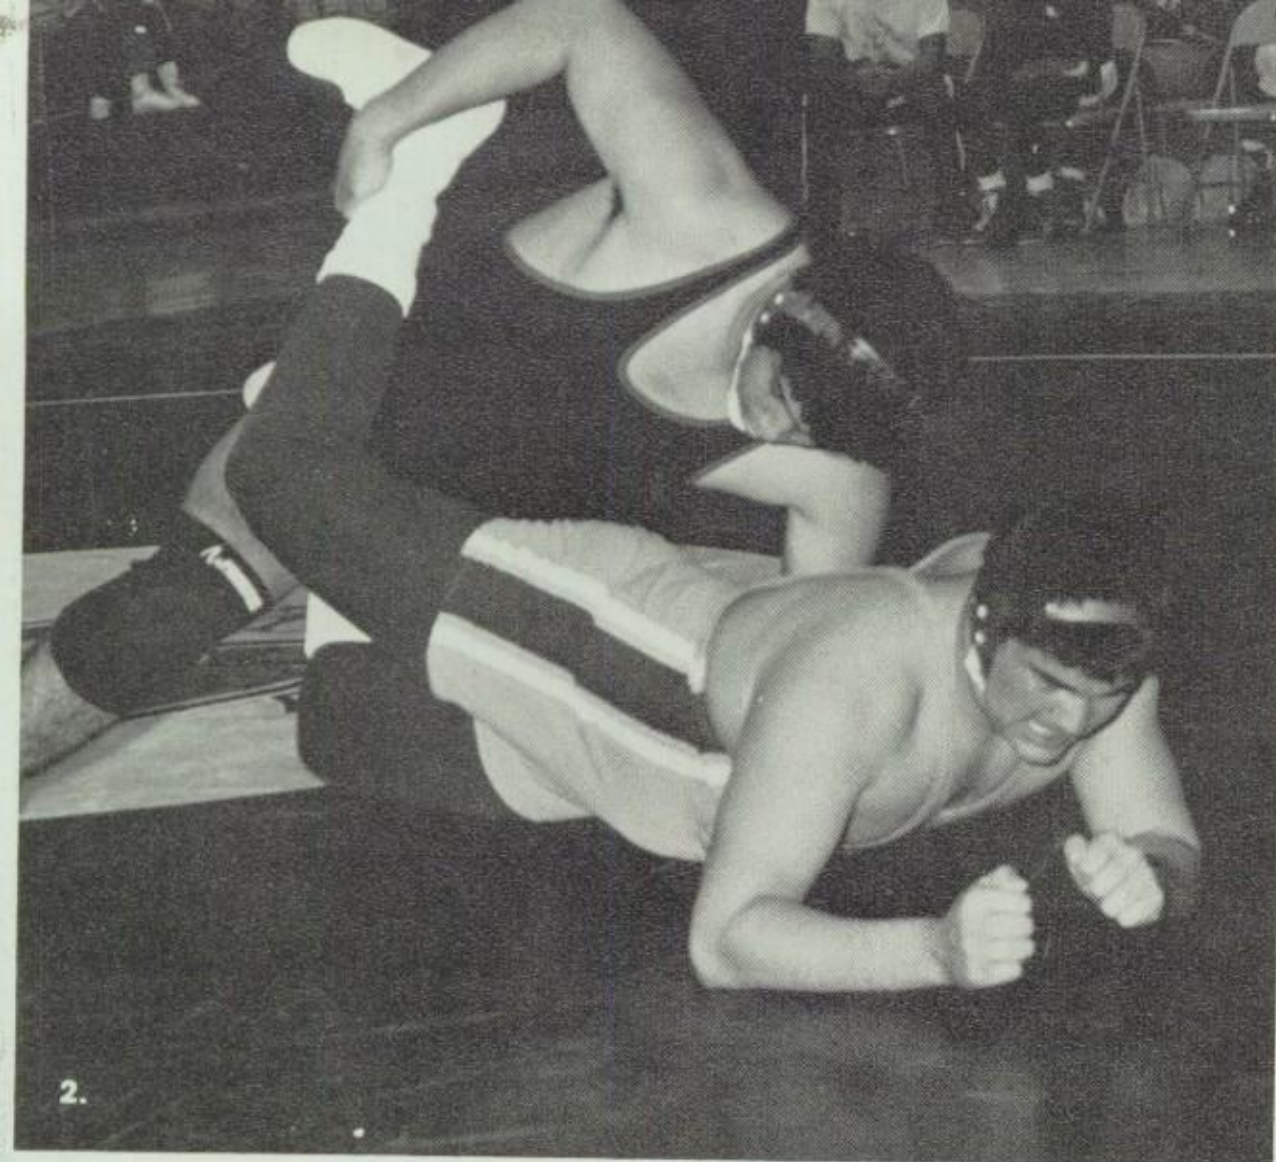

Hardwork, self-discipline, and non-stop determination were the main sources that brought Mt. Miguel's Varsity Wrestling Team to the top this year. Under the direction of Coach Russel Kusumoto and Assistant Coach Jon Millum, the team worked many long and hard hours to gain their success. Returning to varsity wrestlers, Brian Millum, Smokey Trussell, Mike Valentine, Tin Nguyen, Jesse Naputi, Manny Diaz-Conti, Jack Schaeffer, Rich Tarditi, Jim Toth, and Eric Stottlemeyer, pulled together and gave their all to help lead their team to the top of the league standings.

The daily practices consisted of running, weight lifting, calisthenics, special drills, and of course wrestling. Some of the wrestlers attended a wrestling camp during the summer, and team practices started early in order to prepare for the best season ever.

The 1985-86 varsity wrestlers aimed their goals for the top, and through team effort, self-discipline, and determination they proved their ability to excel and win.

J.V. Pins To Victory

"Take-down", "Escape", "Half-nelson", and "Cradle", may have been strange new words and phrases for first year j.v. wrestlers, but as the 1985-86 season continued, these moves became almost second nature to these young wrestlers.

Mount Miguel's winning reputation in wrestling attracted a large number of new, aspiring j.v. wrestlers. The over-the-average turn out of wrestlers provided more and tougher competition, thus producing better, stronger wrestlers. This, along with the regular rigorous work-outs, attributed to the junior varsity teams success. Star wrestlers like Tony Galvan, Jason Fisher, and Dean Talbot also helped lead the j.v. team to victory.

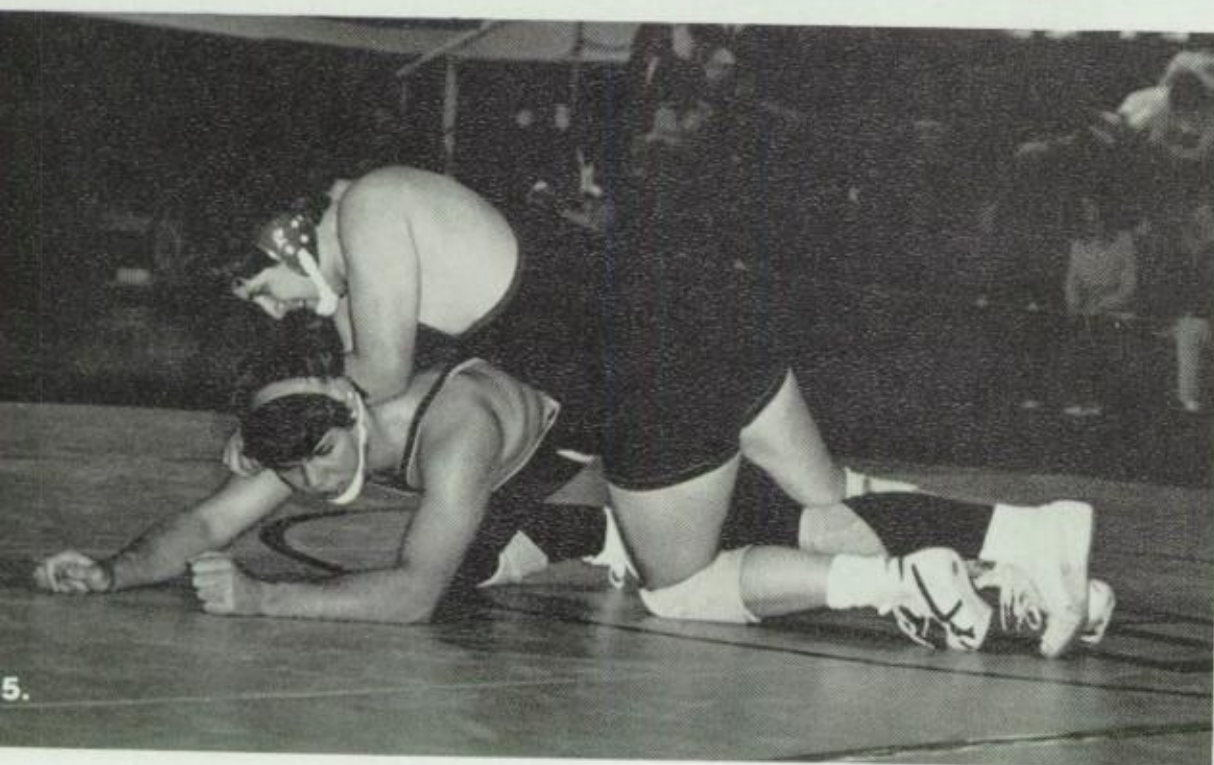

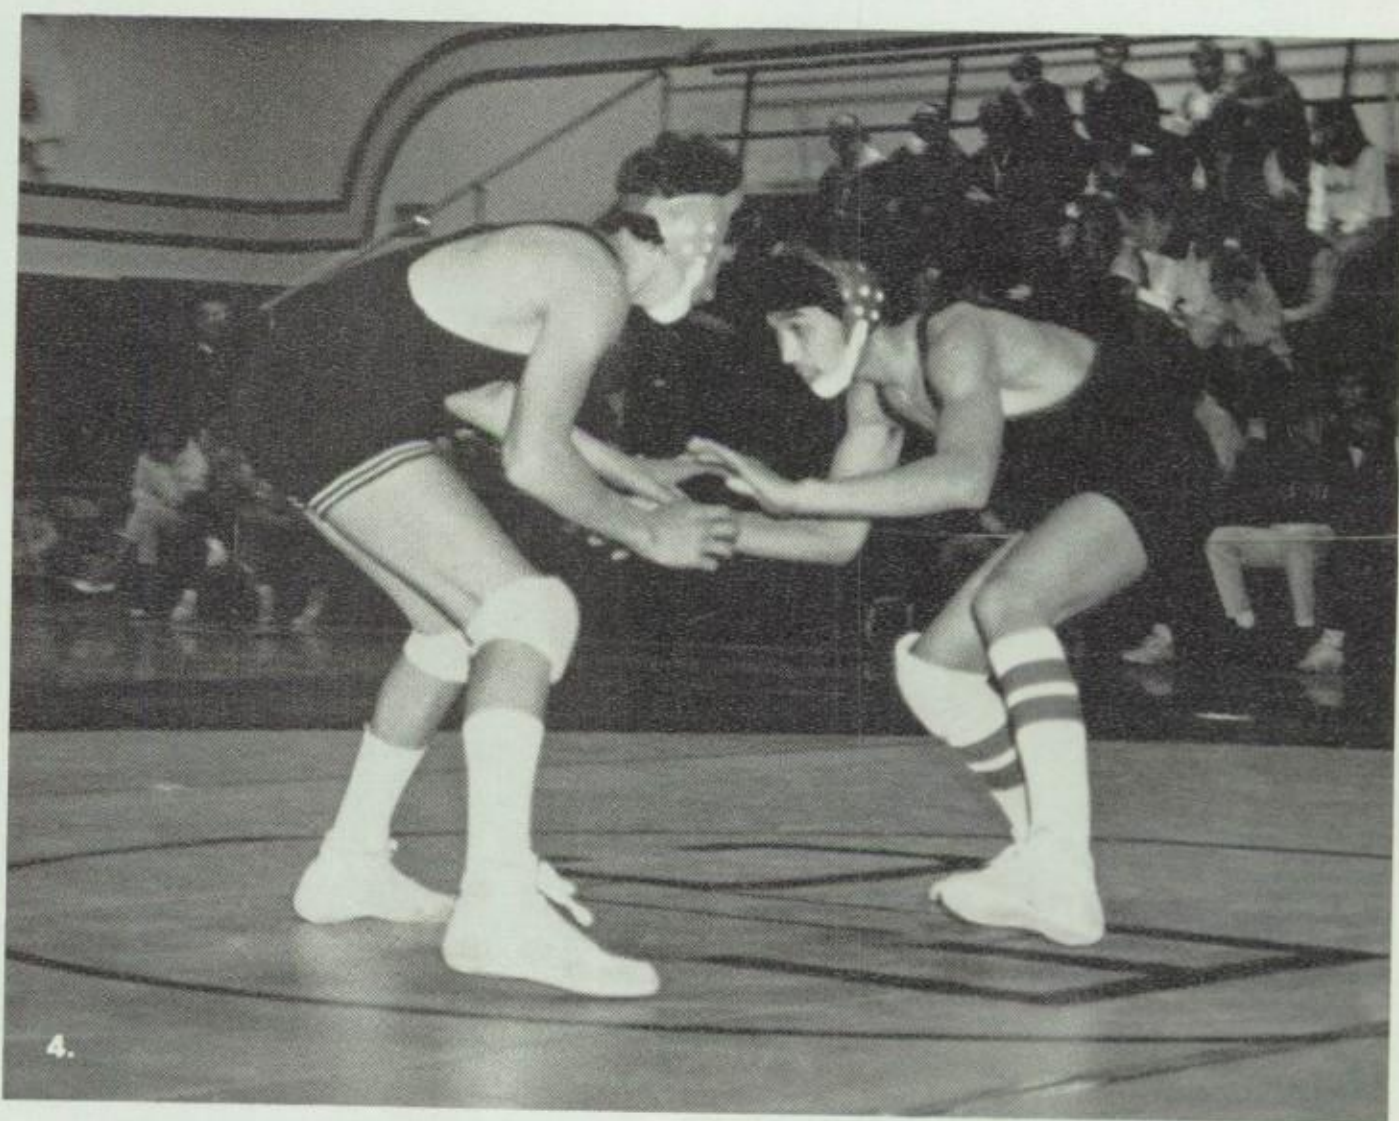

Coach Russ Kusumoto looks at the j.v. team as his future. "If you have individuals that are willing to learn even after success and still have that thirst to learn more about wrestling and styles, they'll be champions. It takes a lot of time, work, and determination."

Vicious Varsity!

When it comes to water, don't you think of scuba diving, surfing, swimming, or just lying like a dead fish in shallow water? A number of us may say yes but not to the ladies of the Mount Miguel Varsity Girls' Swim Team. It wasn't just "splish-splash" for them. Swimming was an adventure, from the first practice to the moment they put all their coordinated talents together.

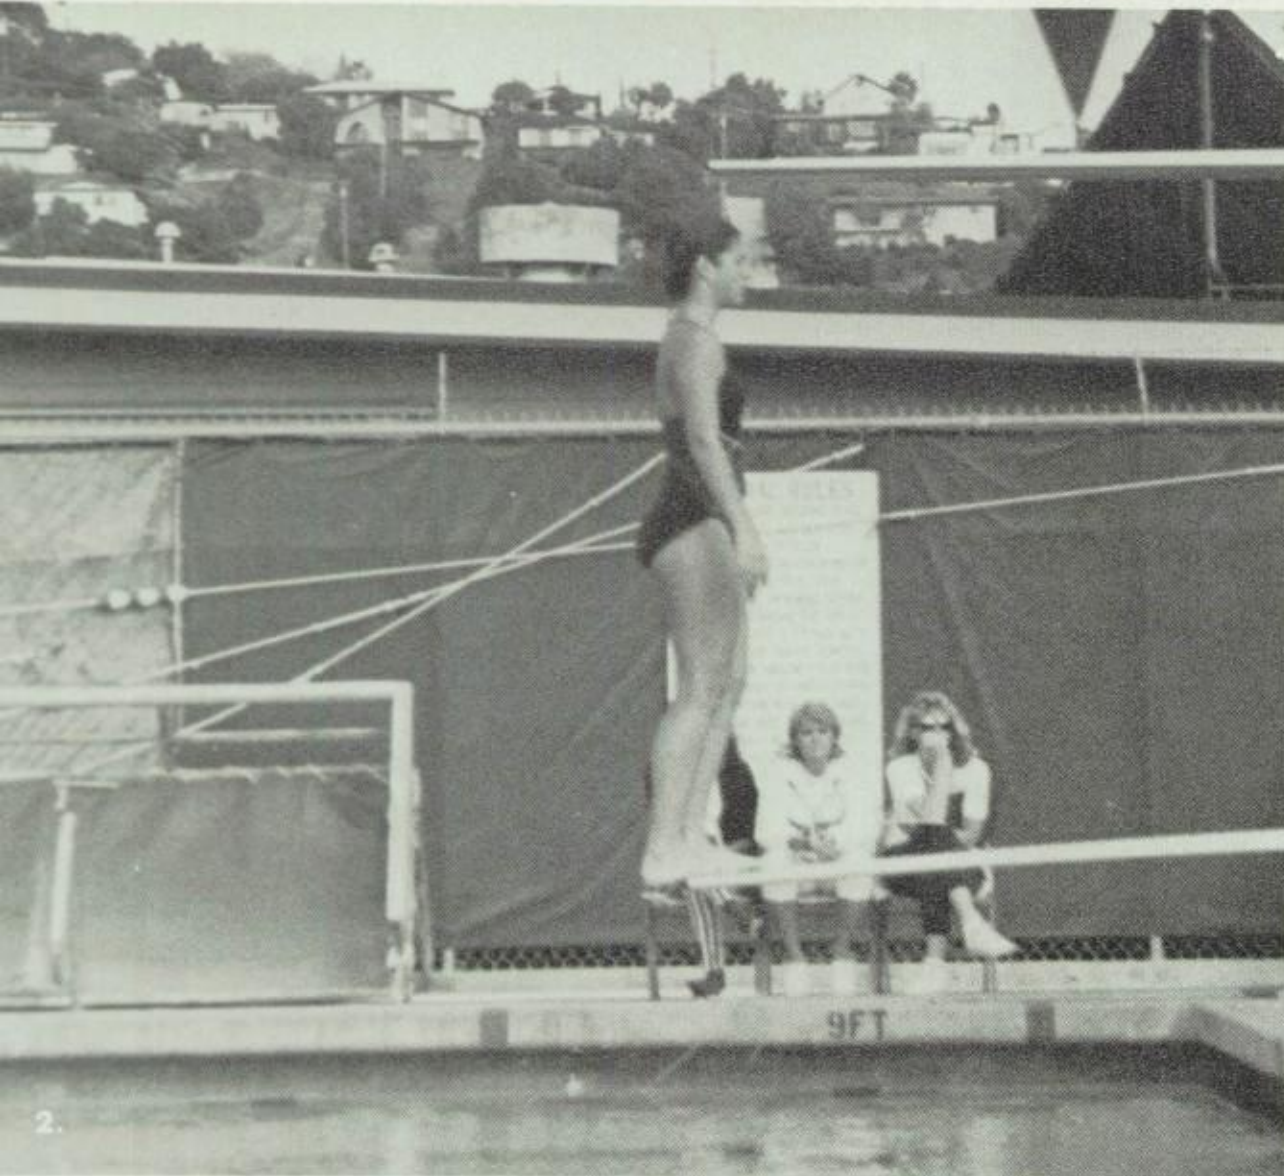

But behind the swim competitions lied determination, dedication, and hours of "hard-earned" practice. Through this deep involvement, each Mount Miguel Varsity team member improved and held their own personal achievements such as feeling great after beating the clock in a thousandth of a second. Freestyles, breaststrokes, and butterflys were perfected with grace, energy, and fast speed.

To help sum it up, Coach Liechty exclaimed, "The girls were great! Each of them had the potential that was enough to make a great team. I loved working with each of them. They're all talented."

1. With perfect timing, the young competitor is able to "twist and turn in midair."
2. This team member uses steady concentration as a vital key to execute drive.
3. Even this Matador needs to just lie out lazily in the water after a workout.
4. As they wait, someone shouts, "Swimmers take your mark!" and they're off.
5. This swimmer demonstrates her stamina and energy as she races against time.

A Splash Of Class!

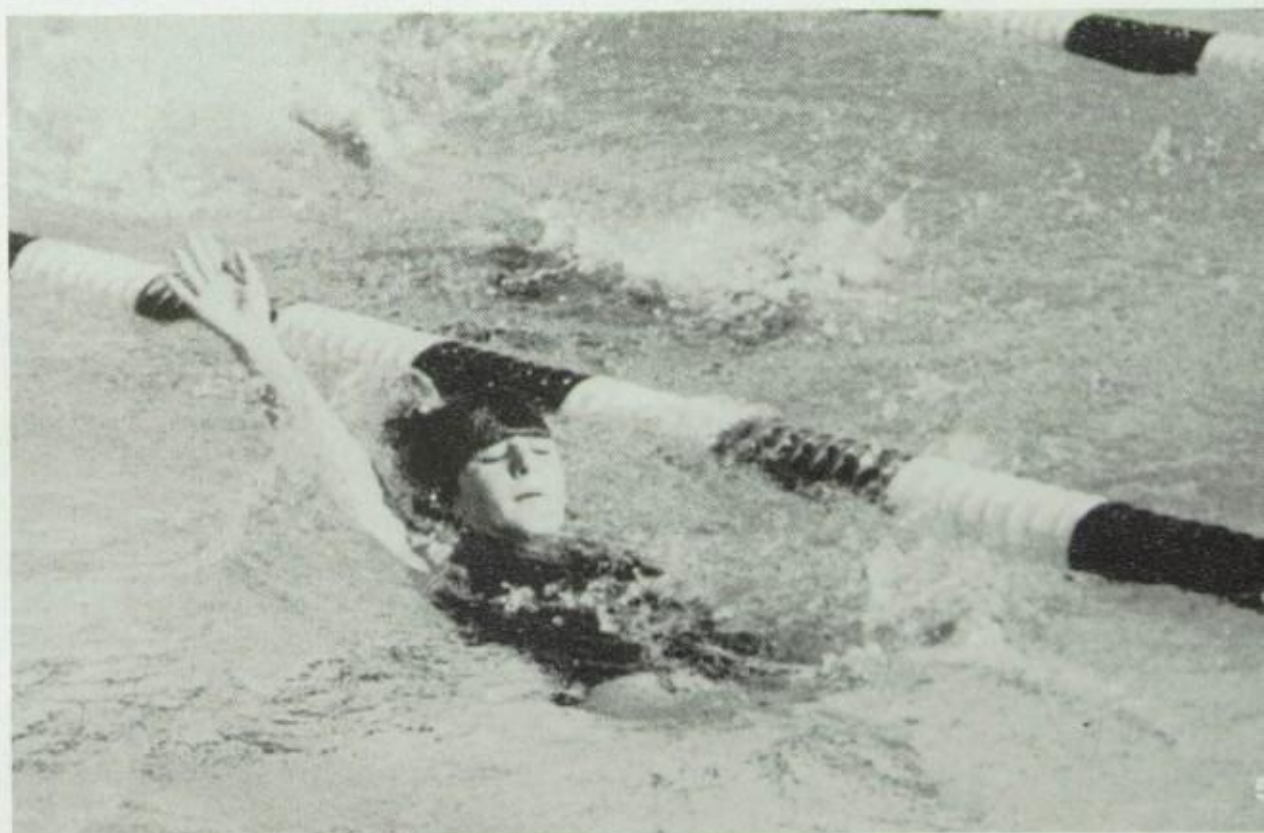

This year's Mount Miguel Junior Varsity Girls' Swim Team started off with a brand new coach, Amanda Crouch. Although it was her first time coaching a sport, Amanda had experience in teaching swimming and lifeguarding. As part of her coaching philosophy, she felt that each member of the team should enjoy themselves and gain satisfaction from participating. With Coach Crouch's inspiration, the girls were eager to learn, participate, and work hard. They proved that enthusiasm and sportsmanship were key words in making a good team come together as one.

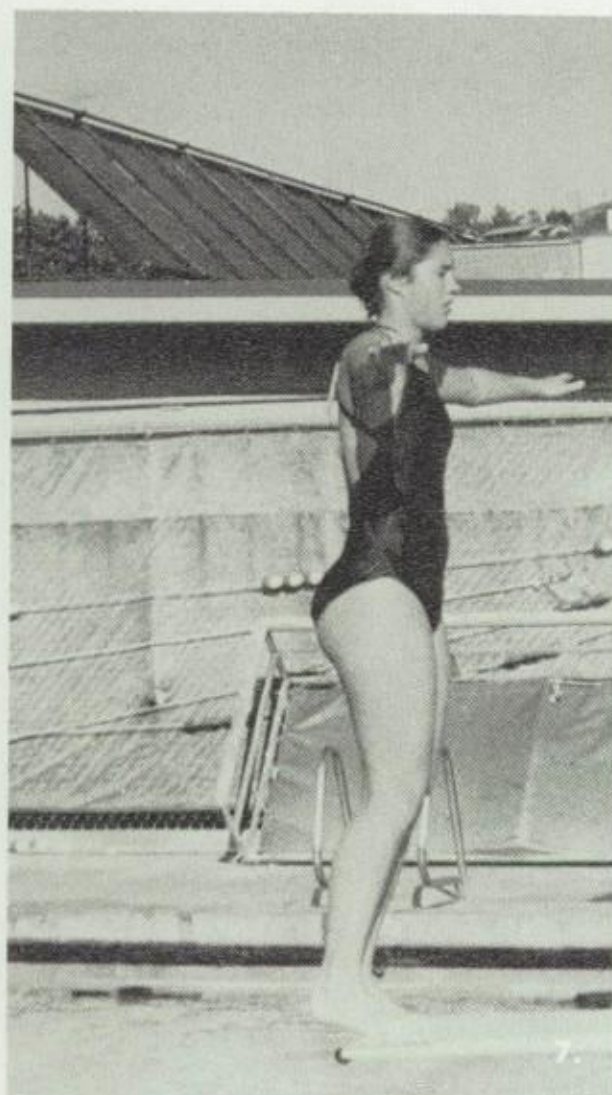

At each practice, the girls were required to learn and develop different skills, such as the butterfly, backstroke, breaststroke, and freestyle. The practices ran from 5:00-7:00 p.m. on Mondays and Wednesdays, and 3:00-5:00 p.m. on Tuesdays and Thursdays. The first meet was on Friday, March 7th at El Capitan. The newcomers showed their true abilities and proved that they would be a great contribution to next year's varsity team.

Congratulations girls on a job well done!

1. Sherri Westfall shows her determination to win in the butterfly stroke.
2. Amy Jones comes up for a breath of air with the look of determination.
3. Coach Crouch checks up on the progress of her swimmers' stroke techniques.
4. Team members often consult with their coach to keep track of their improvements.
5. Sadie Leone strives for the finish with a winning backstroke form.

6. Lynn Franey shows one of her many skills by doing the back dive.

7. For Carrie Peters, concentration is an important part in performing a good dive.

The Perfect Stroke

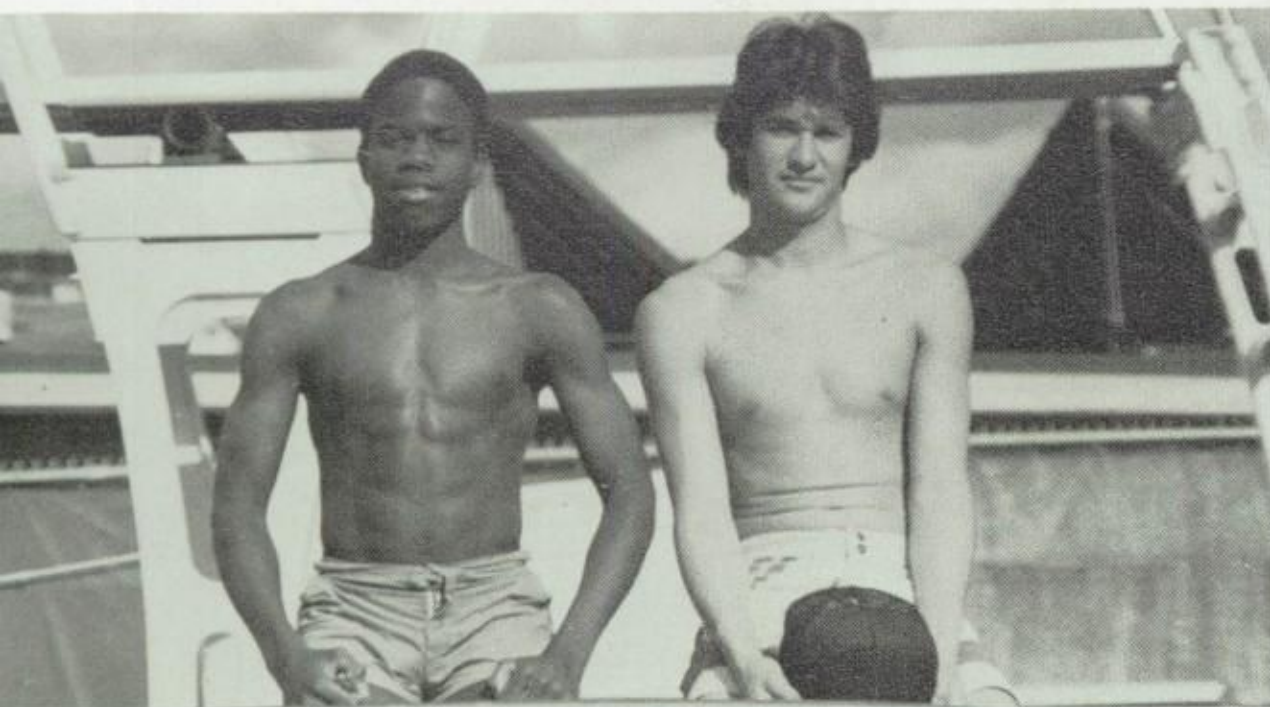

"Beep! Beep! Beep!" The sound of an alarm clock at five-thirty in the morning was very familiar to members of the varsity boys' Swim team. Morning practices were held from six to seven on most mornings, with an additional two hours of workout after school, Monday through Friday. Practices were difficult and strenuous, but for those swimmers who showed up everyday the practices were also very rewarding.

Workouts consisted of hard sprints of breaststroke, backstroke, butterfly, and freestyle. Endurance was strengthened with 500 and 1,000 meter warm-ups and warm-downs. Flip turns for all the different strokes and diving off the blocks were also heavily stressed.

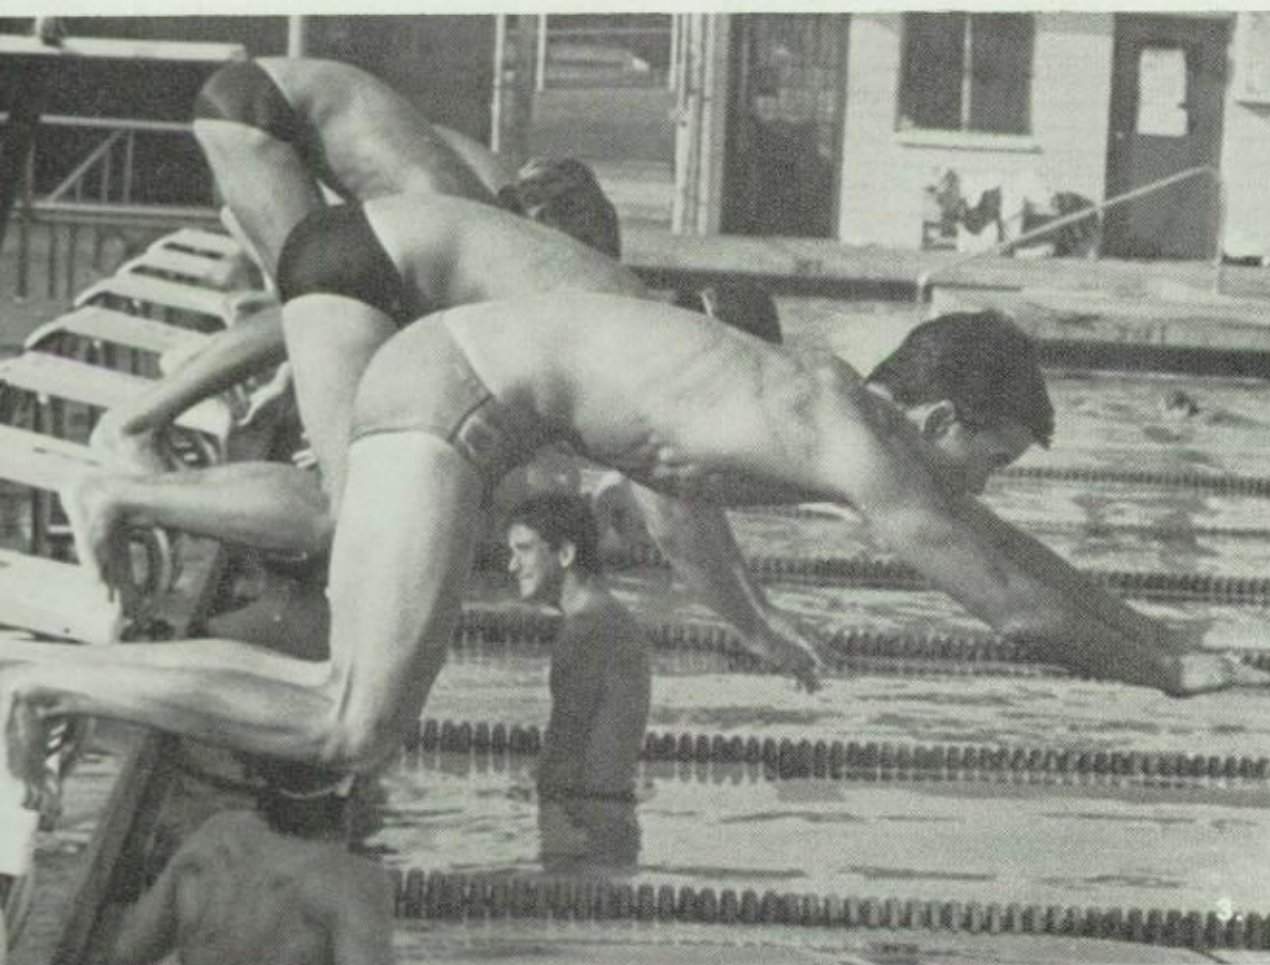

Swimmers who helped the team out the most were George Casey and Terry Lowther. Brian Wilbur was the coach once again this year, after leading a successful swim team and water polo team last year. The team was full of experienced swimmers, as they only lost three swimmers to graduation. Because of this, the boys' swim team was a powerhouse in the league.

Success Is The Name

The j.v. swimmers were crouched tensely on the diving platforms, getting ready to plunge into the cold univiting crystal blue water. The official stepped onto the pool deck with one arm held in an upright position for the next second. "Bang!" the piercing echo shoved the anxious swimmers into the fast pace timing of the next four laps.

This scene was one of the many that the j.v. boys' swim team mentally prepared for at each meet. Not only was physical strength an important factor needed, but determination was also needed to prove that they had the right stuff.

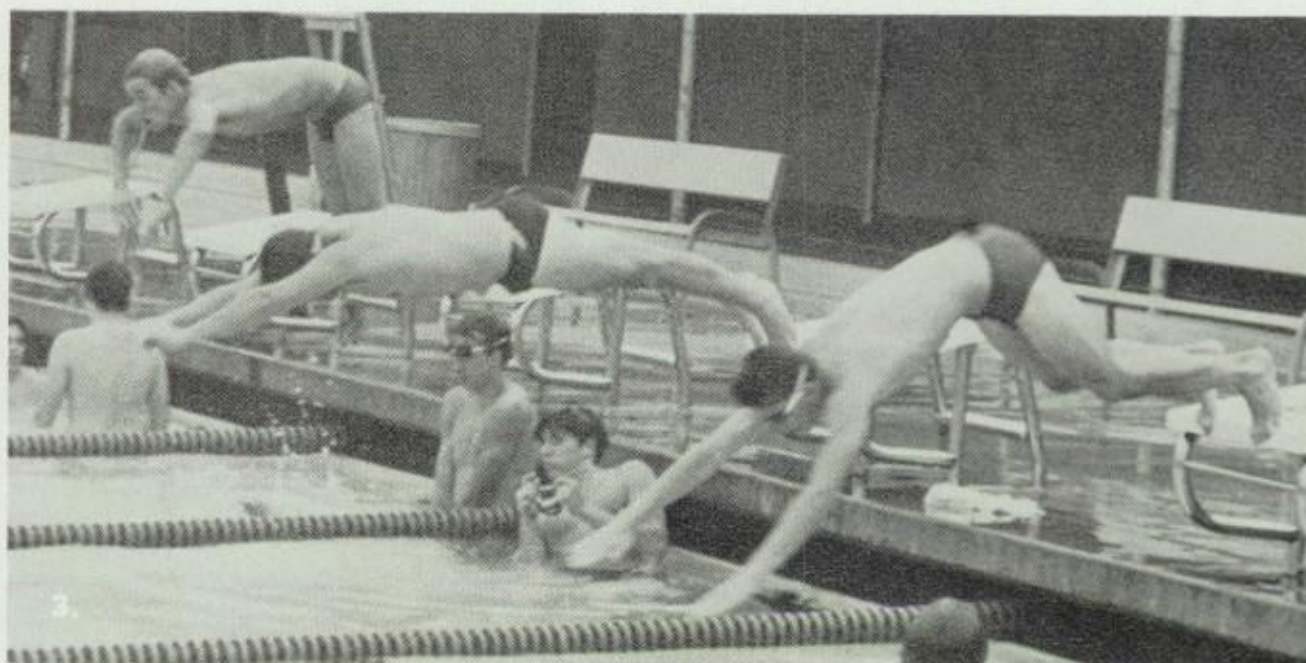

Daily practices were held after school for several callous hours. Many laps were swum in order for the swimmers to improve on their timing, starts, stroke form, flip turns, and sprints. With Coach Brian Wilbur's experience and knowledge, the team had tremendous improvement from the beginning. With determination and a new found skill, the j.v. team swum for success.

1. Coach Wilbur calls all the swimmers together to start training for the meets.
2. Chatting away with a manager, Coach Wilbur runs a close family of swimmers.
3. Creating skillful starts takes many leaps to put grace and speed into the sport.
4. Swimming laps and having fun while you are doing it is the way to survive.
5. The concentration shown by the swimmer was an important key in swimming a race.

Slides Into Action

Many spectators saw a new interesting side of the Varsity Matador Baseball team. The team was coached for its second year by Mike Trigs. Once again, this outstanding team had to face and deal with their inexperienced pitching. They lost two veteran pitchers from the lack of meeting eligibility standards, but that didn't stop the mighty Matadors. Coach Trigs did a lot of re-arranging out on the field to help out his only two pitchers from last year's junior varsity team, Juniors Anthony Garnica and Delfin Merlan. Returning senior lettermen Dean Dement, Ron Jaeks, Brian McClendon, Chris Sorenson, and Donnie Young also at the mound helped the team out a great deal. In the field, there was also the expertise of returning lettermen Rick Ayala, Bruce McClendon, Jason Stewart, and Rick Wurts. With all of the great experience and effort from Coach Trigs and his excellent team, there wasn't a doubt in anyone's mind that the varsity baseball team would "slide into action."

1. All players must have the determination to be the best as Dean Dement shows here.
2. Senior Donnie Young expresses his enthusiasm to win as he steps up to the plate.

Cracks The Bat

Baseball is a very demanding sport and takes great dedication. This year's j.v. team had both, giving them the qualities to go far. Coach Bruce Schlaich was in charge of the training again this year, and with his coaching, the team worked hard to be the best. Practicing long, hard hours the junior varsity team built stamina and strength while gaining the experience needed to be better than the rest. Experience is an important factor in any sport and this year's j.v. team received plenty of it. With practices and games, they learned teamwork and good sportsmanship. These skills were necessary to move on in baseball. As the season progressed, the members of the team improved each day. With the talent this year's team had they proved to be a great asset to the Matador campus. Teamwork and experience gave the junior varsity baseball team that extra touch to be the best. The Matadors had a terrific team, they worked hard and "cracked the bat".

Swinging For The Top

Coach Carol Oftendahl headed the varsity softball team as the season progressed. In her years of coaching she taught the same necessary skills and leadership qualities that the players needed. Coach Oftendahl encountered a task where she had to put together the new talents of the new players with the returning players from last year. The key players on the team were mostly the returning players: Tonya Jenkins, Katie Joyce, Traci Edwards, and Charmelle Greene. These players encouraged the rest of the players to work as a team and to be motivated in winning.

Practices were held everyday after school from 2:30 to 4:00 p.m. The practices consisted of running laps, throwing and catching the ball, and learning new defensive plays, given by Coach Oftendahl. Two nights of weight training a week, helped the girls stay in shape.

With Coach Oftendahl's guidance and each players' abilities, this year's team swung all the way to the top in both offensive and defensive teamwork.

Perfection At Its Best

This year's team included many new faces and a new coach, Maria Zinsli. Coach Zinsli was a soccer coach before she coached softball. It was her premiere year for coaching J.V. softball. Among the team members, Coach Zinsli discovered talented and skilled players to work with. They had good coordination and were filled with the enthusiasm needed on a softball field. But in order to play this kind of perfection, daily practices were held, which included batting, catching the ball, and sliding into bases. A dirty job, but it couldn't be avoided.

Little by little, every practice on that "crummy" field molded and conditioned each player to her potential. Each designed a strong, solid foundation for a softball team which gave them physical strength and vitality.

Like Michaelangelo, Coach Zinsli sculptured the team with her own techniques which proved to be one of her first "masterpieces" in this school.

Pride And Practice

The Varsity Boy's Tennis Team was off to a good start this year. With members returning from last years' varsity team, the team was sure to be as strong as ever. The players attended practice everyday afterschool. With the help of the coach and assistant coaches, improvements were made and stronger playing developed. The players worked hard and strived to the best of their ability. When time for matches came along, they were determined to do their best to win. "Our team has a lot of strong players. If we really put everything we have into it, we should come out with a pretty good record," commented Joe Garrido. The players showed their pride for the team and for our school. No matter what happened, being a Matador assured them that they would all come out winners. Another player on the team commented, "By sticking together as a team, we get the support we need." Through their spirit, hardwork, and determination, the team contributed to a very successful year.

Matches Of Victory!

Being friends with everybody on the team helps boost-up your spirit, and determination to win, not only for yourself, but for the school," said Bryan Dykstra, a returning player.

With Robert Peterson as coach, and a few alumni helping out, there was no doubt that the team was going to do great this season. They always helped out with the spirit, and the advice in whether to "back-hand" the ball here, or "slice" the ball there. Of course, when the team members were chosen around the end of February, it was because of their ability, determination, and pride in their school.

A team member had commented, "This year's team had a lot of returning players along with new faces that helped the team get through the season. Although the team took some time to learn their game plan, with the help of Coach Peterson and a few alumni, the team had surely given their opponents a difficult match. Mount Miguel is proud to have a team of such skill and vitality."

6. Greg Bantigue puts all his energy into the swing to win the match.

Influenced By Spirit

Consisting of about twelve to twenty five members, the girls' varsity track team was really strong this year. To maintain their credibility, the practices were held everyday on the track field at 2:45 p.m. They practiced everyday on a lot of running work. Those members that specialized in field events worked on them once a week. Even with all the practices that were held, eligibility was a big factor to continue the team's winning spirit.

Michael Cours, who has been the coach for both the boys' and girls' track team for five years, had a great influence on the members. Before he came to Mount Miguel, he coached at Helix and El Capitan. He enjoys coaching track because he likes the sport a great deal. "I like to help people who like to do their best in whatever they do." Coach Cour's supportiveness throughout the year was what helped the girls' track team to a winning season.

A Stride For Pride

Athlete - anyone trained to exercises of physical agility and strength." This describes every member of the boys' varsity track team. Setting goals and achieving them was the key to success for this very talented team. Not only did they have long, hard practices, composed of running, sprinting, and calasthenics, but also through team effort and individual pride they proved themselves to be the best they could possible be.

Leading the team this year was fourth year varsity member, Ronny Young. His strong events were the 100 meter, long jump, and high jump. Other returning varsity members were Morgan Welch, running the 100 and 220, Tim Kyser running the 440 and 880, and Bob Lowther and Pat Higuera both running the mile and 2 mile events.

Another asset to this year's team was the "talented duo," Donnie Young, playing baseball and running tack at the same time.

This year's team truly carried on the tradition of excellence with every stride they took.

1. As he soars over the bar, Ronny Young proves his skill in the high jump.
2. Promising athlete Kevin Jones demonstrates jumping as one of his many talents.
3. Stretching before a meet is essential in order for the runners to perform well.
4. After completing the mile, Bob Lowther victoriously crosses the finish line.
5. Intense concentration shows on Wayne Rudd's face as he prepares to throw.

On The Right Track

"Runners take your mark ... get set ... GO!" These familiar words could be heard as the gun sounded off to mark a new prosperous season for the j.v. boys' track program. Many new faces could be seen as the first week of practice began. This proved to be an important factor as the season progressed for many of the new members were able to fill in the vacancies left by those exceptional individuals who were moved up to varsity.

For those j.v. athletes that remained from last year's crop, they would have to set the examples for the inexperienced team members of what a successful athlete can become — the ultimate varsity athlete. "I was on j.v. during the first week of practice, but after putting more effort into my events, I was placed on the varsity roster," commented Kevin Jones.

With effort and determination, the j.v. member will reach his goal of winning his event or possibly moving up to varsity rankings. These goals were apparent as they strive for a strong j.v. team.

Flexing With Skill

Gymnastics is a very demanding sport. It requires both physical and mental skills which are necessary for true success. This year's varsity gymnastics team consisted of five girls. There were two optional competitors, Sarah Crowl and Margaret Faulkner, who were required to create their own routines. They all worked very hard at perfecting their own skills and helping new members. This year there were many new girls who joined the junior varsity team, many of whom showed great potential. The girls worked-out from 2:30 to 5:00 p.m., five days a week and sometimes Saturdays. During their work-outs, they learned to specialize in four events: the balance beam, the uneven bars, floor exercises, and the vault. "My best and favorite event is the bars," said Leslie Keesling, a returning varsity member and team captian. The team was coached by Mrs. Kathie Johnson who has been coaching gymnastics for five years.

FACULTY

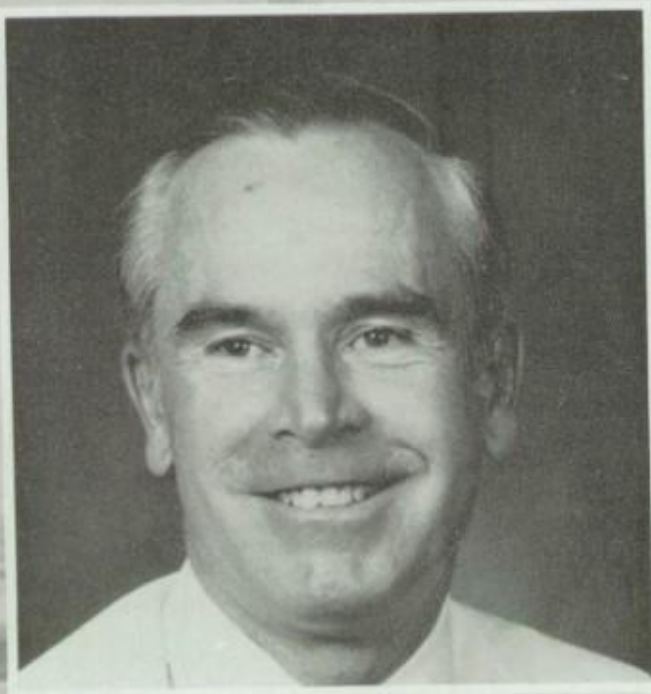

Administration, Faculty, And

Despite the many setbacks our Administration faced when school began in September, they have done an excellent job in making 1985-86 a prosperous year.

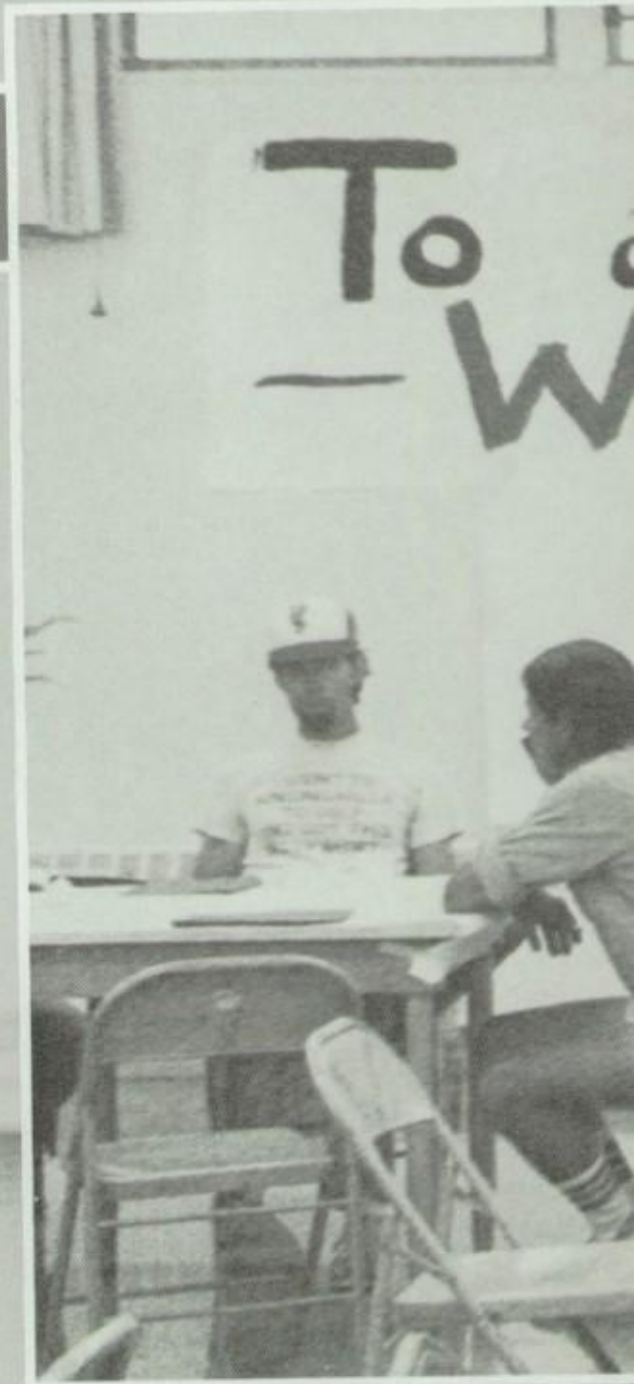

Principal, Thomas Flood, has led our school administration for the last seven years. As usual, with the help of a terrific staff, he has done a great job.

Our teachers started the new year on a sad note. They began the year without a contract. This aroused many problems in the classrooms. There was overcrowding of students and a shortage of supplies. Not only were the teachers preoccupied with the proposed strike, but the students were also concerned. After approximately six months of negotiations, a contract was formed, and the classroom environment began to change for the better. Our teachers did a superb job in making the classrooms as exciting as possible.

A big THANK YOU goes to all the staff members at Mount Miguel. Like every year, they have done an excellent job to further the students' education at Mount Miguel. You've done a Great job!!!

STUDENT COUNCIL

Students in action! That described the student council of 1985-86. The student council often didn't get the recognition it deserved. The ASB Vice President, Frances Bassett, presided over the organization. Tanya Peters was her assistant and Kelly Stammerjon was the secretary of the council. Mr. Ric White was the advisor and always kept things running smoothly. The council was composed of two branches: the House of Representatives and the Senate. The House of Representatives was made up of classroom representatives and the senate consisted of representatives from clubs on campus. With the combination of both branches, the council got a wide view from all the students on campus. Some projects the student council worked on were starting a SADD chapter at Mt. Miguel and improving the clean campus campaign. The student council made decisions concerning the entire school and this year's group definately worked hard and did an excellent job!!!

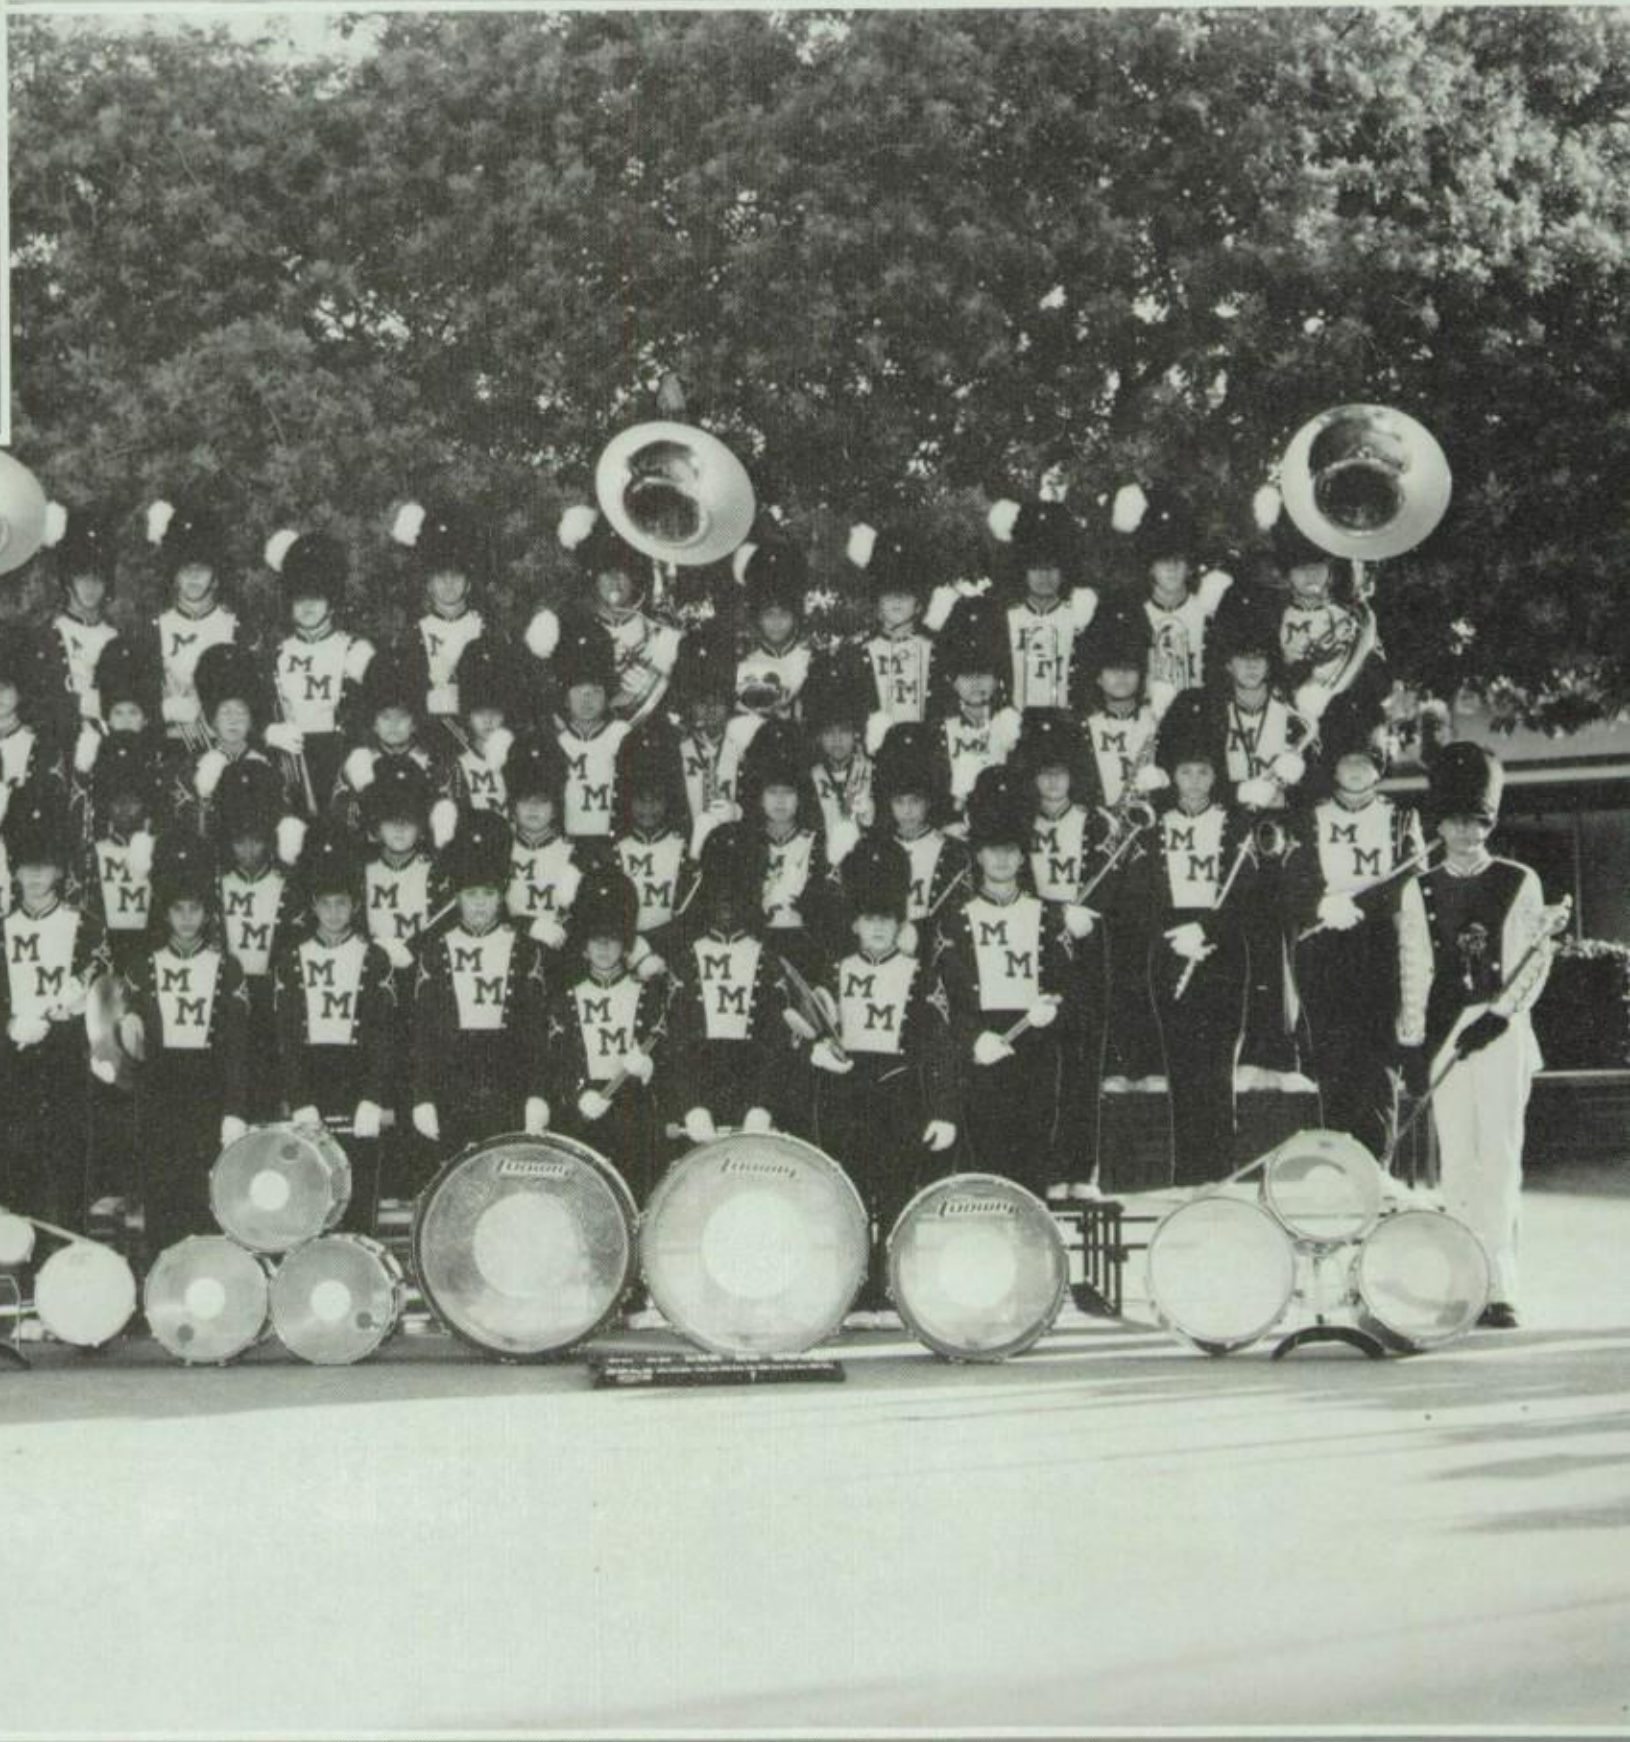

1. The executive officers are responsible in keeping the group attentive.
2. Heading the clean campus campaign, Mike Brownlee addresses student council for ideas.
3. Student speakers are a big part of student council, as Leah Northrop demonstrates.
4. Students often compare notes before returning a report to their classrooms.
5. Mr. White is an excellent advisor. He's always involved and energetic.

Marching Band

The pride is back! Led by award winning drum major, David Chell, the band placed in almost every competition they attended, including first place at the Vista Parade and second place at the San Dieguito Field Tournament. The tall flags, with Captain Beth Bartholotte, placed at Charter Oaks and Antelope Valley field tournaments; the percussion section took first at Charter Oaks and the Grossmont District Drum Line Competition.

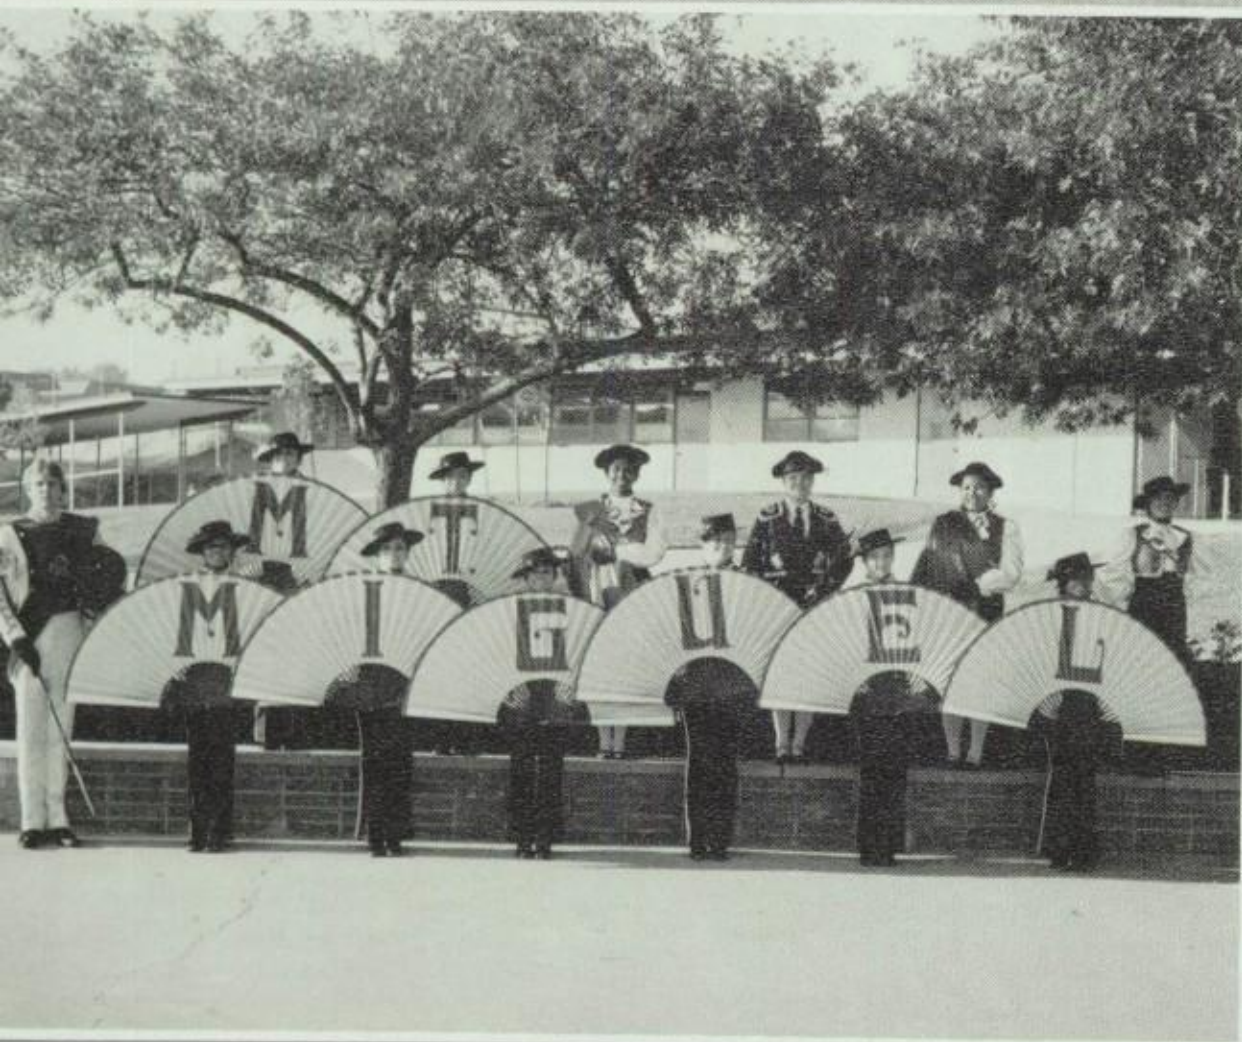

This year's director, Roy Anthony, had a few comments about this year: "I've been very pleased with the progress and enthusiasm of the band, and I'm looking forward to many successful years to come." With all of the positive guidance our newest director gave, the future was really looking up for the marching matadors.

Orchestra

With fifteen string players and nineteen winds and percussionists, led by Director Roy Anthony and Concert Master Israel Platero, Mt. Miguel's Concert Orchestra had a busy and productive year. Hosting the Tenth Annual Southwest Orchestra Festival on April nineteenth was a major responsibility. With all the volunteer work and energy of the students, the biggest event held on our campus all year went smoothly.

The strings worked during fourth period daily practicing scales and concert music and on Wednesday nights the full group got together for combined rehearsal.

The orchestra took a three day tour, April 25-27, to Catalina Island to participate in the Catalina Music Festival. In addition to their winter and spring concerts they competed in a number of local festivals with great results.

1. Mr. Anthony carefully guides his students through a difficult passage.
2. Juniors, Rachel and Shelly Hall, read through their saxophone parts together.
3. Fine musicians must be able to watch the director while following their music.

The Symphonic Wind Ensemble, with its 36 members, was the most advanced music class on campus this year. The students spent their classtime working on scales, advanced rhythms, sight reading, and difficult band literature of all types — from popular to classical. They also held sectionals before or after school and had evening rehearsals on Thursdays.

The Symphonic Winds performed in their Spring and Double Feature concerts, as well as in the Band and Orchestra Festival, Maytime Band Review, and graduation. On March first, 23 students participated in the Solo and Ensemble Festival at Helix and all received "superior" ratings. Tuba player, Danny Urban, also took 1st place in the district for the low brass division.

"These kids produced a lot of good music this year, and were a pleasure to work with," commented director, Roy Anthony.

Symphonic Wind Ensemble

Concert Band

This year the Concert Band was composed of thirty-four musicians, primarily freshmen. Many of the students were members of the marching band first semester, and were placed in the lower of the two divisions that the class became second semester. There they continued to develop their skills at the intermediate level.

Members of the Concert Band used their classtime this year to work on scales, rhythms, music reading, and music of medium difficulty.

The group participated in many events this year, including the Double Feature Concert on March 19th, and a combined performance with the Wind Ensemble and choirs in the Spring Concert at the East County Performing Arts Center on April 29th. They also played in the Band and Orchestra Festival on March 14th, as well as at graduation.

1. This clarinet section enhances the tonal quality of the entire ensemble.

2. These percussionists work together to figure out a challenging rhythm.

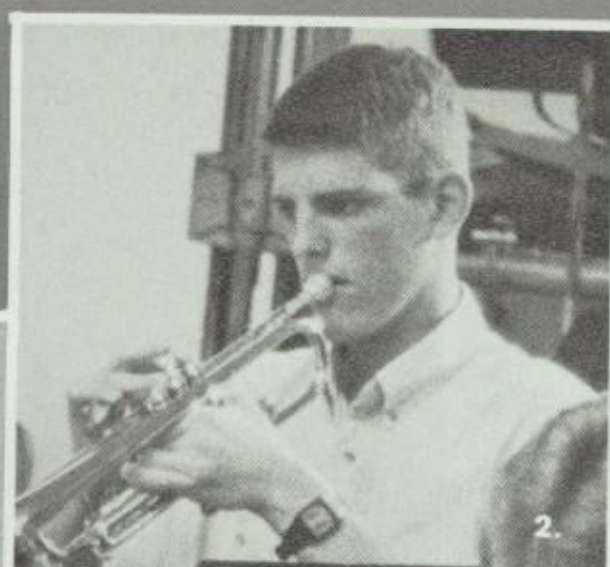

3. Cathy McEwen works out the fingering of her music for an upcoming concert.

4. John Jackson brings a fullness to the sound of the group with the concert bass.

5. Carmen Macias holds a roll on the kettle drums and watches for the cut off.

2.

1. Curt Zaske and Ray Cuevas work on their instrument fingering and slide positions.
2. Jason Scholl brushes up his fingering technique by running through scales.
3. In order to keep his group together, Mr. Anthony exaggerates the down beat.
4. Freshman, Robert Brewer, spends some of his classtime working on his rudiments.
5. Carefully reading their music, these percussionists work out the correct sticking.

Learning to play a musical instrument, whether it's a flute, a clarinet, a trumpet, a saxophone, or the drums, is undoubtedly a fun and rewarding experience. These students, and members of Mount Miguel's Cadet Band, who did, will surely attest to that fact.

"Ninety percent of these students just started playing this year, and they've come a long way," said director, Roy Anthony, proudly regarding this group of thirty beginning musicians.

Members of the Cadet Band spent their classtime this year working on scales and technique while learning to play relatively easy music as an ensemble.

On March nineteenth they had the opportunity to show their parents and friends how much they had learned about music and their instruments in just a few months, at the Instrumental Music Department's Double Feature concert.

CHOIR AND GIRLS' CHORUS

Under the direction of Mrs. Judy Faulhaber, the combined choir and girls' chorus really made an impact on our school. Performing in a Christmas concert with the orchestra started the year off right. The choir also entered several competitions and placed very highly.

Girls' chorus consisted of thirty-four girls and one boy. Choir had twenty-seven members of boys and girls mixed. Each group practiced one hour a day, but special practices were held before the performances.

Singers were provided with outfits for the first time. Choir members wore white shirts with black pants or red skirts. Chorus wore red shirts and black pants.

Choir and chorus members gained the wonderful experience of performing as a successful team.

1. Senior Bob Holm was the ensemble's pianist for the second year in a row.
2. Judy Faulhaber had her hands full directing choir, girls' chorus, and ensemble.
3. Performing at the Christmas concert, ensemble not only sang, but acted, too.

Classical, jazz, and popular music are the things you would have heard being sung if you walked by the choir room during fifth period. The ensemble was a special group of singers selected through auditions held by Mrs. Judy Faulhaber.

A special performance was given at Fiesta Dinner Theater to raise money for scholarships. They also performed at a Christmas concert with the orchestra, and in competitions all over San Diego County.

Nine girls and eight boys made up the singing group, with Bob Holm as the accompanist. Many of the members were returning from last year, but new voices were also added.

Ensemble was a wonderful addition to the music department, and all enjoyed the good music provided by the dedicated performers that made up this group.

ENSEMBLE

J.R.O.T.C.

The Matador campus has not been familiar with the JROTC program, nor has anyone realized how valuable they are to our campus. JROTC is a Junior Reserve Officers Training Corps program. It is a leadership program open to everyone. There weren't any requirements to be a part of this organization, but it did place great demand on people.

Many hours of practice went into the corps to make them a better unit. Appearance was also an important part of the program. The JROTC program teaches leadership, military skills and sciences, and it adds confidence and pride to its students.

JROTC also assisted in school activities such as Homecoming, sporting competitions, and aiding ASB with their projects. This year a service letter was passed for the JROTC and it was passed immediately.

The JROTC of 1985-86 deserves the entire school's thanks on a great job well done.

1. It takes great power and demand to have control over special units like this one.
2. Senior Marcos Sanchez shows great leadership and control over his unit.
3. The principal, Mr. Flood, takes great pride in being at the JROTC ceremonies.
4. These students wait patiently for their next command to be presented to them.

Journalism: El Trovador

The Mount Miguel newspaper staff kept busy producing nine issues of the El Trovador, all of which featured articles on important school issues, Matador sports highlights, and student/staff opinion. The 1985-86 issues of the El Trovador also introduced new columns such as "Featured Teacher" and "Student Corner".

Editor-in-Chief Tom Bland worked closely with advisor Mrs. June Mott and the page editors to meet copy and paste-up deadlines. The staff used tools of journalism to put together a quality paper.

Being on the El Trov staff is proving ground for a future in journalism. Mount Miguel's journalism class has produced reporters for the L.A. Times and broadcasters for radio stations.

The El Trovador staff also competed in the San Diego County Journalism Write-Offs in March.

1. Editor-in-Chief Tom Bland and advisor Mrs. Mott carefully critique a copy of the El Trovador.

2. Page editors and their assistants work diligently on paste-ups and lay-outs.

3. News editor Leslie Keesling and Business Asst. Connie Alesi discuss a newsbreaking story.

1. *Reflections* editor Karen Niemala works closely with a student during the production of their magazine.
2. Creative writing students look over and edit submitted copy.
3. As the *Reflections* staff advisor, Mrs. Mott uses her journalistic background to aid students.

The purpose of the creative writing class was two-fold: to encourage and develop student writing and to produce *Reflections* magazine. Members of the class try their hand at writing fillers for magazines, poetry, articles, short stories, T.V. and radio scripts, and novels. The follow-up is to try to sell what they've written to magazines. One student sold an article to Seventeen magazine for \$200.00.

The class selects its own section editors, sells ads, written copy, sets up selection criteria, designs a cover, selects what goes into the magazine, and learns how to lay out a book, using graphics, type, and art/photos. The final step is to market or sell the book to students and the public.

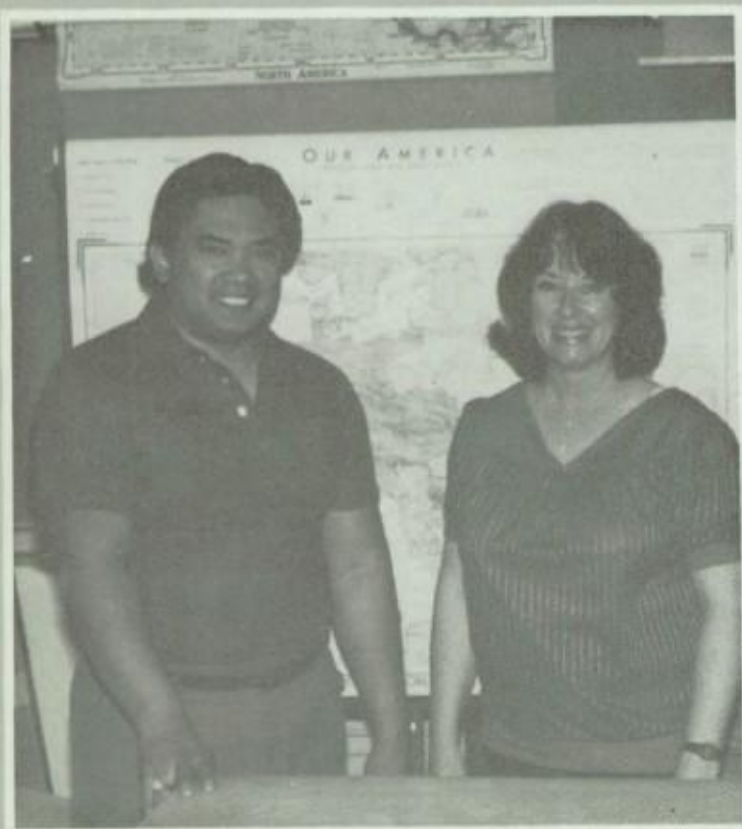

Mount Miguel students are also given the opportunity to submit their works for publication in *Reflections* magazine.

MULTI-CULTURAL CLUB

Approximately 90 students joined the Multi-Cultural club last September. It was perhaps the largest club in the school. The numerous students were attracted to the special activities the club holds every year. Last year's "swimming and dancing" potluck party and trip to Magic Mountain were topped by the Christmas San Diego harbor cruise and dance party aboard the beautifully decorated Marietta. A light dinner consisting of international foods was offered. Members of the faculty staff and students from the honors World History class were invited to the party. The club members enjoyed themselves and hoped that the cruise would become a traditional activity just like the annual May Bash Dance sponsored by the club.

The club held various fundraising activities such as candy and lumpia sales to help defray the cost of club activities like the cruise. For the first time since the club was founded, the club members attempted to roll more than 2,000 lumpias. The Multi-Cultural club also contributed \$500 towards the construction of a marble structure bearing our school's name.

I-Club

Have you ever heard of the International Club or the I-Club? Well, if you haven't, you missed a great opportunity. It was a club in which many of our own Mount Miguel students hosted several foreign exchange students from other countries such as Denmark, Switzerland, and Spain. The International Club tried to make these students feel more at home. AFS (American Field Service) students who attended other schools in the Grossmont District besides Mount Miguel paid a visit to our school. A potluck lunch was held by the I-Club for our international students. Meetings were generally held every other Thursday in Room 351.

All in all, the I-Club did a great job in the past school year and fulfilled its purpose to improve international relations between the U.S. and other foreign countries through the students. Each member benefitted from the I-Club and became a more social person as well as a great geography student!

I-Club *Front Row:* Jennifer Garde, Lourie Cabrera, Anacel U. Hidalgo, Hien Nguyen, Beverly Franklin, Louise Ann Moore, Elena Equivel. *Second Row:* Imke Bluemink, Lisa Vasquez, Cliff Londt, Chrissy Levi, Jackie Troxel, Alex Martinez, Ahamad Mesdaq.

These foreign exchange students from Japan (left) and Brazil (right) learned to "munch out" on American food!

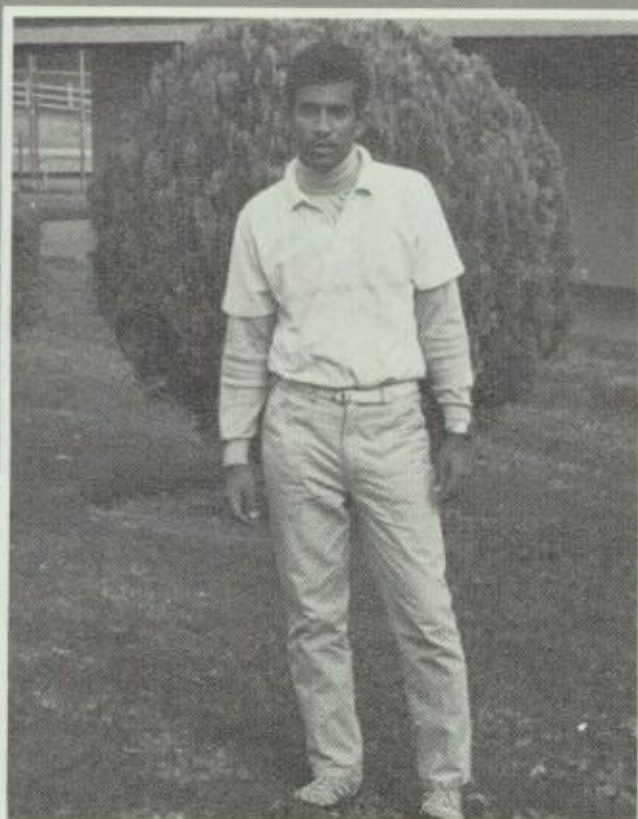

A potluck for our international students was a fantastic way to mingle with our Matadors.

This year at Mount Miguel was great. I met a lot of people who helped me to get used to this school and made this year easier for me. What I preferred was the after-school sports. Being on the tennis team and the soccer team was really a great experience. Thanks for this year to everyone in Mount Miguel and to my host family, the Butchers.

If I were to come back to Mount Miguel, it would be largely due to the fact that it has students of many races that makes it possible for me to get to know their respective cultural values and differences. Another aspect I like about Mt. Miguel is the very good teacher-student relationship which I think is greatly due to a fine group of teachers, support personnel and students.

Hi! My name is Nati and I am from Spain. I like Mt. Miguel, I am enjoying myself here a lot. The teachers are very nice and the people are friendly but the school was boring. I want to give my thanks to you for everything and especially to my host family the Pennell. I would like to come back because this year is being great.

I'm Ahmet Recuero from Panama, a really small country, and I'm in 12 grade. I'm 18 years old. I know many people here and many from other countries, too. I like the teachers here because they are very friendly. This is a good experience for me to be here because the Americans are different. I would like to learn English and to know more people. I would like to learn more about the Americans customs.

Coming to Mt. Miguel has been a great experience for me. It is a good way to meet different people and to learn about their culture. I like the school system in America, especially the opportunity that is given to us to choose the electives, which is different from Brazil. The school activities are fun and I really enjoy the club meetings. I will remember this year forever and I'd like to say thanks to my family, the Neumans, and to all of you Matadors.

I.S.S.L

Intensive Spanish as a Second Language is a program designed to produce bilingual students during a four year period. The first year is a regular spanish class. Then, in the following three years, the students take two classes, one spanish class and one required class taught in spanish.

The ISSL class of 1986, was the first group of students to complete the program. These students, under the instruction of Mr. Koch and Ms. Foncerada, worked hard these past four years to prove the program successful; and successful it was! The program received the Golden Bell Award from the California School Board Association.

In congratulations and celebration of the ISSL class of 1986, they took an eight day trip to Mexico during Spring break. It wasn't only fun, but a great opportunity to use their bilingual talents.

Spanish Club

Do you enjoy meeting new people and getting involved in group related activities? If you are interested in learning more about the Spanish culture you should have considered getting into the Spanish Club. To get in the club you didn't need to be able to speak Spanish fluently. However, you must be enrolled in a Spanish class.

The club held many fundraisers like car washes and candy sales. They used the money to go on special trips like to San Diego State University for a Mech presentation for minority students, to Old Town to eat at a Mexican restaurant and to Tijuana to see the bullfights. They used the left over money to help interested members to take the advanced placement test.

Mrs. Ruiz did an excellent job at advising a worthwhile club that was enjoyed by many.

1. German club members work hard to finish the gingerbread house in time to be raffled off.
2. The gingerbread house was kept in glass cabinet in the library until given away.

The German club was one of the smaller clubs on campus this year. The purpose of the club was to put a little German culture into Mount Miguel. Mrs. Hinck has been their advisor for four years, and tried very hard to make the club stand out above the others. They meet every other Wednesday to discuss club business. They had several fundraisers, such as car washes and bake sales. They sold buttons and t-shirts that said, "I love you," in German, Spanish, and French for Valentine's Day. With the money they received from the fundraisers, they went out to a German restaurant for dinner, and rented the German movie, "Das Boot."

Their club officers were president, Jason Scholl, vice-president, Peter Espinosa, secretary, Agnes Agnis, and council representative, Donna Brennan.

Human Relations

As a service club, Human Relations has exposed and helped many emotional problems that have grown in the community. From the fundraising candy sales came well organized workshops each semester.

The topics of these worthwhile workshops ranged from drunk driving to teenage emotional problems. The purpose of these workshops that the committee organized was to explain and to communicate how these certain problems came about and how one should cope with them.

The weeks spent preparing these emotional and spiritual workshops could have never been done without the helpful advice of Ms. Angela Chiuppi and the leadership of both Tom Bland and Michelle Kennedy. In the end, after all the time-consuming preparations for the workshops, the accomplished result was a memorable day for all who attended.

1. Driving drunk was one of the many topics covered in a workshop.

2. Ms. Chiuppi, the advisor, is the backbone of the Human Relations Committee.

Having fun while helping the school and community was one of the keys that made the S-Club a worthwhile organization. The raising of money needed to organize the many projects done this year was accomplished with a smile knowing many citizens would benefit from the fund raising projects. Fund raisers from carnation gram sales to car washes aided the club to help the community.

The many activities that the organization held ranged from carol singing to the old people's home, to passing out homemade cookies to those in need of comfort. These activities may have seemed small but the arrangements the club needed to make took many meetings to organize. All the club asked for in payment was a simple smile.

Sponsored by the Lemon Grove Soroptomists, S-Club continued to help the community and school.

MESA

The Mathematics, Engineering, Science Achievement was developed by a few concerned engineering, mathematics, and science professors at U.C. Berkeley. It was designed to give academic assistance to those students who express an interest in a math-related field and who are also from a minority group historically underrepresented in these professions. The program requires that one studies college-preparatory mathematics and English each year and offers support through tutoring and incentive awards to encourage one towards outstanding academic achievement. The program receives its funding from several sources: private foundations, industry, and the universities that sponsor MESA Centers. MESA has been noted for helping individuals reach the career and academic goals they have set for themselves.

The California Scholarship Federation is an organization whose purpose is to foster high standards of scholarship, service, and citizenship on the part of students of the senior high schools of California. Students in the second semester of the tenth grade, and in grades eleven and twelve of Mount Miguel High School who meet the requirements shall be eligible for semester membership. Associate members shall be second semester ninth graders and first semester tenth graders whose grades meet CSF requirements. The student must apply for membership during an enrollment period established by advisor William Hostetler which must occur during the first four weeks of the semester. Membership is for one semester only, but may be renewed another semester whenever the student again meets the requirements.

Speech Team

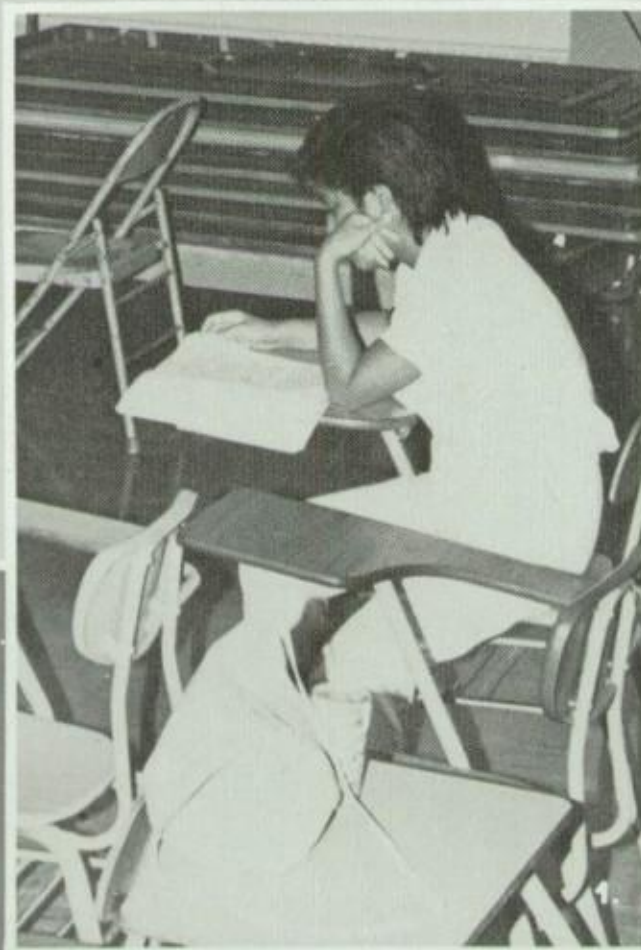

With forty-five members participating in the Speech Team, much was accomplished by the motivation of each person. Two-thirds of the team chose to get involved at the competitions held at San Diego State and Palomar College. Many came home with trophies at Palomar College; among them were: Missie Peoples, Jim Dickenson, Laura and Lynn Franey, Roselynn Hernandez, and Delfin Merlan. To be a member of the Speech Team, you must be willing to spend long hard hours to perfect a speech before any competitions. There were fifteen members who reached the advance level by their dedication. The numbers are expected to increase depending on the motivation.

Mrs. Goodwin, the advisor of the Speech Team enjoyed her job a great deal. What she liked most was working with students who were motivated with academic skills.

1. Instructing students, Mrs. Goodwin looks over speeches individually before a competition.
2. Preparing her speech, Joyce Patron looks over her work to perfect it.

1. Checking the scores, Mr. Malm and other contending advisors see how well their team did.
2. Competing individually, each member tries their best to help out the team.

Academic Decathlon *Front row:* Yvette Huezo, Ellen Grafstein, Katie Watson. *Back row:* John Scholl, Alvin Revilas, William Ferguson, Garrett Hamlin.

Nine members of the Academic Decathlon team competed in one competition this year. The members were divided into three groups based on their grades: three honors (A), three scholastic (B), and three varsity (C). The competition was held at SDSU and USCD. It involved two speeches, six written tests, an essay, and an interview. The members competed individually and the points were added up to determine the final score.

The team met everyday after school for one hour. They were advised by Mr. Malm who had been the advisor for three years. Assisting him was Mr. Fusselman. They both enjoyed working with these students. As noted by Mr. Malm, "It is a pleasure to work with talented students who are willing to put time in after school to prepare for these competitions."

Library /Media Club

The purpose of this club was to improve the services of the Library/Media program, support the program through work projects, publicity, and through donations not covered by the regular library/media budget, and to bring interest into its working.

All meetings were held every Tuesday during lunch in the periodical room. During the meetings, topics such as field trips, projects and/or display work parties, social events, and programs were discussed.

Sponsoring the canned food drives in November and December was a great success. Well over a thousand cans and \$50.00 were collected for distribution to families in need.

Mrs. Curtin became the advisor because "It's one thing I can contribute to making Mount Miguel a good school and the library/media program better." She has been the advisor since the Spring of '84.

Advisor: Mr. Wilson.

During break members go to Mr. Wilson's room to play against each other.

Chess is the most intriguing game ever invented. There are trillions of possibilities on every move. Every game has a different and interesting result. Research has shown that playing chess stimulates brain networks and improves the I.Q. level! It's a game for the young and old.

We took pride in being named the only official school chess club in the district. This club has been in its third year of existence.

All the clubs on this campus had a basic goal, but this club's goal was different from the rest. Their goal was to become members of the UNITED STATES CHESS FEDERATION. "This will definitely occur," said Mr. Wilson. The thirteen members met everyday during break. They continued to gain more knowledge of the game and learned new strategies under the direction of Mr. Wilson.

BULL PEN

Students needed enthusiasm to be in Bull Pen. The Bull Pen was there to cheer the teams. There were conflicts between members, but it was over because everyone wanted to be so involved. After the Bull Pen was organized, their enthusiasm grew with every game attended. At football games the Bull Pen was always filled with school spirit and energy. The members were identified by their red and black attire. Many of the members purchased Bull Pen sweatshirts as a symbol of their pride. This organization aided the cheerleaders when the endurance of the fans was low and even when the spirit was high. The Bull Pen was successfully managed by President Ami Gallegos and Vice President Lesa McElyea. This organization gave a great boost to the Matador teams.

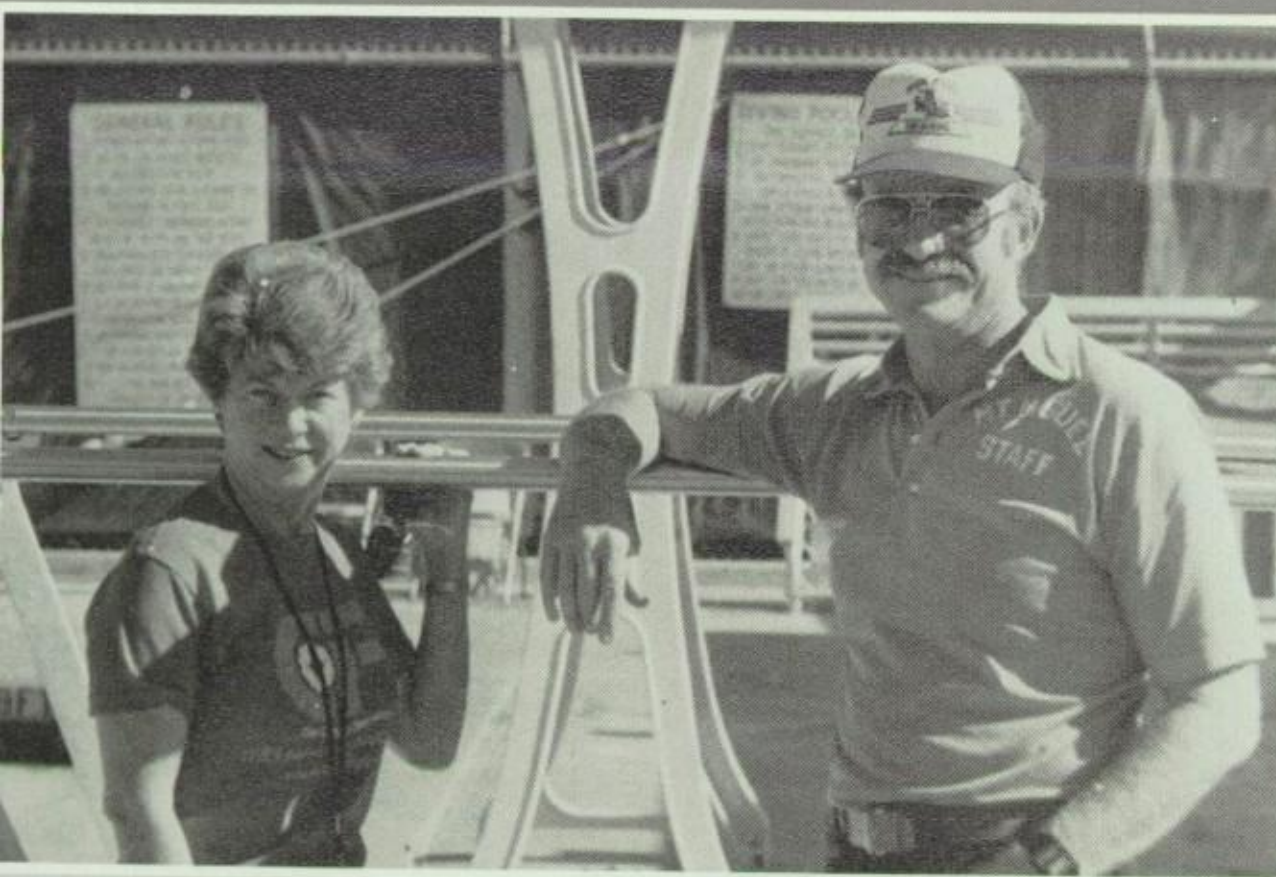

The Bull Pen's president was Ami Gallegos and the vice president was Lesa McElyea.

This was your spirited Bull Pen cheerfully waving their pom poms to support their matador teams.

To be a student leader, one must have strength and ability and be an excellent swimmer in order to demonstrate the proper skills to freshmen. One must also have acquired First Aid techniques to use in the case of an emergency and also to pass on the needed skills to other students. Coach Wadsworth and Coach Oates were the advisors for the student leaders. Both advisors went through training the student leaders, step by step with rigorous training and guidance. These students overcame many obstacles to become leaders. They joined this organization because it gave them the opportunity to work on their own swimming techniques, and to exercise their leadership abilities. Not only did this organization of student leaders teach people how to swim, they also learned a great deal themselves.

Disasters and special moments filled the world throughout the '85-'86 year. During the summer, concerts like Live Aid were held to help feed the hungry people of Africa. Several popular groups and singers volunteered their time and performed for thousands of people.

In sports, Cincinnati Reds' Pete Rose broke Ty Cobb's 4,192 record for most hits. In football, Chicago Bears' William Perry became known as the "Refrigerator" for being the biggest player ever to play in professional football.

Locally, San Diego Mayor Roger Hedgecock was found guilty of accepting illegal campaign contributions from the corrupt J. David Dominelli.

Tragically, on January 28, 1986, seven brave astronauts died on the scene when the shuttle, Challenger 7, suddenly exploded shortly after lift-off. The seven astronauts will go down in history as heroes who "dared to break the bonds of Earth."

Furthermore, the Statue of Liberty, the symbol of American democracy and a beacon of refuge of immigrants from all over the world celebrated her 100th birthday in 1986.

Potpourri

There were so many special events that took place during this past school year. Events that were all a part of high school, and unfortunately, we don't always remember all of these special times. For this reason, the yearbook has reserved this page for a "potpourri" of memories. Many seniors of the Honors World History class had the opportunity to visit one of California's greatest treasures, Hearst Castle. Air bands were held at night for the first time, adding a sound system, fog machine, and special lighting effects. Another first which took place this year was the Mark Wenzel Assembly. Who could forget that face! Who could ever forget our never-ending battle with the seagulls and our dirty campus. Many prizes were won by student candy sellers in our annual schoolwide sale. There were few participants in senior nerd day but there were classics! So many memories

Rosier,
Hello! What's up?
Finally, summer is here!!
Aren't you glad that we're going
to be juniors? Have a had
summer and stay cool and
sweet. Don't ever change!
Good luck in the future!
Keep reaching for the stars.
I hope that we'll see each
other again next year so we
can hang around together
with Michelle. Well, have
fun and don't party too
hardy. Take care of yourself!
I know that we don't really
know each other that much
but the best thing is that

we are friends

Always And Forever

Feb. 1 marked a very special evening for many couples as they enjoyed the romance of Mt. Miguel's Sweetheart's Ball. This annual event drew excitement to the campus weeks before the actual date. Bids went on sale Jan. 15, and were sold out the next day. Extra seating was added to accommodate the first 25 couples reserved on a long waiting list.

Sponsored by the cheerleaders, the Sweetheart's Ball took place in the Olympus Room of the Atlantis Restaurant. From 8:00 p.m. to 12:00 a.m. couples arrived, took pictures, snacked, and danced. Music was provided by Phantasy, who set the atmosphere of the theme "Always and Forever."

Excitement was added to with the announcement of the Sweetheart's Ball winners. The nominated court recognized students in each class for school service.

At midnight a shower of balloons was released to end this night of romance.

Court 1985-86

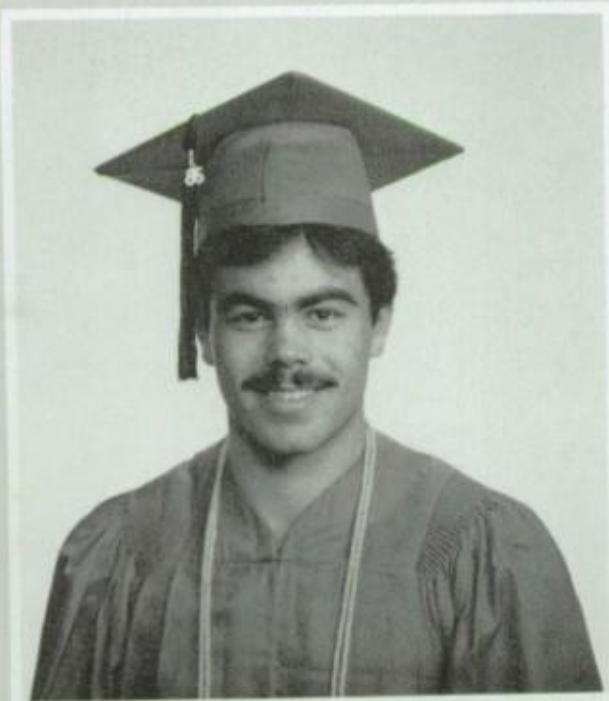

1. Crowned court: Queen Athena Panos, King Morgan Welch, Princess Rochelle Walte, Prince Raul Ramirez, Duchess Sherri Cones, Duke Kevin Jones, Lady Kelly Worster, Lord Randy Wain.
2. The romantic atmosphere set the perfect mood for couples as they dance all night.
3. King and Queen Morgan Welch and Athena Panos share a moment together in a slow dance.
4. Charlie Ray and Carla Custodio take time out from dancing to relax and enjoy the setting.
5. Students help themselves to chocolate-covered strawberries, egg rolls, and other finger foods.

The Key To Success

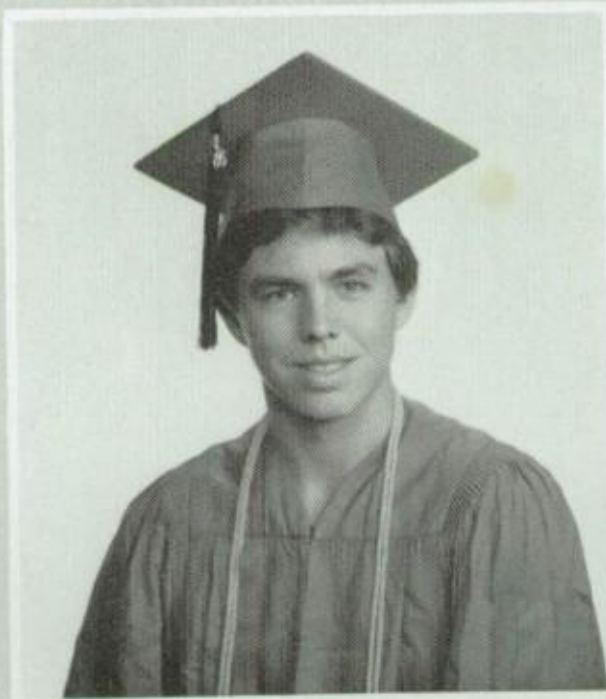

Valedictorian Julie Eugenio

Obtaining a good education has always been a top priority in my life, yet in high school, I also found the opportunity to discover and develop my talents and abilities. There was also the need to experience friendships, relationships, independence and job responsibilities. At times, my interests conflicted, yet they were too important for me to sacrifice. There were occasions when I had to give up much of my free time and hours of sleep. I can remember falling asleep on my books only to wake up at three in the morning in order to finish an assignment. I often asked myself, "Is all this really worth it?" Now, after obtaining my goal of valedictorian, I realize how much those hours of hard work and sacrifice have paid off. It's an honor that I'll cherish for the rest of my life. I'll never forget that moment when Ms. Burroughs read off my grade, "Julie E., 'A'-." Tears filled my eyes as I realized that I had done it. I grabbed Kecia's hand, and we screamed together.

I'd like to take this opportunity to thank all of my teachers for sharing their knowledge with me and allowing me to experience the joys of learning and achievement. I wish to also thank my family and friends for their love and support and special thanks to my Honors English class for their friendly competition and confidence in me. "I did it you guys. I did it!"

Salutatorian Florence White

School is one of the best experiences of life. Learning takes place not only in the classrooms but also in the quad, in the halls, and on the school lawns. In the places an invaluable education takes place, it is an education that includes learning how to act and growing up. Being salutatorian in a class of over 400 students is not easy. It takes a lot of work, and there is quite a bit of pressure. However, the rewards gleaned are enough to make the work and pressure worthwhile. I will never lose the education I received here at Mt. Miguel. I feel that the most important thing I learned is "never give up," even when the situation seems hopeless. I would like to thank everyone at Mt. Miguel for the education they gave me, and to my family and friends who were with me through my highs and lows.

Mom and Dad thanks for all the support and love you both gave me. Without it I wouldn't have made it through high school. Melissa- Mel, Sis, Lis. I finally made it through high school. Thought I'd never do it, huh? You were not only my sister but my "best buddy". You helped me through a lot and I love you for that. Boy, did we go through the "intense probs". I'll always remember "there's a party at ..." and "can I have some money?" THANKS!! Darice- I'm so glad that we've been friends for this long time. When I needed a friend you were there for me and I'll never forget it! Remember that day we ditched because of a certain class! You're such a devil! Michele- You gump! Thought I'd forget you? But no! For a gump, you're pretty cool. Remember the lumpias? I sure do! In fact, it'll haunt me whenever I eat one. Don't forget, when you're rich and famous it's all because of moi! Luv ya! Ellen, Lani, Natalie, Jocelynn, Deanna- Prom date? Prom date? Except for Lani. We got through Sweetheart's! (Boy was that a hassle) I'm glad that we are all together to the end. You're all great pals and I luv ya!!! Sherrie- Hi sweetie! You're such a terrific friend! I'll always remember tennis- consistency - we made a great doubles tennis team! Now that you know how to make lumpias, you can come over to my house and help me! Luv ya! Anthony- Thanks for everything! Myra- Where do I start? Talk about going through a lot. It all began in the 9th grade. Then, gradually it started with B.C. 10th and 11th grade comes and goes. Wow! Senior Year! Remember "go for it" and "anything can happen in just little time"? Well, it's true. You can't say that second semester was dull. We had wild fantasies, great times and of course heartbreaks! I'll always remember R.S. and C.B. Even though things didn't work out, I think it's for the best. Remember the tears, probs, and phone talks? (u talk 2 much). UCSD, SDSU and S.W. dances, "L.A. Dream Team" and "Peter the Great". Peter- Innocence?! "If only you knew"! Myra, don't squeez the "charmin" because I will!!! "Insatiable Women" my body's yours! You know the rest Myra. Well it's time to close so I'll just say remember, remember". Luv ya! To the class of '86- GO FOR IT! See you at the reunion!

Dearest Ap: 1st, I'd like to remind you, "WE ARE OUT OF HERE!!!" 2ndly, I'd like to say, "UCSD AND FIDM, HERE WE COME!!!" Wow! We're Seniors & I still can't believe it. Member the other 3 yrs? We hated ea. other. But in our Senior yr, a time when we definitely needed ea. other's company most, we became Bestest Buds! Our friendship has proved the theory-opposites attract. Tall & short, different & conservative, short & long hair, 91 X & 92.5, medicine & fashion designing. But we do share something important 2us both-our expensive taste and our goal in reaching a rich & successful height in life. Y'know, I'll never forget any of the good, bad, funny, or serious X's we experienced 2gether ("Stronger 2gether ...")! Hey, 'member when we hugged ea. other after finding out that we were to be the 85-86 Varsity Cheerleaders?! Yah!! Woo!! Alright!! But oh yuk-we had to go to summer cheerpractice in order to 'Take the Lead' @ cheercamp. Oh gawd-Gina & April vs cheer squad ("Rebel's Yell") Uhoh! Latenite packing for camp & San Fran (no Zzzz's). In S.F. & the Celica Supra, Gi 'says, "Let's go 100 MPH!!" Ap' says, "Noway!!!" Umm ... Wait 1 min! I forgot something- summerschool @ Gross. Collegel! Ap', "Wow! Look at that guy!" Gi', "Naw, he's conceited," Ap', "His name's Frank!" Gi', "So what?" Later Gi' meets Frank & they go out-Mt. Helix & 300 ZX-ooohhala-Sweet 's too! Then Gi', "I'm so jazzed!! He's so awesome!!" ("My Heart Goes Bang Bang ...") Little did I know ... Anyway, getting back to cheer ... Here @ the FB games ("Object of My Desire")! Go #77! GO JOHN! Oh no-the flying football-Bye Ap'! Walking around PB in FB uni's-We R bad. And, 'member gumpin' out? How 'bout when you discovered how crazy I was?! Burp! Me-excused. "The Blue Monster & Mouse" U Ragump-fag! Hey Mama Jama!

What a Fago Dragol But we weren't alwys GOOD girls, were we? There was a temptation in being BAD-Our spontaneous beach trips on school days, senioritis, "forgetting" the WH final, late 100X's to 1st (sorry "dad & mom"), our 1stfight(McD's), ruiningourcars(HiJohn!), and most of all our mean&funny cut-downs-what a terrible2some!Now,let's reminisce over our special moments. The MOST Memorable: 1986 SWEET 'S BALL. GOLD & BLACK were our colors. Frank & John were our dates. Our gold sparkled in the black nite that F & J made so unforgettable. Before Ball-tired (S.S. Trip), late, hectic. After Ball-Sunset Cliffs w/huge, crashing waves. Wk slater, "Now I know April ... "Tears & Anger followed ("If You Leave, Don't Look Back ...") Yes, I'll remember all (good or bad). Oh! How 'bout our FuddruckerX's? Cheese French Fries-Mmm! The Color Purple & Pink (Pretty in Pink) were our fav colors 4 a time-I Blaynel Getting my haircut-only a true friend would sit 3 hrs! The Prom-also memorable-Pretty in White! Yes, it was G & Ap's yr: Elegance in Excellence 4 the awesome 2 some! YOU made my 85-86yr survivable! We've had memories of the past, now let's make memories 4 the future ("Baby, Life's What U Make It")! Remember Ap'-I LOVE YOU & U R THE 'SPECIALEST'!! LOVE, GIGI
A MESSEGE 2 THE OTHER 'SPECIALS' OF MY LIFE: Anabundantamt. of gratitude 2 my mom & my sis '4 making me I We'll wait 4 him @ HOMECOMING, Leah! Tam 'I know U R alive! Jon U've got a friend! Thanx 4 being there Rach! Nat & Kel-glad we R still frenz! Ron I Luv U! Thanx Frank! I LOVE U ALL & THANX 4 THE SPECIAL MEMORIES ... sob-sob ...

Dearest Gi-Gi:

Welp "Blue Monster" we are finally at the end of our senior year! Hey moms we did it! Our journey towards success has just begun ... and let me just say, I would not have made it w/out you. All the moments we've shared especially the "out-of-wack" ones will never be forgotten ... The beginning is certainly something to remember; cheer try-outs, the practices eek!, and the time we decided to "Take the Lead!", hee hee! The times we hit the alarm and never woke-up, oops ... sorry Mr. C. Our journey to S.F. was definately a brake, wheww-our plane ride, Leroy's lips, Hap. B/Day Gil. Stop Joey your going to fast! Cheer camp, Gi fell down-ouch! Gag me when I got off the plane! "The object of My Desire", staring at #77, the fast food joints become our 2nd home, doing the same jump, 3 in a row! Shaking our ... at Football Games! Going into the store and laughing for no apparent reason, the special talks we shared just you and me, boo hoo! The men in our lives, trick what men?! Did you say boys! The H.C. Trip, gosh Mrs. E. why me! I'm so tired, oh does my hair look ok, our revealing gold dresses, the glitter, 1lb of hairspray, S-HEXY! Oh my Gawd their here, Mr. A's dinner, 3hrs late, making heads turn, and then afterwards, I know he's a jerk, so is ... Your an "Unsatiated Women" and I'm "Diana", now "Who's Zoomin' who" and "How Will I Know", or should I say why did it happen to us "All At Once." Like I said I'll always remember the smiles, tears, and the thought of Gi and Ap ... Bestest Buds at the end, it was meant to be. Look out UCSD and FIDM here we come to start our journey towards success! Gi, don't 4-get to share

I LOVE YOU
APRIL

P.S. I'd especially like to THANK some very special people in my life: Dad and Mom THANKS for the patience, the \$, and for giving me a chance to grow, Jon and Jo your the "sparks" of my life, Rick please remember-I LOVE YOU!, KAS I still care and if you need help shopping-just call, LG sorry things wrked/out like this, JUT your patience and virtue are as special as you are and most of all Steve let's keep our promise. YK!OML 4-ever! Goodluck Class of '86 keep reaching for those dreams, Good-Bye MMHS!

April V. Caballa

We finally made it! Now its off to bigger & better things! Thanx Kelly-Racnat for all the memories & craziness I Kelly how could I 4get 7-4-84 w/all the men midnite swim coming home late! And lets try the garage door trick again (Ron) or the Plaza Bonita Frenzy-come on hesreal cute (HA HA) Rach-San Simeon was great-Lisa & Karen couldn't be funner roomies-keep Lisa off those coffee tables! The beach at 4:30 AM-better yet-Kecia & the pizza man Shawn (some day we'll get ya back Rick & John)-& the night back-Thanx Bruce & Doug (F just fell) & Wayne-Remember I'll never leave ya! Nat- let's 4get Mc's-what a joke! Claire-we've had so many fun x's-oh my god a dead sheep-w/Freddie & I laughing on the ground-the N.C. party w/Noots-the ugly mex (I'm married) Claire in the sunroof (Honk! Honk!) HC 84 hugging everyone-The foot! The foot!-Sorry Larry everyone has a big mouth-don't spit any beer-looking forward to summer m&Gia-Monique-Claire-s freakin again-Robins party-no fighting-this is my friend Claral Let's go skiing-I can't get up-our first dates w/J & R-stop fighting-now Monique, no throwing chairs! All the good x's & the bad-but worth it-1-4-85-poker games til 4:00 A.M. Kris-Stratazoid-hide my tapes-Mr. Boring-Are you two sisters?-I want leave ya at Jacks til 1:30 (Ernie) Dis-guess! Gina-looking 4ward to Hawaii-UCSD here we come-ill keep my side clean (maybe)-the paper plate queen-J.T. thinks were wierd (burp) the little cutie-3yrs to go- Freddy M- mountains-lets spin out-no Kris-no heels in the snow! John A & Willie-Sweethearts 84 & Grad 84-Willie-yes the lights are pretty-I wont take my shoes off in TJ next time! Ron K-sorry I always beat you up but I still luv ya little bro-Adel-thanz for always listening & writing back! Youve put up w/me. Sorry bout Grad 85-goin-away party in TJ- see ya in Aug! Paul-Willy-Rico-Studio 9 (head games) & Mickeys Big Mouth-sorry for crudeness-Paul at Stratus-is that a guy or a girl-the church (gulp) TJ- Carolyns party-Fun 's!!! Thanx everyone for all the good times with many more to come! I luv ya, I luv ya all, but its time to go!!!!

Leah Northing

Here we are in our Senior year with so many great memories and experiences! Kelly! you're the best friend that someone could have! I love ya Kell La Mesa Springs Motel was too funny. Shh!! You're making too much noise! Remember when we called A.A.'s brother! You can ride in my Volvo ... And that crazy night when you had to go potty in the —!! Crazy pictures too. We've shared a lot ... (HA-HA) You're not fat okay! Don't get mad at me. Don't belong to the dreaded "V" Club! Rach! I can't find it! You better get along with your favorite teacher and don't stay in the Nurse's Office too long. Eating Pizza was real and it was fun, but it definately was not real fun! Rach! He's ugly! Tijuana Tilly's ... And lot's more!! Leah! Your are too funny when you've had too much milk to drink. I have proof: I've seen pictures. You can make such crazy faces. You've been fun to be with all through the years of our wonderful English classes. (HA-HA) san Simeon was great! Lisa attacking B.M. and B.M. was outrageous! Keep her away from coffee tables. And keep Kecia away from pizza boys ... Sean!

Nat! I'm glad we got to know each other better this year! You are really fun to be with. Sorry we don't have more memories to share. Taking our pictures was so funny, with everyone going from place to place. We must have walked all around the school. Hope you have a great year in college! Good Luck!

Gina! I think you're a great friend. Good Luck with the guys at UCSD!! Don't do anything I wouldn't do ... Remember all the crazy times during 10th grade ... And summer too!

Your friend, Rachael

Rachael

EDITOR'S FAREWELL . . .

GO FOR IT!

Well, what did you think? Pretty darn good yearbook, huh? It ought to be, afterall, this book is the result of many hours of work, patience, frustration, insanity and most of all, sheer fun! This staff began working on the yearbook in mid-August. A lot of learning and planning took place in those early stages. Hardly anyone truly realizes just what an accomplishment putting this book together really is. It's hard to imagine that just months ago, this yearbook just started off as an assortment of ideas and thoughts. These thoughts and ideas were organized, pages assigned, layouts drawn, pictures taken, copy written . . . and step by step, page by page, a book was created before our very eyes. And now we see the final product, and what an awesome achievement this book is!

This year, I wanted the book to be different. I wanted it to be original and break the norms. And to do this, I couldn't just have had a "normal" staff (and what an "abnormal" staff you were! Just kidding. I'll be serious.) I must admit that I wasn't able to dedicate as much time to the book as I would have liked to, but thanks to such an excellent staff, I was able to accomplish a great deal. Thank you Myra and Ami for putting in some of those hours that I wasn't able to. I couldn't have made it without you! Rochelle, thanks for the terrific job you did this year, and to think, we used to be the new kids on the block! Carol and Frances, you guys were great. Of course I knew you would be. You know Lani, I think putting you on the staff was one of the best decisions I made all year! Kecia, my pal, you know you were more than just a "page editor" to me. *Thanks for everything!* To Deanna, the "veteran" of the group, you truly were someone that I could count on this year. Joel, you ask too many questions, but I know it's only because you want to do your best. Shut up James! (Ha, Ha!) Thanks for your cooperation and the great work! And to the rest of the gang: Missie, Robin, Shawna, Joe, Juan, Jackie, Leslie, Amy, Laurie, Jennifer G., Mirasol, Sahlee, Anacel, Jennifer K., Julie W., and Karen; thanks for putting up with my moods- both good and bad and my insanity. You guys are the best! Thank you John and Chuck for the great pictures! I'd like to thank John Thomas, the Josten's rep., for giving me the courage to use my creativity. And last but not least, Mr. White, thank you for all your support, your creativity, your madness, and your "sense of humor." You've been such an influence in my life, and I can't tell you how much you've helped me to grow. Good luck to the '87 Mil Memorias staff. I'll be seeing ya . . . oh don't forget! GO FOR IT!

Rosalie,
It's been nice having you
in my 3rd period. You have been
a great friend. You are a real sweet
person stay that way. Good luck in everything
you do. Good luck next year in the 11th grade.
your friend always,
Stacy

Rosalie, well, the year is finally
over. Can you believe it? I
haven't talk to you that much, but
you are a very nice person and
have a peppy attitude! Have a
great summer & I'll see you
next year. Franz Judie Cresencia

Rosalie,
Well another year is
over. I'm glad I met ya and I hope
we stay friends forever. I hope you
and that couple will stay together and I mean
forever. Good luck next year!!
Ba-bye!!

Dearest Rose,

Hey!! We made it through another year of high school!! Next year we'll be Jr.s and we'll be having the coolest times. Did you know this is the first full school year we've spent together since since fifth grade?? Well, I'm really happy you're here cuz we've spent some of the trippiest times together. Remember last summer?? Gosh, we had a lot of fun. I hope this summer is as good or maybe better than the last. We'll be sixteen this summer and we'll be able to drive all by ourselves. (YEA)

Hope this year was a good one for you with cheer and everything. It went by fast, huh?? All that work!! Well, at least I always had a lot of work, but still I had a fun year especially with Mr. Erwin Simon around. Thanx for introducing me to him. I never thought anything would happen, but you never know, huh?? Maybe you and whoever? will get together this summer. Don't you wonder who that will be.... hmmm someone with a great body ^{whoops} ~~body~~ and fine looks and a good and luscious kisser!! I hope you find that special someone and that you guys will be happy forever.

Thanx for being such a wonderful person and friend to me. I know that in the future we'll have thousands of more trippy times. Remember in your room that time we were crying?? Over guys, of course. Gosh, I'll never forget that time. Remember when we walked all the way to G & E's house?? Wow!! I never walked that far before!! Two whole hours in what would've been 15 minutes by car. Well, at least you didn't get in trouble when you got home.

Well, stay sweet and adorable because I love ya. —
Take care always, K??

Your very, very, very best friend,
Sally Turla — ♡ (ALWAYS)

ROSALIE RAMOS '85-'86

Hi babes, well this year is almost over. I'm really glad that I met you, and thank you for the help in cheer it really helped me out. You were a great cheerleader so you better try out next year Rose!!! But anyways I'm glad we had a class together. Even if we didn't talk that I still feel we are friends. I have a fun, exciting, summer vacation. Take care & God Bless you. Just think what are going to be take over your friend always

Rosalie,
Hi what's up? I'm very glad we got to be friends this year. I have enjoyed being in the same Biology class and last semester in dance. You're really a very nice person and I hope you take care of yourself. I have a totally rad summer!!
Best wishes n' Luck. Your friend Always
KIT (697-8321) I might not be here next year
